**City of Cayce  
Regular Council Meeting  
Tuesday, November 1, 2022**

The November Regular Council Meeting was held this evening at 6:00 p.m. in Council Chambers. Those present included Mayor Elise Partin, Mayor Pro Tem James Jenkins and Council Members Phil Carter, Tim James and Hunter Sox. City Manager Tracy Hegler, Deputy City Manager Jim Crosland, Assistant City Manager Michael Conley, Municipal Clerk Mendy Corder, Finance Director Kelly McMullen, Police Chief Chris Cowan, Fire Chief Steven Bullard, IT Director Jamie Beckham and City Attorney Danny Crowe were also in attendance.

Mayor Partin asked if members of the press and the public were duly notified of the meeting in accordance with the FOIA. Ms. Corder confirmed they were notified.

### **Call to Order**

Mayor Partin called the meeting to order and Council Member Carter gave the invocation. Mayor Partin led the assembly in the Pledge of Allegiance.

### **Approval of Minutes**

Mayor Pro Tem Jenkins made a motion to approve the October 4, 2022 and October 19, 2022 Regular Council Meeting minutes as written. Council Member Carter seconded the motion which was unanimously approved by roll call vote.

### **Public Comment Regarding Items on the Agenda**

No one signed up for Public Comment.

### **Presentations**

- A. Presentation of the City of Cayce FY 2020-2021 Comprehensive Annual Financial Report by Mauldin & Jenkins, CPA

This item was rescheduled to the November 16, 2022, Regular Council Meeting due to the presenter being ill.

### **Ordinances**

- A. Discussion and Approval of Ordinance 2022-14 Amending the Zoning Map and Rezoning Properties Located at 2216 Taylor Road (TMS#005759-07-030), a portion (approximately .047 acres) of 2218 Taylor Road (TMS#005759-07-003 (P)) and 2220 Taylor Road (TMS#005759-07-004) from C-2 to RS-3 – First Reading

Ms. Hegler stated that this item was before Council a few weeks prior but staff requested a deferral so they could meet with the applicant again and discuss some other options with her. She stated that the request was for three (3) properties located on Taylor Road near the Frink Street intersection. She stated that the applicant wished to rezone two (2) of the existing parcels to residential and subdivide the third parcel so a portion of it would then be rezoned to residential and the rest remain commercial. She stated that all the properties were currently commercially zoned which was in compliance with the City's future land use map and the updated Comprehensive Plan. Ms. Hegler stated that the Planning Commission did support the rezoning; however, in looking at the way the property was to be subdivided and as mentioned at the last Council Meeting, staff noted that the proposed rezoning would create a situation where commercially zoned property would be situated behind a residential zone. Ms. Hegler stated that was a conflict in zoning therefore staff met with the applicant. She stated that staff met with the applicant a couple of times and the conversations were positive. She stated they were not able to resolve the issue the way the applicant had hoped to. She stated that the Planning Commission's recommendation was unanimously to vote in favor of the zoning request simply based on the City's Comprehensive Plan. She stated that however, as staff had noted, the zoning request would create a bit of a conflict because of the way the properties would be subdivided.

Council Member Carter made a motion to deny amending the zoning map. Council Member James seconded the motion. Council Member Carter stated that he appreciated the lengths staff and the applicant went through to come to a resolution. He stated that he thought in time a workable solution that would satisfy the applicant and the City could be achieved. Mayor Partin called the question which was unanimously approved by roll call vote.

#### B. Discussion and Approval of Ordinance 2022-16 Amending Sections 10-31 of the Cayce City Code Relating to Technical Codes – First Reading

Ms. Hegler stated that the amendments to the technical codes Ordinance was merely a formality the City was required to do when the technical codes were updated. She stated that the State formally adopts building codes for new construction related to technical codes when changes are needed and it was mandatory that all municipalities and counties enforce these codes, and the City currently operated under the previously adopted building codes. She stated the new technical codes would be effective January 1, 2023. She stated that no revisions or modifications were permitted to the codes without prior approval of the South Carolina Building Codes Council. Ms. Hegler stated that due to this mandate, the City needed to adopt the new versions of the codes by reference through an Ordinance. She stated that staff recommended that Council approve first reading of an Ordinance amending the City of Cayce Code of Ordinances to adopt the technical codes as listed in the Ordinance. She stated that the City's Building Official would be attending some courses and conferences in the coming

weeks to learn what had changed, but his initial assessment was there were not any major changes that staff and Council needed to be made aware of.

Council Member James made a motion to approve Ordinance 2022-16 on First Reading. Council Member Sox seconded the motion which was unanimously approved by roll call vote.

### **Items for Discussion and Possible Approval**

#### **A. Discussion and Approval to Award a Contract for Survey of Historic African American Cemeteries Request for Proposals (RFP)**

Ms. Hegler stated that she was excited to announce that the City received an award from the South Carolina Department of Archives and History for a federal historic preservation grant. She stated that the purpose of the grant was to fund a survey of historic African American cemeteries in the City of Cayce. She stated that the grant required a 50% match from the City with a maximum grant match of \$15,000. She stated that the information to be provided from the vendor included GIS mapping data of the recorded cemeteries, recommendations for cemeteries eligible to be listed on the National Register of Historic Places, and recommendations for raising awareness and preservation of those sites. She stated that a staff evaluation team was put together and consisted of three (3) staff members as well as one (1) member from the City's Museum's African American Committee.

Ms. Hegler stated that the City received 10 responses for the work and after review of the proposals and a team discussion, the evaluation team recommended to enter into an agreement with one firm, Cardno, now Stantec, as they were found to be the most responsive, responsible responder. She stated that the cost of the project would not exceed the \$30,000 in approved grant funding, and the City's \$15,000 match was proposed to be paid from hospitality tax.

Council Member James made a motion to give approval to the City Manager to negotiate and enter into an agreement with Cardno, now Stantec, to provide a historical survey with the City's African American cemeteries in a not to exceed amount of \$30,000 dollars with the City's match of \$15,000 being paid from hospitality tax. Council Member Sox seconded the motion which was unanimously approved by roll call vote.

#### **B. Discussion and Approval to Award a Contract for Vehicle Global Positioning (GPS) and Maintenance Tracker Request for Proposals (RFP)**

Ms. Hegler stated that in the FY 22/23 budget, Council included \$30,000 from ARPA funding to be used for the one-time purchase or one year purchase of the GPS and maintenance trackers with software for all of the City's fleet. She stated that the trackers were small devices that plug into the vehicle's diagnostic port and would

provide up to the second location, speed, braking, harsh events, collisions, as well as maintenance issues to help the City track those. She stated that the City would have to enter into a three-year contract with the option to extend two (2) additional years.

Ms. Hegler stated that an evaluation team was selected from City staff and consisted of four (4) team members. She stated that the City received 11 responses from firms that do this type of work and after review of the proposals and a team discussion, the RFP evaluation team recommended to enter into an agreement with one (1) firm, Samsara, as they were found to be the most responsive, responsible responder. She stated that the first year of cost including installation would not exceed the \$30,000 that Council approved with ARPA allocations and funding for all subsequent years would be included in the respective annual budgets and split accordingly between utilities and general fund.

Mayor Pro Tem Jenkins made a motion to give approval to the City Manager to negotiate and enter into an agreement with Samsara to provide the vehicle trackers and software for the City fleet. Council Member Sox seconded the motion which was unanimously approved by roll call vote.

### **Committee Matters**

- A. Approval to Enter the following Committee approved Minutes into the City's Record  
Cayce Housing Authority – August 16, 2022  
Museum Commission – September 7, 2022

Council Member Sox made a motion to accept the Committee approved minutes into the record. Council Member Carter seconded the motion which was unanimously approved by roll call vote.

### **City Manager's Report**

Ms. Hegler stated that staff was gearing up for Christmas in Cayce events. She stated that December 1 was the Christmas drive thru. She stated that the drive thru started during COVID and had been a great success ever since. She stated that the Carols Along the Riverwalk event was December 2 from 6pm to 8pm at the Naples Street entrance to the Cayce Riverwalk and the Christmas Traditions Holiday Open House at the Cayce Historical Museum was on December 3 from 6pm to 9pm. Ms. Hegler stated that staff had submitted two (2) very important applications to the State over the last two (2) months for the Avenue Stormwater Improvement Plan. One (1) application was to the Rural Infrastructure Authority and one (1) was to the South Carolina Office of Resiliency. She stated that American Engineering did the study for the City and really helped with the applications. She stated that staff was optimistic

that the City would be awarded one (1) or both grants. She stated that they were very strong applications and staff was very proud of that work. She stated that she was super proud to announce that the City's ISO rating just dropped from a three (3) to a two (2). Council Member James stated that was a huge deal. Ms. Hegler stated that it was a huge deal for the City's residents and it met one (1) of the new Fire Department's goals so kudos to them for doing that in a year. She stated that the City's residents would be pleased when they see a reduction in their property insurance fees. Ms. Hegler stated that the City's Comprehensive Plan received the Small Urban Planning Award from the South Carolina American Planning Association and Ms. Ocean and Mr. Conley were asked to speak at the Association's upcoming conference in Hilton Head.

### **Council Comments**

Council Member James stated that to achieve a lower ISO rating, equipment and water pressure had to be taken into consideration as well as staff and the great training they received. He stated that to receive an ISO two rating in the state of South Carolina, the department had to be exceptional. He thanked Chief Bullard and his staff for everything they did to achieve the rating. He thanked Ms. Hegler, City staff and American Engineering for their months of preparation in applying for grant funding.

### **Executive Session**

- A. Receipt of legal advice relating to claims and potential claims by and against the City and other matters covered by the attorney-client privilege
- B. Personnel Matter – City Manager's annual evaluation and salary review

Mayor Pro Tem Jenkins made a motion to enter into Executive Session. Council Member James seconded the motion which was unanimously approved by roll call vote.

### **Reconvene**

After the Executive Session was concluded, Council Member James made a motion to reconvene the Regular meeting. Council Member Carter seconded the motion which was unanimously approved by roll call vote. Mayor Partin announced that no vote was taken in Executive Session other than to adjourn and resume the Regular meeting.

### **Possible actions by Council in follow up to Executive Session**

Council Member James made a motion to adjust the City Manager's compensation package as discussed in Executive Session. Mayor Pro Tem Jenkins seconded the motion which was unanimously approved by roll call vote.

## **Adjourn**

Council Member James made a motion to adjourn the meeting. Mayor Pro Tem Jenkins seconded the motion which was unanimously approved by roll call vote. There being no further business, the meeting adjourned at 8:19 p.m.

**City of Cayce  
Regular Council Meeting  
Wednesday, November 16, 2022**

The November Regular Council Meeting was held this evening at 6:00 p.m. in Council Chambers. Those present included Mayor Elise Partin, Mayor Pro Tem James Jenkins and Council Members Phil Carter, Tim James and Hunter Sox. City Manager Tracy Hegler, Deputy City Manager Jim Crosland, Assistant City Manager Michael Conley, Municipal Clerk Mendy Corder, Finance Director Kelly McMullen, Human Resources Director Lynn Dooley, Police Chief Chris Cowan, Fire Chief Steven Bullard, IT Director Jamie Beckham and City Attorney Danny Crowe were also in attendance.

Mayor Partin asked if members of the press and the public were duly notified of the meeting in accordance with the FOIA. Ms. Corder confirmed they were notified.

**Call to Order**

Mayor Partin called the meeting to order and Council Member James gave the invocation. Mayor Partin led the assembly in the Pledge of Allegiance.

**Public Comment Regarding Items on the Agenda**

No one signed up for Public Comment.

**Presentations**

- A. Presentation of the Lake Murry Country Capital City 2022 Regional Television Ad by Ms. Miriam Atria

Ms. Atria stated that she distributed the 2021 Lake Murray Country Capital City Annual Report for Council to read at their leisure. She stated that Capital City Lake Murray Country promoted the four (4) counties of Richland, Lexington, Newberry and Saluda which was a very large geographical area to cover. She encouraged Council to read the report since it really gave a sense of the impact they had in promoting the four (4) counties. She stated that she also shared their Visitor Guide with Council. She stated that the Visitor Guide was in every South Carolina Welcome Center and was actually mailed all over the world.

Ms. Atria stated that she was appreciative of Council's support and the Accommodations Tax funding support from the City. She stated that they had done some special features in this year's publication for the City of Cayce. She stated that she and her staff welcomed visitors from around the world and worked hard at representing the region well. She stated that they even had students from the University of South Carolina on staff. Ms. Atria stated that many people thought their

organization only promoted Lake Murray. She stated that the lake was their hook, line and sinker for tourism but they also promoted everything in between and everything around the region.

Ms. Atria stated that the key ingredient when working with her organization was that the amount of dollars they were funded from any of the local governments they could help them double their money. She stated that Lake Murray Country Capital City had always promoted leisure tourism and they brought tourists in for the region's rivers, the lake, outdoor recreation, and history. She stated that they recently hosted Mr. Jason Barnett, a Revolutionary War historian. Ms. Atria stated that Mr. Barnett visited Cayce, where he took a lot of photographs and did his own tourism self-guided tour because he believed in getting down to the bare bones to learn what every area had to offer. She stated that they hired him because they were in the process of producing, in conjunction with all the other tourism districts, a Revolutionary War brochure which the City of Cayce would be featured in some of the pages. Ms. Atria stated that Mr. Barnett stated that he had toured all across South Carolina but no one treated him as well as Capital City Lake Murray Country.

Ms. Atria stated that as a destination marketing organization, the State grants they received were matched 50%. She stated that therefore if the City gave them \$10,000 they could easily add another \$5,000 to that amount. She stated that in early spring of 2023 they were going to be working with a publication called "American Road." She stated that this publication and organization was the leader in the heritage travelers to discover the alternate, authentic America. She stated that it inspired road trips and travelers to experience intriguing, nostalgic, and off the beaten path destinations across the United States. Ms. Atria stated that heritage travelers took more trips, spent more money and stayed longer than other travelers. She stated that her organization was planning to utilize the money that was designated for the City of Cayce to have a half page ad in their publication and place itineraries about the City and getaways in the City on their website. She stated that "American Road's" website had over 750,000 views per month and the City would have a headline banner for six (6) months that would direct viewers to the history page of Lake Murray Capital City. She stated that would be used for tracking purposes so she could give Council a great report on the success of the marketing plan.

Ms. Atria stated that "American Road" had an E-blast letter that also followed with that plan that had 11,500 subscribers and 30,000 Facebook followers. She stated that the Cayce destination would also be featured on the "American Road" Trip talk show that had 50,000 plus weekly listeners. She stated they would be introduced to Cayce and she and her staff would also be reaching out to Cayce historians and the Cayce Museum staff to assist them in telling Cayce's story. Ms. Atria stated that the broadcast portion of that show was syndicated on podcastone.com, iTunes, and a dozen or more other podcast sites. She stated that would run for six (6) months and would start in early spring and would deliver visitors to Cayce late spring and summer.

She stated that it was a \$9,225 value and Lake Murray Country Capital City was going to give the City \$4,612.50 more in marketing which would enable them to extend the campaign for a six-month period. She stated they were a regional tourism office therefore she and her staff were in contact with many organizations across the United States and now across the world. She stated for instance, in the month of October, they had close to \$200,000 in hotel revenues generated on the rooms they booked.

Ms. Atria stated that the World International Bass Fishing Event was held for the first time ever in the United States on Lake Murray. She stated from that one (1) event they would gain so much business. She stated that they had been sponsoring the United States Bass Fishing Team for the last five (5) years and that took Lake Murray Country Capital City's message, visitor guide and television ads all over the world. She stated that the event would be in Portugal next year and then after that it would be in Spain. She stated that it had been in Canada and South Africa as well. She stated that they broke a record by having 25 foreign countries participate when only 16 were predicted to.

Ms. Atria stated that the main message she wanted to deliver to Council was that she and her staff were there to promote the City, its history, river ways, waterways, and so much more that Cayce had to offer. She stated that the City had great products and they were proud for the City and would help market that message everywhere. Ms. Atria stated that one (1) one unique way they were doing that was through their television ad which she wanted to show Council and the assembly. She stated that the ad ran across the world. She stated that every contract and every large group they brought to the region, if there was TV involved, they required them to insert their 60 second television ad in all their marketing. She stated that she and her staff brought tourists to the region to stay in local hotels, to dine in local restaurants and to visit local attractions and they always want to take the City's message back to them. Ms. Atria stated that was what set and distinguished their regional tourism office and won them so many statewide awards. She then played the 60 second television ad. After the ad played Ms. Atria stated that the ad was updated every four (4) years and they really looked at who was covered and how their tourism region was covered each time to make sure that they were inclusive. She stated that the television ad would be played everywhere and was on their website as well.

Ms. Atria stated that every year she and her staff train the South Carolina State Welcome Center staff on the region. She stated that they visit the region and she and her staff take them around the region and showcase the region's tourism attractions. She stated that ensured that the staff that worked in the nine (9) welcome centers across the state would tell visitors all about the great things in Cayce. She stated that this year during training they featured the Cayce Museum and other places in Cayce. Ms. Atria stated that she worked closely with the South Carolina Parks, Recreation and Tourism agency to host various groups every three (3) years. She stated that the Congressional Fam were the staff that worked in Washington for local Representatives.

She stated meeting with them at places like the City's 12,000 Year History Park was a great way to make them aware of local needs so hopefully they could influence local Congressional leaders on what the local needs were for tourism.

**B. Presentation of a Banner of Support for the Cayce Police and Fire Departments by the Woman's Club of Cayce**

Ms. Pamme Eades stated that the Woman's Club of Cayce had been serving the community for 85 years and were a part of a larger State organization of Woman's Clubs in South Carolina that would be 125 years old next year. She stated that the National Federation of Woman's Clubs challenged all clubs in the nation to make an impact in their communities and this year they were challenged with a group of community connection initiatives. She stated that when they reviewed them they knew exactly which one was going to be their first project. Ms. Eades stated that one of the community connection initiatives was to find ways to thank essential workers, either privately or publicly, for their commitment to the community over the last two (2) years. She stated that since the Cayce Woman's Club was scheduled to be a part of the Cayce Night Out, they decided that their first recipients would be the police and fire departments. She stated that they created a banner and asked members of the community to sign it at Cayce Night Out. She stated that everyone that came to their booth was asked to sign the banner and their enthusiasm for the project was contagious. Ms. Eades stated that Cayce truly loved their Police and Fire Departments. She presented the banner to Chiefs Cowan and Bullard for their officers and staff as a token of how Cayce residents appreciated both departments.

**C. Presentation of the City of Cayce FY 2020-21 Comprehensive Annual Financial Report by Mauldin & Jenkins, CPA**

Ms. Jessica Johnson stated that she was the manager of the City's Fiscal Year 21 Audit and would present highlights to Council. She stated that the Fiscal Year 21 audit was issued on August 29, 2022. She stated that Mauldin and Jenkins, CPA were new as the City's audit firm and it took some time for them to go through accounts detail by detail, line by line, to ensure a good foundation for the current year's audit. She stated that they issued an unmodified opinion on the City's audit which was the highest opinion that one could receive. She stated that the City had qualified and competent staff in place and she and her staff really enjoyed working with them.

Ms. Johnson stated that the City's net position ending June 30, 2021, increased by \$425,000 from the year prior. She stated that was a good increase. She stated that the City's total assets, assets being what was owned, decreased by about \$2 million. She stated that occurred because all the projects that were put on hold during the pandemic were started again in Fiscal Year 21. Ms. Johnson stated therefore the City was spending cash on capital improvements and projects that had been put on hold so there was a decrease in assets. She stated she expected that would reverse in the

year they were currently auditing because there would be capital projects on the books that were not there the year prior. She stated that the City's total liabilities also decreased in Fiscal Year 21 because some debt was retired and some bonds were refinanced.

She stated that they did not issue an opinion on internal controls since typically auditors did not do that. She stated that however they did look at processes and the things that were in place to see if there were places that could be improved. She stated that they did have some recommendations on improvements. She stated that so far in doing the current audit those recommendations had been put into place.

Ms. Johnson stated that she thought the City's prior year auditor, who had been the City's auditor for a really long time, did a lot of things like record capital assets. She stated that the prior auditor was hands on in some of the City's accounting, and Mauldin & Jenkins did not do that. She stated that the City's Finance Director, Ms. McMullen, had appropriately taken on all of those responsibilities and was doing a fantastic job with it. She stated that some of their recommendations were related to that. She stated that almost every Governmental Auditing Standards Board gave some kind of new curveball. She stated that the one that had been talked about for a few years and was now in place was called GASB 87 and it related to leases. She stated that on the City's next financial statements there would be things on it that had not been there in the past and that was related to GASB 87.

She stated that everything was going very well with the current audit and they expected to issue by the end of this year.

### **Proclamation**

#### **A. Approval of Proclamation – Small Business Saturday**

Council Member James made a motion to approve the Small Business Saturday Proclamation. Mayor Pro Tem Jenkins seconded the motion which was unanimously approved by roll call vote.

### **Ordinances**

#### **A. Discussion and Approval of Ordinance 2022-16 Amending Sections 10-31 of the Cayce City code Relating to Technical Codes – Second Reading**

Ms. Hegler stated that the City's Attorney Mr. Crowe found an error in the Ordinance that Council gave first reading to at the last Council Meeting. She stated that it was a minor error related to a section change. She stated that the corrected Ordinance was in Council's packet and was what was published. She stated that she

wanted to make public note of that and as Council proceeded, if they wanted to give the Ordinance second reading, one would need to accept that amendment as presented.

Council Member Carter made a motion to amend Ordinance 2022-16 to conform to the version contained in Council's agenda packet and the packet made available on the City's website. Council Member Sox seconded the motion which was unanimously approved by roll call vote. Council Member Carter made a motion to approve the Ordinance as amended on Second Reading. Council Member Sox seconded the motion which was unanimously approved by roll call vote.

B. Discussion and Approval of Ordinance 2022-17 Amending Chapter 10 ("Buildings and Building Regulations") of the Cayce City Code to Add a New Article V ("Vacant Commercial and Industrial Building Registration") – First Reading

Ms. Hegler stated that Ordinance 2022-17 was a new section of the City's code that staff was proposing. She stated that over the last several years Council and staff had been working to revitalize areas in the City and address community issues related to vacant properties. She stated that specifically, empty and underutilized commercial and industrial buildings were being looked at. She stated that they often led to blight and under investment in surrounding neighborhoods. Ms. Hegler stated that staff researched best practices and received advice on this issue from industry experts, particularly those that were selected to work with the City as part of the alumni technical assistance that the City received from the Mayor's Institute on City Design, MICD 2.0.

Ms. Hegler stated that MICD 2.0 was a follow up case study program that Mayor Partin participated in at no cost to the City in 2015 that helped jumpstart the revitalization, or previtalization of the Cayce River Arts District. She stated that the advice staff received from those experts and research that staff did resulted in the Ordinance before Council. She stated that the recommendation was to adopt a registration program that could help the City better address these types of properties. She stated that the proposed Ordinance encompassed the elements of what that property registration program would look like and the escalating fees that would apply to those vacant commercial and industrial properties. Ms. Hegler stated that this program would identify and register vacant commercial and industrial buildings, clearly express the responsibilities of the building owners and provide for administration, enforcement and penalties. She stated this was something staff found as a best practice and model Ordinances were used to develop the proposed Ordinance. She stated that staff recommended that Council give first reading approval to the new section, Article Five titled Vacant Commercial and Industrial Building Registration, and would further request that Council defer the Second Reading for two (2) months. She stated that would allow what the City had successfully done in the past which was to reach out to property owners that would be affected by the amendment and make sure they were well aware of it.

Ms. Hegler stated that staff had a good list of the properties that would be affected and she would reach out to each property owner individually. She stated she would let them know what the proposed Ordinance was, help them prepare for it and offer ideas that would help them to avoid a penalty. She stated staff would use this time further to schedule a meet and greet between affected property owners and the many potential businesses that Council and staff hear from regularly that were looking for places to locate in the City. Ms. Hegler stated that this would hopefully partner some of the vacant building owners with potential businesses and would be an incentive for helping them avoid this process as it comes on.

Ms. Hegler stated that she thought this was a thoughtful and fair approach and was mutually beneficial to allow staff time to work with property owners. She stated that Council could give First Reading, get the conversation started and staff would have time to communicate with the property owners. She stated then the property owners would be well aware and informed and staff could work with them to even try to bring businesses to them they would like and the City would like to see in those properties. Ms. Hegler stated that staff brought a model Ordinance before Council but throughout the time between First and Second Reading staff could work on addressing any ideas or concerns that may be voiced from the property owners or the community.

Mayor Pro Tem Jenkins made a motion to approve the Ordinance on First Reading. Council Member Sox seconded the motion. Mayor Partin stated that one item that she would like staff to look at between readings was what was best practice in regards to percentage of occupancy since there were a few commercial buildings that had multi tenants. She stated that the percentage of occupancy could change at different times and would not always be 100% and those building owners need to know what that meant for them. She stated that she really appreciated the thoughtfulness of the Ordinance and was excited for those properties to get some great small businesses in them which would keep increasing the vitality of the City. She stated that the proposed Ordinance would also support both the Police and Fire Departments by ensuring there were not structures that were full of unsafe items that might cause a problem.

Council Member James stated that he spoke to a few of the business owners that day that had multiple tenants in a building and they asked how that would be handled. He stated that the spirit behind the proposed Ordinance was what was best for the community. He stated that it was also great for law enforcement and fire services since it would protect them and they would know what they were going into versus just being a vacant building. Council Member James stated that it would do so much for revitalization as well and he was totally supportive of the Ordinance. He stated that he was concerned that two (2) months might now be as much time since the holidays fell during that time period. He stated that Second Reading might have to be extended another month to make sure that the City did all it could for folks that will need

it then to bring it back. Ms. Hegler stated that if she saw that more time was needed she would bring it back before Council and ask for an extension.

Council Member Carter stated that he wanted to discuss a few quick notes that he made earlier that day. He stated that he agreed with Council Member James that two (2) months might be a little bit ambitious. He stated that there were probably some building owners who resided in other states and that could create a challenge. He stated that it did not appear that Council was included in the initial communication when contacting the property owners. He stated that Council was told there were only approximately 45 people on the list but he felt that Council would hear from all of them. Council Member Carter stated that he would like some form of involvement from Council with what was going on as opposed to them just getting an Ordinance and voting on it. He stated that he appreciated that the proposed Ordinance was well done and well thought out. He stated that he would ask that possibly language be added to the Ordinance to answer the questions about partial or field structures and possibly get some commercial real estate people involved. He stated that they did not necessarily have to be property owners but he thought they could add some valuable input to just what the climate was and help explain why people were just sitting on the property.

Council Member Carter stated that he knew not every instance could be addressed in the Ordinance but the circumstances behind the properties that were literally tied up in an estate for years needed to be explored. He stated that the fee assessment part of the Ordinance appeared a little punitive to him. He asked if vacant land would be addressed in the Ordinance as well. He stated there were some commercial properties that were not well maintained. He stated that he thought the proposed Ordinance was a good working document that could be built on.

Mayor Partin stated that in answer to Council Member Carter's question regarding the penalty fee, the MICD experts stated that staff's initial proposed penalty fee was way too low therefore the fee was increased due to their professional advice. She stated that City staff did not just throw stuff out there to see what sticks on the wall. She stated that there was a lot of thought that went behind it. She stated that staff had been thinking about the proposed Ordinance since MICD 2.0 and pulled all the data together to bring to Council and it should be in pretty close to best practice form when it comes to Council. Mayor Partin stated that there was a vacant building in the City's River Arts District owned by people who lived out of state and really did not care about doing anything with the building even though people expressed interest in it constantly. She stated that they did not want to put staff in an unsafe position. She stated that they also wanted the vacant buildings to be a vital part of the community and there were great businesses that wanted to come to Cayce. Mayor Partin stated therefore Council and staff could get them to connect and see what they could do to help.

Discussion was held regarding vacant land and whether to only make sure the land is maintained and kept up or if the land owner would be required to eventually build

something on the land. Council Member James suggested that staff document how many lots were vacant in the City. Ms. Hegler stated that Council Member Carter's suggestion to meet with commercial realtors was a great idea. She stated that she would also be meeting with the Greater Cayce West Columbia Chamber staff and its Board so she could get their business perspective. She asked Council to let her know if they thought of anyone else she should talk to. Mayor Partin called the question which was unanimously approved by roll call vote.

### **Committee Matters**

- A. Appointments and Reappointments
  - Accommodations Tax Committee – Two (2) Position
  - Events Committee - One (1) Position

Council Member James made a motion to reappoint Mr. Peter Fikas and Ms. Marie Pound to the Accommodations Tax Committee and appoint Mr. Byron Thomas to the Events Committee. Council Member Sox seconded the motion. Mayor Pro Tem Jenkins asked if Council still received attendance information on members up for reappointment. Ms. Corder stated that she had mistakenly left that information off for Mr. Fikas and Ms. Pound since the Accommodations Tax Committee only met once a year. She stated that Council would always receive that information moving forward. Mayor Partin called the question which was unanimously approved by roll call vote.

### **City Manager's Report**

Ms. Hegler stated that the Thanksgiving holiday was the following week so City offices would be closing early that Wednesday and would reopen Monday. She reminded Council of the upcoming Christmas in Cayce events and that December 4 was the adult spelling bee that the Beautification Foundation was putting on as one of their annual fundraisers. She stated that staff received word from the SCDOT that day that they would be repaving the road in front of the firehouse beginning the first week of December therefore Lavern Jumper Blvd. would be closed for a few days. She stated that the large pipe installation had been completed under Charleston Highway near Moss Creek subdivision. Ms. Hegler stated that was the emergency project sewer line replacement City staff had to do. She stated that Utility staff planned on realigning the system to hopefully prevent those catastrophic failures in the future. She stated that they would start the first week in the new year.

Ms. Hegler stated that the Post and Courier had taken great interest in the African American Cemetery project for which Council approved a consultant for at the last Council Meeting. She stated that they interviewed staff that week about it so she anticipated there would be some coverage of that. She stated that there was a ribbon cutting scheduled for Nephron Nitrile on December 7. She stated that everyone was really excited that Nephron Nitrile was getting closer to opening. She stated that the

City had been very transparent throughout their partnership on this and staff had reached out to Nephron to remind them of the wastewater discharge capacity that they had purchased. She stated that the City's goal with them, as with all customers, was to be clear about the City's requirements so there were no surprises. She stated that Mayor Partin received an email from a resident regarding the City's recent Appreciation Dinner held for City committee members, volunteers and sponsors. The email stated "That was a really special and unexpected appreciation dinner last week. I imagined it would be like last year's dinner at the Brickyard. But instead, it was a small, more intimate gathering and very well done. I never expected something like that. State Street was closed, the lights hung above the great food tables. Very really enjoyable time.' She stated that staff did a great job in scheduling that for the City's very important volunteers.

Mayor Partin asked what waste capacity Nephron Nitrile had. Ms. Hegler stated that they only had domestic related waste capacity. Mayor Partin asked if staff had heard back from Nephron. Ms. Hegler stated that they had not yet.

### **Council Comments**

Mayor Pro Tem Jenkins stated that he noticed on Wilkerson Street down below Abbott Arms Apartments at the bottom of the hill the ground was soaked and a good sized tree located right beside the street was leaning towards the highway. Mr. Conley stated that he would like into it immediately.

### **Executive Session**

- A. Receipt of legal advice relating to claims and potential claims by and against the City and other matters covered by the attorney-client privilege

Council Member Sox made a motion to move into Executive Session. Council Member Carter seconded the motion which was unanimously approved by roll call vote.

### **Reconvene**

After the Executive Session was concluded, Council Member Sox made a motion to reconvene the Regular meeting. Mayor Pro Tem Jenkins seconded the motion which was unanimously approved by roll call vote. Mayor Partin announced that no vote was taken in Executive Session other than to adjourn and resume the Regular meeting.

### **Possible actions by Council in follow up to Executive Session**

There were no actions taken in follow up to Executive Session.

## **Adjourn**

Council Member Sox made a motion to adjourn the meeting. Mayor Pro Tem Jenkins seconded the motion which was unanimously approved by roll call vote. There being no further business, the meeting adjourned at 8:00 p.m.

## **INTRODUCTORY SECTION**

August 31, 2022

To the Honorable Mayor, Members of City Council and Citizens of the City of Cayce:

We are pleased to submit the Annual Comprehensive Financial Report (ACRF) of the City of Cayce, South Carolina, for the fiscal year ended June 30, 2021. The report contains a comprehensive analysis of the City's financial position and activities for the period.

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants.

The cost of internal control should not exceed anticipated benefits. The objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose.

The City of Cayce's financial statements were audited by Mauldin & Jenkins, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the City of Cayce for the fiscal year ended June 30, 2021, are free of material misstatement. The independent audit involved examining on a test basis evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the City of Cayce's financial statements for the fiscal year ended June 30, 2021 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The City is required to assess whether an annual single audit in conformity with the provisions by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards needs to be performed. In accordance with these requirements, no Single Audit was needed because the City's federal expenditures were below \$750,000.

Cayce, SC 29171

The annual comprehensive financial report is presented in four sections: introductory, financial, statistical, and governmental auditing standards. The introductory section includes this transmittal letter, the government's organizational chart, and a list of principal officials. The financial section includes the general-purpose financial statements, the combining and individual fund financial statements, and schedules. The statistical section includes selected financial and demographic information, generally presented on a multi-year basis. The governmental auditing standards section includes the auditor's reports on the internal control structure and compliance with applicable laws and regulations.

This report includes all funds of the City of Cayce. The City provides a full range of services, which include police and fire protection; sanitation services; the maintenance of highways, streets, and infrastructure; recreational activities; planning and zoning, in addition to general government activities. The City also has a hospitality tax fund that accounts for tourism related activities. The City owns and operates a municipal water and sewer system serving residents and businesses within its corporate limits and in the territory adjacent thereto. Therefore, this activity also is included in the reporting entity.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City of Cayce's MD&A can be found immediately following the independent auditors' report.

## **Profile of the Government**

The City of Cayce was incorporated in 1914 and is located along the Congaree River in Lexington and Richland counties. The City is located in the central part of the state, one of the top growth areas of South Carolina.

The City of Cayce currently occupies a land area of 17 square miles and serves a population of 13,781 as of June 30, 2021. The City of Cayce is empowered to levy a property tax on both real and personal properties located within its boundaries. The City also is empowered by state statute to extend its corporate limits by annexation, which occurs periodically when the City Council deems appropriate.

The City of Cayce operates under a council-manager form of government. Policy-making and legislative authority are vested with the City Council comprised of a mayor and four council members. The city council is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, hiring the city administrator, and selecting the independent auditor to audit the city's financial statements. The City Manager is responsible for carrying out the policies and ordinances of the city council, for overseeing the day-to-day operations of the government, and for appointing the heads of various departments. The council is elected on a non-partisan basis. Council members serve four-year staggered terms, with two council members elected every two years. The mayor is elected to serve a four-year term. All four council members are elected by district. The mayor is elected at large.

The annual budget serves as the foundation for the City's financial planning and control. The South Carolina General Statutes require all governmental units to adopt a balanced budget by July 1<sup>st</sup> of each year for all funds for which an annual budget is required. Activities of the General Fund, and the Water and Sewer Utility Fund are budgeted annually. Budget-to-actual comparisons are provided in this report for each governmental fund for which an appropriated budget has been adopted. As demonstrated by the statements and schedules included in the financial section of this report, the City continues to meet its responsibility for sound financial management.

## **Factors Affecting Financial Condition**

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of Cayce operates.

**Local Economy** – The City of Cayce is located near the City of Columbia, the state capital of South Carolina. The City is part of the greater Columbia Metropolitan area which has been experiencing stable economic conditions. The City and its neighbors, the Cities of West Columbia and Columbia, have built a regional park system along the banks of the Congaree River. The portion located in the City is known as the Cayce Riverwalk Park and it is part of the Three Rivers Greenway project. The Riverwalk Park is located from the border of the City of West Columbia to the Timmerman Trail that connects to the Lexington County Recreation and Aging Commission Tennis Center next to I-77. This is a joint effort among several agencies. Dominion Energy has also connected their corporate headquarters to the Cayce Riverwalk through the Timmerman Trail for the enjoyment of their employees and visitors.

The Congaree River has always played a dominant role of strategic importance in Cayce’s development from the early days when barge and boat traffic from the low country were a part of everyday commerce on the river. Cayce became an outpost for this trade. The Cayce Riverwalk Park includes a public nature park along the river with amenities such as lighted boardwalk and concrete walkways, picnic shelters, park benches, and river overlooks with magnificent views of the Columbia skyline. Development on both sides of the river is a driving force in the continuing economic development of the City of Cayce.

In July 2018, the City issued an \$8,000,000 Tax Increment Financing (TIF) Revenue Bond to obtain funds to develop a portion of the City. This is enhancing economic development to include the demolition and redevelopment of parcels along Knox Abbott Drive, electric utility improvements, and street-scaping projects. The Knox Abbott Drive Pedestrian Safety and Traffic Calming project should be completed by the fall of 2021. Expanding the Cayce Riverwalk Park and connecting it with local commercial businesses, along with expanding and upgrading the regional wastewater treatment plan, has positioned the City to participate in the continued economic growth that is occurring in the Columbia Metropolitan area.

Economic development on the 12<sup>th</sup> Street Extension corridor continues. The Lexington County Medical Park that was finished in 2018 continues to add to the City’s tax base and enhance the master plan. The townhome project known as Otarre Point was completed in 2018, adding 299 upscale townhomes, and construction was completed in 2019 on a 100-unit Marriott Hotel. An approximately 60-acre tract of land, referred to as Southern Commons, has sold and is currently under plans for a combination of retail, entertainment, office, and residential land uses, with an estimated investment of \$65 million. A development of this type and size will serve as a catalyst for the development of the surrounding area and supporting corridors. Construction on the Matheson Gas and Liquid Oxygen facility has been completed and is currently operational. This company will be supporting CMC Steel and will help to grow the property tax and business license base. Other interests on the 12th Street extension include a rehabilitation center that will house 44 beds our 12,000-year history park.

Permitting and construction of a 22-unit upscale single-family housing development called Congaree Bluff, off Axtell Drive along the River is almost complete with the majority of homes already sold. In December 2019 Steel Hands Brewery opened. This is an on-premises brewery and restaurant that manufactures their own brand of beer to sell to the public and to other commercial businesses in the area. Their production and sales are continuing to grow rapidly.

The Southern First Bank building at the corner of Knox Abbott Dr. and Axtell Dr. was the first development in the proposed “The Brickworks” project that has been developed and built by Brickworks Associates, LLC. New construction associated with this project could total \$40 million and include 300,000 square feet of office, retail, and residential construction that will extend to the Congaree River and tie into the Cayce Riverwalk. An upscale apartment community similar to Advenir at One Eleven, called Indigo at Brickworks, is complete and is ninety percent occupied. We were also happy to see a new Starbucks coffee shop open on Knox Abbott. We believe this will help encourage new restaurants and will continue to enhance the Knox Abbott corridor. We continue to see more vacant and underutilized buildings being rehabbed and occupied along Knox Abbott.

The City of Cayce has established and is now developing a River Arts District to encourage an artist community and revitalize the historic downtown State Street area. In the past several years, five new businesses have moved to State Street, a multi-purpose Art Lot has been developed, buildings are being restored and many pieces of public art, funded predominantly by third-party grants, have been installed. Its growth is expected to rapidly continue as we receive great interest from businesses wishing to relocate here.

Other known projects include the Saxe Gotha Industrial Park that Lexington County is continuing to expand in the unincorporated area abutting Cayce City Limits. The City of Cayce has agreements in place to provide water and sewer service to the industrial park. This more than 400-acre industrial park is being developed off 12th Street and will extend almost to the 12th Street interchange of Interstate 77 at Exit 2. Lexington County has expanded 12th Street to four lanes to accommodate the expected growth.

As most know, Amazon has a distribution center within the Industrial Park and, though not within the City of Cayce, is having a beneficial impact on Cayce and the surrounding area. Nephron, a pharmaceutical company built within the Industrial Park, has also helped maintain great water and sewer sales, and is currently under a large expansion.

The City continues providing water and sewer service to the South Carolina State Farmer's Market. The farmer's market, relocated from Bluff Road in Richland County (across the street from USC's William Brice Stadium) to Lexington County on US Highway 321, and continues to experience growth.

To better position the City for residential growth, the City commissioned a housing study in 2020 to identify trends in housing. This study outlined current demographic data, assessed housing demand and supply and recommended policies that is helping Council make decisions on how to grow wisely, all while protecting the integrity and attractiveness of our existing neighborhoods.

**Long-Term Financial Planning** – Revenue forecasts for the next several years suggests that new residential and commercial construction and continued economic growth throughout the City and region will keep pace with the operational needs of the various departments. To help provide the highest standards for our residents, the City Council did implement a Hospitality Tax that is being used for the upkeep and expansion of our Parks system.

The City continues to promote tourism with the Cayce Riverwalk Park on the Congaree River through the extension of the Parkway to I-77. The City partnered with the River Alliance, Department of Natural Resources, S C Parks Recreation and Tourism, Lexington County and SCANA Corp to establish the "12,000 Year History Park". This should continue to attract local economic interest and grow the City's tourism.

**Financial Information** – Management of the government is responsible for establishing and maintaining an internal control structure designed to ensure that the assets of the government are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: 1) The cost of a control should not exceed the benefits likely to be derived; and 2) the valuation of costs and benefits requires estimates and judgments by management.

**Budgeting Controls** – In addition, the government maintains budgetary controls. The objective of these budgetary controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the government's governing body. Activities of the general fund only are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is established by function and activity within an individual fund. The government also maintains an encumbrance accounting system as one technique of accomplishing budgetary control.

The City Ordinances also provide for a non-appropriated budget for the proprietary and special revenue funds to facilitate the management review and approval process. As demonstrated by the statements and schedules included in the financial section of this report, the government continues meeting its responsibility for sound financial management.

**Proprietary Operations** – The government’s enterprise operation is comprised of the water and sewer utility system. Several of the government’s major initiatives directly relate to the water and sewer activities. The demand for housing in the City’s water service area is at an all-time high, resulting in the construction of many new housing developments and an increased demand on water services.

**Cash Management Policies and Practices** – The government’s investment policy is to minimize credit and market risks while maintaining a competitive yield on its portfolio. Accordingly, deposits were either insured by federal depository insurance or collateralized. All collateral on deposits was held either by the government, its agent or a financial institution’s trust department in the government’s name. It is the policy of the City of Cayce to hold investments to maturity.

**Risk Management** – The City maintains an employee health insurance plan for all full-time employees through the South Carolina Public Employee Benefit Authority (PEBA), which is a state funded insurance program administered by Blue Cross / Blue Shield of South Carolina and workmen’s compensation insurance through a municipal pool, the South Carolina Municipal Insurance Trust (SCMIT). Specific excess insurance, such as liability insurance, is provided through the South Carolina Municipal Insurance and Risk Financing Fund (SCMIRF).

#### **Other Information**

**Awards** – The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Cayce, South Carolina for its annual comprehensive financial report (ACFR) for the fiscal year ended June 30, 2020. The Certificate of Achievement is the highest form of recognition for excellence in state and local government financial reporting. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such ACFR must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement Program requirements and are submitting it to the GFOA.

**Acknowledgments** – The preparation of the annual comprehensive financial report on a timely basis was made possible by the dedicated service of the entire staff and finance department. Each member of the department has our sincere appreciation for the contributions made in preparation of this report.

In closing, without the leadership and support of the Mayor and City Council, preparation of this report would not have been possible. We gratefully acknowledge the role played by the governing body.

Sincerely,

Kelly McMullen, CGFO

## INDEPENDENT AUDITOR'S REPORT

---

**The Honorable Mayor and Members  
of the City Council  
Cayce, South Carolina**

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **City of Cayce, South Carolina** (the "City"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

---

**Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City as of June 30, 2021, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of a Matter**

As described in Note 13 to the financial statements, in 2021, the City adopted new accounting guidance, GASBS 84, *Fiduciary Activities*, as of July 1, 2020. Our opinion is not modified with respect to this matter.

**Other Matters***Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (on pages 4 through 10), the budgetary comparison for the General Fund (on page 74), the Schedule of Changes in the City's Total OPEB Liability and Related Ratios (on page 76), the Schedule of the City's Proportionate Share of the Net Pension Liability (on page 77), and the Schedule of the City's Contributions (on pages 78 and 79), and be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

*Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, the combining and individual nonmajor fund financial statements and schedules, the enterprise fund budget and actual schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Uniform Schedule of Court Fines, Assessments and Surcharges (per ACT 96) is presented for purposes of additional analysis as required by the State of South Carolina, and is not a required part of the basic financial statements.

---

The combining and individual nonmajor fund financial statements and schedules, the enterprise fund budget and actual schedules, and the Uniform Schedule of Court Fines, Assessments and Surcharges (per ACT 96) are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and schedules, the enterprise fund budget and actual schedules, and the Uniform Schedule of Court Fines, Assessments and Surcharges (per ACT 96) are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

**Other Reporting Required By Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated August 29, 2022, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Cayce, South Carolina's internal control over financial reporting and compliance.

## **Management's Discussion and Analysis**

The City of Cayce's discussion and analysis offers readers of the City's financial statements a narrative overview and analysis of the City's financial activities for the fiscal year ended June 30, 2021. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, in the financial statements and the notes to the financial statements.

### **Financial Highlights**

- The City of Cayce's total assets and deferred outflows exceeded its total liabilities and deferred inflows on June 30, 2021 by \$110,628,941 (net position). The City's total net position increased \$425,114 with an increase of \$936,644 from governmental activities and a decrease of \$511,530 resulting from business-type activities.
- The City's total assets decreased \$2,624,531 over the prior year. This is mainly due to the City proactively pausing new large capital purchases during the uncertainty arising from the coronavirus pandemic. The City has many ongoing capital projects and infrastructure upgrades.
- The City's total liabilities decreased \$2,509,572 from the prior year. Although the City's net pension liability increased significantly, this decrease is mostly attributable to debt retirement during the fiscal year.
- The City's governmental fund balance sheet reported a combined ending fund balance of \$14,145,407, an increase of \$2,508,174 from the previous fiscal year. Of this amount, \$7,750,658 is unassigned.
- The General Fund reported actual revenues of \$1,061,875 over budget and expenditures under budgeted appropriations by \$200,173. General Fund expenditures includes \$384,304 in capital outlay for projects funded by bond proceeds, as well as \$344,201 in debt service.
- The City's governmental fund's total long-term debt decreased by \$3,965,418 for the current fiscal year. The main reason for the decrease of the governmental outstanding long-term debt is the retirement of debt through debt service payments.

### **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City of Cayce's basic financial statements. The basic financial statements are comprised of three components: 1) governmentwide financial statements, 2) fund financial statements and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

## **Overview of the Financial Statements (continued)**

**Government-wide financial statements** – The government-wide financial statements are designed to provide readers with a broad overview of the City’s finances in a manner similar to a private-sector business. The statement of net position presents information on all the City’s assets, liabilities, and deferred inflows/outflows of resources with the difference between them being reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating. The statement of activities presents information showing how the City’s net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flows in future fiscal periods (uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Cayce that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The City’s governmental activities include general administration, police, fire, public works, and hospitality tax. The City’s business-type activities include a water and sewer utility system.

The government-wide financial statements can be found on pages 11-12 of this report.

**Fund financial statements** – A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Cayce, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds** – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government’s near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government’s near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The City of Cayce maintained two major governmental funds during the fiscal year 2020-2021. Information is presented in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund and Capital Projects Fund which are both major funds.

The City of Cayce adopts an annual appropriated budget for its General fund. Budgetary comparison statements have been provided for this fund to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages 13-16 of this report.

## **Overview of the Financial Statements (continued)**

**Proprietary funds** – The City of Cayce maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water and sewer utility system.

Financial statements of proprietary funds provide the same type of information as the government-wide financial statements, but in greater detail. The proprietary fund financial statements provide separate information for the City of Cayce’s water and sewer utility system, which is considered to be a major fund of the City.

The basic proprietary fund financial statements can be found on pages 17-20 of this report

**Fiduciary funds** – The City acts as agent, or fiduciary, for other resources. The City is responsible for ensuring that the assets reported in these funds are used for their intended purposes. All of the City’s fiduciary activities are reported in a separate statement of fiduciary net position. We exclude these activities from the City’s government-wide financial statements because the City cannot use these assets to finance its operations.

The fiduciary fund financial statements can be found on page 21-22 of this report.

**Notes to the financial statements** – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

The notes to the financial statements can be found on pages 23-73 of this report.

## **Government-wide Financial Analysis**

The government-wide financial statements are provided as part of the approach mandated by the GASB, which sets the uniform standards for presenting government financial reports. These reports provide complete comparative information as summarized in this Management’s Discussion and Analysis. As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of City of Cayce, assets exceeded liabilities by \$110,628,941 at the close of the most recent fiscal year. The City’s increase in net position for this fiscal year amounts to \$425,114.

The following page is a ‘condensed’ Statement of Net Position at June 30, 2021, which depicts the major components of the City’s assets, deferred outflows, liabilities, and net position (with comparative amounts for June 30, 2020).

## Government-wide Financial Analysis (continued)

	Governmental Activities		Business-Type Activities		Total	
	2021	2020	2021	2020	2021	2020
Current assets and other	15,730,599	\$13,523,879	19,220,638	\$17,857,229	34,951,237	31,381,108

Other liabilities	2,173,985	2,309,946	4,319,055	4,499,580	6,493,040	6,809,526
Total liabilities	27,256,606	26,905,050	64,493,100	67,354,228	91,749,706	94,259,278
Deferred Inflows	1,205,112	449,979	297,471	218,595	1,502,583	668,574
Net Position						
Net Investment in capital assets	16,250,911	16,893,546	86,040,717	87,328,355	102,291,628	104,221,901
Restricted	3,709,498	5,129,365	9,949,968	9,949,968	13,659,466	15,079,333
Unrestricted	(6,110,682)	(9,109,828)	788,529	12,421	(5,322,153)	(9,097,407)
Total net position	\$13,849,727	\$12,913,083	\$96,779,214	\$97,290,744	\$110,628,941	\$110,203,827

An additional portion of the City's net position represents resources that are restricted as to how they may be used. The remaining balance of unrestricted assets may be used to meet the government's ongoing obligations to citizens, creditors, and customers within the respective governmental and business-type activities. At the end of the current fiscal year, the City of Cayce is able to report positive balances in both categories of net position as a whole and individually within the governmental and business-type activities.

The changes in net position displayed below shows the governmental and business-type activities during the fiscal year. The increase in entity-wide net position is due to both the governmental activities revenues being in excess over expenses. Charges for services and property taxes exceeded budgeted revenues in governmental activities due to an increase in tax assessments. Planning and Development was the main contributor to actual expenses being under budgeted expenses. The major difference in total expenses from the prior year is directly related to the overall changes in the net pension obligation. Business-type activities experienced an increase of approximately 0.60% in operating revenues from the prior year. This increase is mainly attributed to growth, as there were no increases in water and sewer rates from the prior fiscal year. Total business-type expenses increased by roughly \$3,022,742 over the prior year. This is mainly due to increases in all operating expense categories.

## Financial Analysis of City of Cayce Funds

As noted earlier, the City of Cayce utilizes fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental Funds** – The focus of the city’s governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the city’s financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government’s net resources available for spending at the end of the fiscal year.

As of June 30, 2021, the City of Cayce governmental funds reported combined fund balances of \$14,145,407 an increase of \$2,508,174 from prior year balances. Fifty-five percent (55%) of this total amount constitutes unassigned fund balance, which is available for spending at the City’s discretion.

## **Financial Analysis of City of Cayce Funds (Continued)**

The remainder of the fund balance is split between a nonspendable amount of \$146,388 and \$5,143,214 being restricted that is not available for new spending, since it has already been restricted for specific purposes.

The General Fund is the primary operating fund of the City. On June 30, 2021, the total fund balance in the general fund was \$8,924,876. The General Fund balance increased by \$1,239,908 during the current fiscal year. This increase is mainly a result of property taxes and business license fees exceeding budgeted projections. Also, actual expenditures were under budget in several expenditure categories.

**Proprietary Funds** – The City’s Proprietary Fund provides the same type of information found in the government-side financial statements, but with greater detail. On June 30, 2021, total net position of the Water and Sewer Utility System amount to \$96,779,214 as compared to a balance of \$97,290,744 at June 30, 2020. The decrease in net position of \$511,530 for the current fiscal year is due mainly to a decrease in capacity charges and an overall increase in operating costs.

### **General Fund Highlights**

A budget to actual statement is provided for the General Fund. Columns for both the original budget adopted for fiscal year 2021 as well as the final budget are presented. Quarterly budget amendments and supplemental appropriations were approved during the 2020-2021 budget year. There was an overall increase of approximately \$150,000 between the original budget and the final amended budget.

The General Fund current year revenues of \$13,671,781 before other financing sources exceeded prior year revenues of \$11,743,390 before other financing sources. This is mainly due to increased property tax assessments, franchise, and business license taxes. Expenditures in the current year were \$14,035,158 before other uses, which exceeded prior year expenditures of \$12,889,538. Expenditures increased mainly as a result of increased operating costs in the current fiscal year. The City budgeted estimated proceeds from the sale of assets in the amount of \$360,000.

### **Capital Assets and Debt Administration**

**Capital assets** – The City of Cayce’s investments in capital assets for its governmental and business-type activities as of June 30, 2021, amounts to \$162,388,327 (net accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery, and equipment. Major capital asset events in the current year included the following:

- In order for the City of Cayce to meet the needs of its citizens and continue to provide high quality services, the City purchased a new automated side loader sanitation truck at \$251,595.
- The City has multiple water and sewer capital projects in progress, which accounts for an increase in non-departmental expenses.
- The City is issued the Series 2020 Bonds in July 2020 to refund the City’s Water and Sewer System Improvement Revenue Bond, Series 2009 and the Water and Sewer System Improvement Revenue Bond, Series 2015. This refunding is expected to secure net savings in the amount of \$1,157,406.

**Long-Term Debt** – At the end of the current fiscal year, the City of Cayce had total bonded debt outstanding of \$62,212,782, consisting of tax increment financing (TIF) bonds totaling \$7,113,068, Revenue bonds totaling \$31,078,024 and State Revolving Fund (SRF) loans totaling \$23,207,138. The City also had installment purchase notes totaling \$579,843 for Governmental Activities at June 30, 2021.

## **Capital Assets and Debt Administration (Continued)**

The TIF bonds outstanding debt is secured by the incremental property tax revenues generated within the Redevelopment District, as well as a pledge of Net Revenues from the Water and Sewer Utility System resulting in a junior lien of the Water and Sewer Utility. The outstanding balance of the revenue bonds is secured by a pledge of the gross revenue of the Water and Sewer Utility System..

The net pension liability was introduced in fiscal year 2014-2015 with the adoption of GASB Stmt. No. 68 and represents the long-term liabilities for payments to retirees, net of the City's current pension investments. For additional information concerning the City's outstanding debt as of June 30, 2021, please see Notes 1(Q) and 8 in the Notes to the Financial Statements. In the fiscal year 2017-2018, GASB No. 75 was implemented and represents the long-term liabilities associated with the City's other post-employment benefits (OPEB) plan. For additional information concerning this plan, please see Notes 1(R) and 9.

## **Economic Factors and Next Year's Budgets and Rates**

- In December 2019, an outbreak of a novel strain of coronavirus (COVID-19) originated in Wuhan, China and has since spread to other countries, including the U.S. On March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic. In addition, multiple jurisdictions in the U.S. have declared a state of emergency. It is anticipated that these impacts will continue for some time. There has been no immediate impact to the City's operations at this time. Future potential impacts are unknown.
- Higher than normal unemployment rates, along with the increased pandemic regulations on local business may cause decreased revenues or business closings in the City.

The factors were taken into account when adopting the general fund budget for 2021-2022. Amounts available for appropriation in the general fund budget are \$15,326,977, an increase of roughly \$1.5 million from the final 2021 budget of \$13,769,942. It should be noted that the appropriated budget for 2022 includes \$341,180 in budgeted revenues to service current installment purchase obligations of the City, as well as an additional installment purchase planned in the amount of \$429,034.

Property tax revenues for the coming year are projected to increase due to growth through improving economic conditions and overall assessments. The City will monitor economic conditions closely and make necessary budget adjustments as deemed appropriate.

Budgeted expenditures for 2022 have increased over the actual 2021 expenditures due mainly to increases in operating costs. The City does not anticipate entering into any major land acquisitions for economic development purposes in fiscal year 2021-2022.

The City plans to upgrade its Supervisory Control and Data Acquisition (SCADA) software for the Water and Sewer Utility system to ensure the safety and security of its water treatment facilities, as well as safeguard the City's ability to provide clean drinking water to its customers.

## **Requests for Information**

This financial report is designed to provide our citizens, taxpayers, and creditors with a general overview of the City's finances and to demonstrate the City's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Kelly McMullen, GFOASC, City of Cayce, Treasurer.

# CITY OF CAYCE, SOUTH CAROLINA

## RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2021

---

Net change in fund balances - total governmental funds	\$	2,508,174
--	----	-----------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation expense exceeded capital outlay in the current period.

Capital outlay	\$	374,261	
Depreciation expense		<u>(1,412,158)</u>	(1,037,897)

Other long-term assets are not available to pay for current period expenditures and, therefore, are reported as unavailable revenue in the funds. These amounts are:

Property taxes	\$	(47,482)	
State shared revenues		(49,942)	
Contractual rights		<u>(55,000)</u>	(152,424)

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position. (7,544)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to the governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of the governmental funds. Neither transaction, however, has any effect on net position.

Issuance of debt	\$	(251,595)	
Principal payments		<u>638,847</u>	387,252

Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds. The details are as follows:

Compensated absences	\$	1,577	
Accrued interest on long-term debt		1,283	
Net pension liability and related deferred inflows and outflows of		(1,203,525)	
Amortization of bond premiums and discounts		72,766	
Total other postemployment benefits liability, net of related deferred outflows and inflows of resources		<u>366,982</u>	<u>(760,917)</u>

Change in net position of governmental activities	\$	<u>936,644</u>

# CITY OF CAYCE, SOUTH CAROLINA

## NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2021

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Cayce, South Carolina (the "City") was incorporated September 7, 1914, under the laws of the State of South Carolina for the incorporation of municipal governments and as amended by Act 283 of the 1975 Code (Home Rule City Act). The City operates under a Council-Manager form of government and provides the following services as authorized by its charter: public safety (police and fire), streets, sanitation, health, culture-recreation, public improvements, planning and zoning and general administrative services.

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

#### A. Reporting Entity

Using the criteria of GASB Statement No. 14, *The Financial Reporting Entity*, as amended, the basic financial statements of the City present the reporting entity that consists of the primary government and those legally separate organizations for which the elected officials of the primary government are financially accountable and for which the nature and significance of their relationship with the primary government are such that exclusion could cause, in management's judgment, the City's financial statements to be misleading or incomplete.

Financial accountability is defined as appointment of a voting majority of the separate organization's board and either a) the ability to impose will by the primary government, or b) the possibility that the separate organization will provide a financial benefit to or impose a financial burden on the primary government. "Blended" component units are separate entities that are, substantially, part of the primary government's operations and are combined with financial data of the primary government. "Discretely presented" component units, on the other hand, are reported in separate columns in the Government-wide financial statements to emphasize that they are legally separate from the operations of the primary government. The City has no component units as of June 30, 2021.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### B. Government-wide and Fund Financial Statements

##### *Government-wide Statements*

The Government-wide financial statements consist of a Statement of Net Position and a Statement of Activities and reports information on all of the nonfiduciary activities of the government as a whole. All fiduciary activities are reported only in the fund financial statements. Separate columns are used to distinguish between the City's governmental and business-type activities. Governmental activities are generally those activities financed by taxes, intergovernmental revenues, and other non-exchange revenues. These activities are usually reported in Governmental Funds. Business-type activities are those activities which are financed in whole or in part by user fees charged to external parties for goods and services. These activities are usually reported in Enterprise Funds.

The Statement of Net Position reports all financial and capital resources of the City and reports the difference between assets and deferred outflows less liabilities and deferred inflows as net position not fund balance or equity. The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues and reflects the net (expenses) revenue of the City's individual functions before applying general revenues.

Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues are derived directly from the program itself or from parties outside the reporting government's taxpayers or citizenry, as a whole, and thus reduce the net cost of the function to be financed from the government's general revenues. They include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments that are restricted to meeting the operational or capital requirements of a particular function or segment. Internally dedicated resources are reported as general revenues rather than as program revenues. All revenues are 'general' revenues unless they are required to be reported as program revenues.

##### *Fund Financial Statements*

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the Government-wide financial statements. The focus of governmental and proprietary fund financial statements is on major funds. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements, with non-major funds being aggregated and displayed in a single column.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### B. Government-wide and Fund Financial Statements (Continued)

##### *Fund Financial Statements (Continued)*

The City reports the General Fund and the Capital Projects Fund as the major governmental funds and the Water and Sewer Utility Fund as the major proprietary fund. Combining schedules for the non-major funds are presented in the supplementary information section of this report. Because of the basis of accounting and reporting differences, summary reconciliations to the Government-wide financial statements are presented as a part of the basic financial statements.

The City reports the following major governmental funds:

The **General Fund** is the City's general operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **Capital Projects Fund** is used to account for the acquisition and construction of major capital facilities and other capital assets other than those financed by the proprietary fund. The City maintains this fund for its resources and activities in the tax increment financing (TIF) district.

The City reports the following major proprietary fund:

The **Water & Sewer System Fund** is used to account for operations (a) that are financed and operated in a manner similar to private business enterprises — where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Additionally, the City reports the following fund types:

The **Special Revenue Funds** are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally (or donor) restricted to expenditures for specified purposes other than debt service or capital projects. The City maintains special revenue funds for continuing grant programs for law enforcement; state restricted funds for accommodation taxes and alcohol permits; restricted hospitality taxes; plus Cayce Museum Fund.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### B. Government-wide and Fund Financial Statements (Continued)

##### *Fund Financial Statements (Continued)*

The **Debt Service Fund** is used to account for the accumulation of financial resources for the payment of interest and principal on certain general long-term debt of the City, other than debt service payments financed by proprietary fund types. The City maintains this fund for the resources of taxes collected in the TIF district used for retirement of long-term debt.

**Fiduciary Funds** - All of the City's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and a Statement of Changes in fiduciary Net Position.

Accordingly, the **Custodial Funds** are used to account for assets held by the City as an agent for individuals, private organizations, other governments, and/or other funds. At June 30, 2021, these included Police Fund and Firemen's Fund. Accordingly, the **Firemen's Fund** accounts for monies collected from the State for the benefit of the fire department. The **Police Fund** accounts for monies collected through drug seizures and other similar activities.

During the course of operations, the government has activity between funds for various purposes. Any residual balances outstanding at year end are reported as due from/to other funds and advances to/from other funds. While these balances are reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Balances between the funds included in governmental activities (i.e., the governmental and internal service funds, when applicable) are eliminated so that only the net amount is included as internal balances in the governmental activities column. Similarly, balances between the funds included in business-type activities (i.e., the enterprise funds) are eliminated so that only the net amount is included as internal balances in the business-type activities column.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### B. Government-wide and Fund Financial Statements (Continued)

Further, certain activity occurs during the year involving transfers of resources between funds. In fund financial statements these amounts are reported at gross amounts as transfers in/out. While reported in fund financial statements, certain eliminations are made in the preparation of the government-wide financial statements. Transfers between the funds included in governmental activities are eliminated so that only the net amount is included as transfers in the governmental activities column. Similarly, balances between the funds included in business-type activities are eliminated so that only the net amount is included as transfers in the business-type activities column.

#### C. Measurement Focus and Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting is a conceptual description of the timing of the accounting measurements made.

The Government-wide and Proprietary Fund financial statements use the economic resources measurement focus and the accrual basis of accounting, in accordance with GASB Statement No. 34. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

As a general rule, the effect of interfund activity (i.e., advances or short-term loans) has been eliminated from the Government-wide financial statements, except for amounts due between the City's governmental activities and business-type activities.

Governmental Fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis concept, revenues susceptible to accrual (e.g., property taxes, franchise taxes, state shared and intergovernmental revenues) are recognized when they become measurable (estimable as to the net amount to be collected) and available as current assets. Such revenues are considered to be available when they are collected within the current period or soon enough thereafter (not exceeding 60 days) to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### C. Measurement Focus and Basis of Accounting (Continued)

However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Proprietary Fund statements reflect net position and revenues, expenses and changes in net position using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis concept, revenues are recognized when earned and expenses are recognized when incurred.

Proprietary Funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When restricted, committed, and/or assigned resources are available for use, it is the government's policy to use restricted resources first, then committed resources, then assigned resources, then unrestricted resources as they are needed.

#### D. Budgets and Budgetary Accounting

##### *Budgets and Encumbrances*

Generally, budgets are adopted on a basis consistent with generally accepted accounting principles. A legal operating budget is prepared annually for the General Fund and Water and Sewer Utility Fund. Informal budgetary controls are maintained for other funds.

The City Manager is authorized to administer the budget and transfer amounts within and between departments and funds as necessary and designate continuing projects from fund balances or additional unbudgeted revenue and transfers. Subsequent expenditures (expenses) approved by Council shall automatically carry amendments to fund appropriation where applicable.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### D. Budgets and Budgetary Accounting (Continued)

##### *Budgets and Encumbrances (Continued)*

The General Fund operated under a final expenditure budget totaling \$14,235,331. Final budgeted revenues totaled \$12,609,906 and other financing sources (uses) totaled \$1,625,425, leaving a net change in fund balance of \$0. As further described in the Required Supplementary Information, a budgetary comparison schedule for the General Fund is provided. The Water and Sewer Utility Fund operated under a budget totaling \$15,161,420 (including operation and maintenance, capital improvements, debt service principal amounts and coverages). Actual operating expenses totaled \$19,642,026 (including a charge of \$6,030,154 for depreciation and amortization).

Encumbrances represent outstanding purchase orders or commitments related to unperformed contracts for goods or services. Encumbrance accounting, under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable budgeted appropriation, is utilized in the governmental funds. There were no material encumbrances at June 30, 2021.

#### E. Cash and Cash Equivalents

Cash includes amounts held in demand deposits. For purpose of the Statement of Cash Flows, the City considers all savings and short-term investments purchased with maturities of three months or less to be cash equivalents. State statutes authorize the City to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds and repurchase agreements. Investments are reported at fair value.

#### F. Receivables and Allowance for Doubtful Accounts

Accounts receivable include amounts receivable from customers, users, others, and other governments and such amounts are stated net of any applicable allowance for uncollectible accounts.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### G. Restricted Assets

Restricted accounts include monies or other resources, the use of which is restricted by legal or contractual requirements. In the Enterprise Fund restricted assets arise from certain bond and contract ordinances.

#### H. Other Assets

Other assets consists of purchases of intangible assets, or contractual rights to use capital asset resources. The Business-type Activities contract rights result from the purchase of expanded wastewater collection lines owned by a third-party (Red Bank Line) where the City uses the additional line capacity. The purchase price (cost) totaling \$563,864 is being amortized over the life of the contract (40 years). Amortization expense for the year ended June 30, 2021, totaled \$14,097. The Governmental Activities rights result from the purchase and cost contribution to Lexington County to construct a new animal services/shelter services and to provide the City future services. The purchase price (cost) totaling \$100,000 is to be amortized over the life of the contract (10 years). Accumulated amortization as of June 30, 2021, totaled \$80,000.

#### I. Interfund Receivables and Payables

During the course of operations, numerous transactions result in loans or advances between individual funds. Interfund loans outstanding at year-end are recorded as Interfund Receivables/Payables and are expected to be paid within one year. The lending fund reports amounts due from other funds, while the borrowing fund reports amounts 'due to other funds'. These interfund receivables and payables are classified as internal balances on the Government-wide Statement of Net Position and have been eliminated. The City considers all interfund receivables, net of any payables to be short-term. Advances to/from other funds (if any) represent long-term interfund loans receivable and payable.

#### J. Inventory and Prepaid Items

Inventory is valued at cost or estimated historical cost on a first-in, first-out (FIFO) basis. Inventory consists of expendable supplies of the garage and water/wastewater maintenance, held for consumption. Reported inventory expenditures or expenses and prepaid items are recognized when consumed. Additionally, certain payments to vendors reflect costs for services applicable to future periods and are reported as prepaid items.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### K. Capital Assets and Depreciation

Capital assets, which include land, buildings, improvements, machinery and equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the Government-wide financial statements. Capital assets of the City that are not specifically related to activities reported in proprietary or fiduciary funds have been reported as assets in the governmental funds column of the Government-wide financial statement. Capital assets are defined by the City as those assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years.

All capital assets are valued at historical cost if purchased, constructed or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated acquisition value on the date donated. The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend asset lives are not capitalized.

Public domains (rights-of-way and easements) have been capitalized using actual and estimated historical costs of such assets that were acquired by the City. The City owns .98 mile of paved subdivision streets at June 30, 2021. However, the City is not responsible for maintenance or reconstruction costs associated with the roads.

Depreciation of all exhaustible capital assets has been provided based on the estimated useful lives of the class of assets, or individual assets using the straight line method with service lives as follows:

	<b>Years</b>
Buildings	15 to 40
Improvements	10 to 30
Machinery and equipment	3 to 20
Water and sewer systems	10 to 50

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### L. Compensated Absences (Accrued Vacation and Sick Leave)

City employees are entitled to accrue and carry forward at fiscal year-end accumulated unused days of annual vacation leave and sick leave. Typically, employees consume newly-earned increments of leave in future periods. Effective July 1, 1994, accumulated annual and sick leave is capped at 400 hours and 720 hours, respectively, per employee. Upon termination of employment, employees are entitled to be paid at current salary levels for accumulated unused annual vacation leave. Prior to July 1, 1994, the City's policy for employees receiving compensation for unused sick leave upon termination was as follows: 15 years of service = 25%; 20 years of service = 50%; 25 years of service = 75%; 30 years of service = 100%.

In the Government-wide and Proprietary Fund financial statements, vacation pay is accrued when incurred and reported as a current and long-term liability. In the Governmental Funds, expenditures and liabilities related to these obligations are recognized when they mature (become due). Vacation pay that is expected to be liquidated, for example, as a result of employee resignations and retirements, with expendable available financial resources is reported as an expenditure and a fund liability in the General Fund, when applicable.

#### M. Long-term Obligations

In the Government-wide financial statements, and the Proprietary Fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Long-term debt represents unmatured principal of general obligation and revenue bond indebtedness, and outstanding portions due on long-term contracts. These obligations are reported net of bond premiums and discounts, which are amortized over the life of the related bond issue using the effective interest method. Other long-term obligations represent outstanding net present value portions due on installment purchase contracts, and long-term portions of claims or judgments. Liabilities arising from interfund activities do not constitute general long-term liabilities. In the Governmental Fund financial statements, bond premium and discounts, as well as bond issuance, costs are recognized as expenditures of the current period. The face amount of the debt issued, along with any bond premium and discounts, is reported as other financing sources.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### N. Unearned Revenue

In the Government-wide and Proprietary financial statements, certain assets are not recognized in connection with a transaction before the earnings process is complete. These assets are generally offset by a corresponding liability entitled unearned revenue and represent various deposits.

#### O. Contract Obligation

Under an intergovernmental agreement, the City is obligated to provide financial credit to a wastewater treatment purchaser of \$1,950,000, which resulted from a prior-year receipt of wastewater capacity payments. The City applies the credit against future contract charges and services. At June 30, 2021, the current credit balance outstanding equals \$579,180.

#### P. Deferred Outflows/Inflows of Resources and Unearned Revenue

##### ***Deferred Outflows of Resources***

Pursuant to GASB Concepts Statement No. 4, *deferred outflow of resources* is a consumption of net position (assets minus liabilities) by the government that is applicable to a future period, while an asset is a resource with present service capacity that the government presently controls. A *deferred inflow of resources* is an acquisition of net position (assets minus liabilities) by the government that is applicable to a future reporting period, while a liability is a present obligation to sacrifice resources that the government has little or no discretion to avoid. Deferred outflows and inflows of resources are reported separate from assets and liabilities, respectively, in the Statement of Net Position and the Governmental Funds Balance Sheet.

At June 30, 2021, the City reported deferred outflows of resources consisting of debt refunding losses (resulting from the difference between the new refunding debt (reacquisition price) and the net carrying amount of the old, refunded debt), pension related, and OPEB related outflows. The debt funding losses amount is being amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter.

The City reported deferred outflows/inflows of resources related to pensions and OPEB at June 30, 2021 as follows.

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The City has five (5) items that qualify for reporting in this category, which are related to pension and OPEB obligations as follows:

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### P. Deferred Outflows/Inflows of Resources and Unearned Revenue (Continued)

##### *Deferred Outflows of Resources (Continued)*

1. Pension and OPEB contributions made subsequent to the measurement date, which will be recognized as a reduction of the net pension liability and the total OPEB liability in the subsequent year.
2. The net difference between the projected and actual earnings on pension plan investments which is deferred and amortized over a closed five-year period.
3. The differences between expected and actual experience is amortized into pension and OPEB expense beginning in the year the deferral occurs over a closed period equal to the average remaining service lives of all plan participants.
4. The changes in proportion and differences between employer contribution and proportionate share of contributions, which will be deferred and amortized over the remaining service lives of all plan participants.
5. Changes in assumptions, which will be amortized into pension and OPEB expense over a closed five-year period.

##### *Deferred Inflows of Resources*

In addition to liabilities, the Statement of Net Position reports a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The City has the following items that qualify for reporting in this category, which are related to pension and OPEB obligations as follows:

1. The differences between expected and actual experience is amortized into pension and OPEB expense beginning in the year the deferral occurs over a closed period equal to the average remaining service lives of all plan participants.
2. The changes in proportion and differences between employer contribution and proportionate share of contributions, which will be deferred and amortized over the remaining service lives of all plan participants.
3. Changes in assumptions, which will be amortized into OPEB expense over a closed five-year period.

The City also has inflows which arise under the modified accrual basis of accounting that qualify for reporting in this category. The item, *unavailable revenue*, is reported only in the governmental funds balance sheet. As such, under the modified accrual basis of accounting, the governmental funds report unavailable revenues from property taxes. These amounts are deferred and recognized as an inflow of resources in the period that the amount became available.

##### *Unearned Revenue*

The City also defers revenue recognition in connection with resources that have been billed or received, but not yet earned.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### Q. Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the South Carolina Retirement System (SCRS) and South Carolina Police Officers Retirement System (PORS) and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the related plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### R. Total OPEB Liability

For the purposes of measuring the Total OPEB Liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the Plan has been determined on the basis of an actuarial report for the plan. The City does not have a separate Trust for the plan and the plan has no plan assets. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. The Total OPEB Liability is the portion of the actuarial present value of projected benefit payments that is attributed to past periods of employee service. Changes in the Total OPEB Liability that have not been included in OPEB expense are reported as deferred outflows or deferred inflows of resources related to OPEB.

The City's valuation method is the Entry Age Normal Cost Method under which the actuarial present value of the projected benefits of each individual included in an actuarial valuation is allocated on a level basis over the earnings or service of the individual between entry age and assumed exit age(s).

#### S. Net Position and Fund Balance

In the Government-wide financial statements, the difference between the City's total assets and deferred outflows, less total liabilities and deferred inflows represents net position. Net position for both the governmental and proprietary fund types displays three components — net investment in capital assets; restricted (distinguished between major categories of restrictions); and unrestricted. Unrestricted net position represents the assets available for future operations. In the Fund financial statements, governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor the constraints on the specific purposes for which amounts in those funds can be spent.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### S. Net Position and Fund Balance (Continued)

Fund equity at the governmental fund financial reporting level is classified as fund balance. Fund equity for all other reporting is classified as net position.

**Fund Balance** – Generally, fund balance represents the difference between the assets and deferred outflows of resources and liabilities and deferred inflows of resources under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

***Nonspendable*** – Fund balances are reported as nonspendable when amounts cannot be spent because they are either; (a) not in a spendable form; or (b) legally or contractually required to be maintained intact.

***Restricted*** – Fund balances are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the City or through external restrictions imposed by creditors, grantors or laws and regulations of other governments.

***Committed*** – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal action of the Council through the adoption of a resolution or passage of an ordinance. Only the Council may modify or rescind the commitment.

***Assigned*** – Fund balances are reported as assigned when amounts are constrained by the City's intent to be used for specific purposes but are neither restricted nor committed. Intent can be expressed by the Council or by an official or body to which the Council delegates the authority. The Council has delegated such authority to the City Manager.

***Unassigned*** – Fund balances are reported as unassigned as the residual amount when the balances do not meet any of the above criterion. The City reports positive unassigned fund balance only in the General Fund. Negative unassigned fund balances may be reported in all funds.

***Flow Assumptions*** – When both restricted and unrestricted amounts of fund balance are available for use for expenditures incurred, it is the City's policy to use restricted amounts first and then unrestricted amounts as they are needed. For unrestricted amounts of fund balance, it is the City's policy to use fund balance in the following order: 1) committed, 2) assigned, and 3) unassigned.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### T. Property Taxes

The City assesses and levies property taxes in accordance with applicable laws of the State of South Carolina. Real property and personal property of every description owned and used in the City, except that which is exempt from taxation under the Constitution and Laws of the State, is subject to taxation. An annual ordinance establishing the millage rate associated with the levy is adopted each year as a part of the budget adoption process.

Real property and all personal property other than vehicles are assessed for property tax purposes as of December 31 of each year. The basis for value of taxable property within the City is taken from the records of the Lexington County Assessor or the Richland County Assessor. Taxes are levied on July 1 with the passage of the fiscal year budget and millage ordinance, billed in October, and are due by January 15 in the year following their levy. A penalty of 3% is added to the tax bill on January 16; with an additional 7% added on February 2; and an additional 5% to the tax bill on March 17.

New vehicle property taxes are assessed and levied within 120 days of the registration date of the vehicle and payment is due upon receipt of the property tax notice. Other vehicle property taxes are assessed and levied in the month the vehicle is scheduled for license renewal with the South Carolina Department of Transportation and payment is due before the end of the month of the scheduled renewal.

For Government-wide financial statements, property taxes are recognized as revenue in the year for which they are levied. For Government Fund financial statements, City property tax revenues are recognized for the budget period to which they apply when they become measurable and available. Delinquent and unpaid property taxes are reported as receivables, less amounts estimated to be uncollectible.

#### U. Program and General Revenue

The City charges public fees for building permits and inspections, and admission fees for certain recreational activities. These fees as well as fines for traffic violations and grant revenues are recorded as program revenue in the Statement of Activities. General revenues reported by the City include property taxes, state-shared taxes, business licenses (which are appropriately not classified as program revenue charges for services due to their non-matching characteristics) and other government imposed non-exchange fees (e.g., franchise fees, which are general revenue fees-in-lieu of business licenses).

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

#### V. Interfund Activities

Transfers between governmental and business-type activities on the Government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditure/expenses in the purchaser funds. Flows of cash or goods from one fund to another without the requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

#### W. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for expenditures are recorded to reflect the use of the applicable spending appropriations, is used by the General Fund during the year to control expenditures. Encumbrances do not constitute expenditures or liabilities. For budget purposes, encumbrances and unused expenditure appropriations lapse at year-end.

#### X. Accounting Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Estimates are used to determine depreciation expense, and the allowance for doubtful accounts among other accounts. Actual results could differ from those estimates.

#### Y. Proprietary Funds Operating and Non-operating Revenues and Expenses

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's principal ongoing operations. The City's business-type activities accounted for in proprietary funds are water and sewer sales and services. Operating expenses for proprietary funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### **Budgetary Information**

The City utilizes the following procedures in establishing the budgetary data reflected in the financial statements:

1. Budgets are adopted on a GAAP basis. During the spring, the City's Administration, with other department input, develops a preliminary budget model for operational and capital expenditures, and develops revenue projections as a proposed means of financing the proposed expenditures.
2. Upon receipt of the budget estimates, the Council holds a first reading of the budget ordinance. Information about the budget ordinance is then published in the local newspaper. The ordinance sets the limit at the fund level, for which expenditures may not exceed appropriations. After two readings of the budget, the Council legally adopts the budget through the passage of the ordinance.
3. Budget accountability rests primarily with the operating departments of the City. In accomplishing the programs and objectives for which the budget was authorized, department directors are responsible for ensuring that their respective expenditures do not exceed the prescribed funding levels.
4. For each assigned function, a department is obligated to stay within budget for his area. The City Manager has the authority to make transfers across departments and funds. Such transfers are entered on the City's records. All unused expenditure appropriations lapse at year-end. However, the Council must approve any revisions that alter the total expenditures of any fund.
5. Budgeted amounts are as originally adopted, or as amended by the Council.

#### **Excess of Expenditures over Appropriations**

For the fiscal year ended June 30, 2021, expenses exceeded appropriations in the Water and Sewer Utility Fund in the amount of \$5,521,435. These over-expenditures were financed by certain non-operating revenues, capital contributions, and the use of net position.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 3. CASH AND INVESTMENTS

As of June 30, 2021, the City had the following cash and cash equivalent balances:

Cash on hand	\$	1,850
Carrying amount of cash and cash equivalents		31,137,168
	\$	<u>31,139,018</u>
Statement of Net Position:		
Cash and cash equivalents	\$	17,079,811
Cash and cash equivalents - restricted		13,849,237
Statement of Fiduciary Net Position:		
Cash and cash equivalents		209,970
	\$	<u>31,139,018</u>

Certain cash and cash equivalents of the City are legally restricted for specified purposes. The major types of restrictions at June 30, 2021, were those imposed by the revenue source (i.e., hospitality tax, drug fund, etc.) and as stipulated in the bond offering documents.

Under State law, the City is authorized to hold funds in deposit accounts with banking institutions and invest funds in the following items: obligations of the United States and agencies thereof, obligations of the State of South Carolina or any of its political units, banks and savings and loan associations to the extent insured by an agency of the federal government, and/or certificates of deposit where the certificates are federally insured or collaterally secured by collateral of the types in the previously mentioned items.

#### ***Custodial Credit Risk – Deposits***

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. State statutes require all deposits and investments (other than federal or state government instruments) to be collateralized by depository insurance, obligations of the U.S. government, or bonds of public authorities, counties, or municipalities. The City does not have a deposit policy for custodial credit risk. At June 30, 2021, the carrying amount of the City's cash deposits with financial institutions was \$31,139,018 and the financial institution's balances totaled \$33,187,977. As of June 30, 2021, all of the City's deposits were covered by federal depository insurance or by collateral held in the pledging financial institutions' trust department in the City's name. The City's cash on hand at June 30, 2021, amounted to \$1,850. Accordingly, the City was not exposed to custodial credit risk.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 3. CASH AND INVESTMENTS (CONTINUED)

#### *Interest Rate Risk – Investments*

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. As of June 30, 2021, the City had no investments subject to interest rate risk.

#### *Credit Risk – Investments*

Credit risk for investments is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. State statute authorizes the City to invest in obligations of the United States and agencies thereof; general obligations of the State of South Carolina or any of its political units provided such obligations are rated as an "A" or better by Moody's Investors Service, Inc. and Standard and Poor's Corporation or their respective successors; interest bearing accounts in savings and loan associations to the extent that the same are insured by an agency of the Federal government; certificates of deposit where the certificates are collaterally secured by securities of the type described above, held by a third party as escrow agent or custodian, of a fair value not less than the amount of the certificates of deposit so secured, including interest, provided, however, such collateral shall not be required to the extent the same are insured by an agency of the United States Government; or deposit accounts with banking institutions insured and secured in the same manner. The statutes provide that all authorized investments shall have maturities consistent with the time or times when the invested monies will be needed in cash. Statutes also allow the State Treasurer to assist local governments in investing funds. The City is under no contractual agreements which restrict investment alternatives. The City has no investment policy that would further limit its investment choices other than its compliance with State Law. As of June 30, 2021, the City had no investments subject to credit risk.

#### *Custodial Credit Risk – Investments*

Custodial credit risk for investments is the risk that, in the event of a bank failure, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment balances were covered by collateral held by the financial institution's trust department in the City's name. The City does not have an investment policy for custodial credit risk. As of June 30, 2021, the City had no investments subject to custodial credit risk.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 3. CASH AND INVESTMENTS (CONTINUED)

#### *Fair Value Measurements*

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

As of June 30, 2021, the City reported no investments subject to reporting in the fair value hierarchy.

### NOTE 4. RECEIVABLES

Receivables as of year-end, including the applicable allowances for uncollectible accounts, are as follows:

	<b>General Fund</b>	<b>Water and Fund Sewer</b>	<b>Nonmajor Governmental Funds</b>
Receivables:			
Property taxes	\$ 1,485,474	\$ -	\$ -
Sanitation and fire hydrant fees	94,259	-	-
Water and sewer accounts	-	3,431,962	-
Wastewater Treatment Plant contribution	-	90,037	-
Accommodations taxes	-	-	39,227
Other	564,222	-	1,773
Gross receivables	2,143,955	3,521,999	41,000
Less allowance for uncollectible	(1,261,053)	(858,920)	-
Net receivables	\$ 882,902	\$ 2,663,079	\$ 41,000

During 2018, the City executed a long-term note receivable with a developer. The note was for \$106,875 in capacity fees. It is payable monthly in the amount of \$2,227 with final payment due March 21, 2022. At June 30, 2021, the balance, reported in the Water and Sewer Fund, was \$20,039 and imputed interest is deemed immaterial.

**NOTES TO FINANCIAL STATEMENTS**

**NOTE 5. DUE TO/FROM OTHER FUNDS (INTERNAL BALANCES)**

The composition of interfund balances at June 30, 2021, were as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Nonmajor Governmental Funds	\$ 180,040
General Fund	Water and Sewer Fund	28,782
Nonmajor Governmental Funds	Water and Sewer Fund	7,017
Water and Sewer Fund	General Fund	14,193
		<u>\$ 230,032</u>

The composition of interfund transfers as of June 30, 2021, consisted of the following:

<u>Transfer in</u>	<u>Transfer out</u>	<u>Amount</u>
General Fund	Nonmajor Governmental Funds	\$ 879,337
Total transfers		<u>\$ 879,337</u>

Interfund balances largely result from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made.

**THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK.**

## NOTES TO FINANCIAL STATEMENTS

### NOTE 6. CAPITAL ASSETS

Capital asset activity for the governmental activities for the year ended June 30, 2021, is as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Transfers</u>	<u>Ending Balance</u>
<b>Governmental activities:</b>					
Capital assets, not being depreciated:

Depreciation expense totaled \$6,016,057 for the year ended June 30, 2021. Depreciation expense charged to Governmental above was not allocated to specific functions in the Statement of Activities, as the City does not have a reasonable basis for allocation.

No interest was capitalized as part of the construction cost for Business-type Activities during the year ended June 30, 2021.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 7. LONG-TERM DEBT OBLIGATIONS

Long-term debt of the City at June 30, 2021, consisted of the following:

#### A. Governmental Activities

Tax Increment Finance (TIF) Junior Lien Bonds, Series 2017, \$8,000,000, dated August 1, 2017, principal and interest (3.0%-4.0%) payable semi-annually, final payment due June 2037.	\$ 6,815,000
Installment purchase contract - (vehicles) \$374,000, dated August 14, 2017, interest at 1.78% per annum (payable monthly with principal), final payment due August 2021.	24,163
Installment purchase contract - (self-contained breathing apparatus) \$283,556, dated February 21, 2019, interest at 2.86% per annum (payable monthly with principal), final payment due March 2023.	122,097
Installment purchase contract - (vehicles) \$364,000, dated September 25, 2019, interest at 2.21% per annum (payable monthly with principal), final payment due October 2023.	216,371
Installment purchase contract - (vehicle) \$251,595, dated January 8, 2021, interest at 1.25% per annum (payable monthly with principal), final payment due January 2024.	217,212
	7,394,843
Less, current portions due within one year:	
TIF Junior lien bonds, Series 2017	(315,000)
Installment purchase contracts	(271,311)
Add, bond premium:	
Series 2017 bond premium (\$436,275 net of \$138,207 accumulated amortization)	298,068
	\$ 7,106,600

#### Series 2017 TIF Junior Lien Bonds

The City issued \$8.0 million tax increment financing (TIF) bond, Series 2017, dated August 1, 2017, for the purpose of financing certain improvements in the Redevelopment District (as defined in the amended Redevelopment Plan), including (i) demolition of certain properties within the Redevelopment Project Area; (ii) general infrastructure improvements of water, sewer, stormwater and roadways; (iii) construction of a new public safety facility; (iv) improvements and repairs to the City's Riverwalk and related greenway projects along the Congaree River; (v) the development and construction of an Interpretive Center; and (vi) certain other public development activities, improvements, and projects. The TIF Bonds are secured by Pledge Incremental Revenues collected from ad-valorem taxes within the District and deposited into a Special Tax Allocation Fund. The bonds are additionally secured by a pledge of the City's Water and Sewer Utility System revenues and thus constitutes a 'junior lien' (as defined in the Utility Bond Ordinance). Amortization expense on the bond premium totaled \$72,766 for the year end June 30, 2021, which is reported as part of interest expense.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 7. LONG-TERM DEBT OBLIGATIONS (CONTINUED)

#### A. Governmental Activities (Continued)

##### Series 2017 TIF Junior Lien Bonds (Continued)

The annual debt service requirements for the 2017 TIF bonds are as follows at June 30, 2021:

TIF Bond, Series 2017 Year ending June 30,	Principal	Interest	Total
2022	\$ 315,000	\$ 252,062	\$ 567,062
2023	325,000	242,613	567,613
2024	340,000	229,612	569,612
2025	355,000	216,013	571,013
2026	365,000	201,812	566,812
2027-2031	2,065,000	777,463	2,842,463
2032-2036	2,500,000	351,494	2,851,494
2037	550,000	18,562	568,562
Total	<u>\$ 6,815,000</u>	<u>\$ 2,289,631</u>	<u>\$ 9,104,631</u>

##### Installment Purchase Contracts

During FY 2017-2018, the City entered into an installment purchase contract totaling \$374,000 for certain equipment and vehicles. At June 30, 2021, the outstanding balance totaled \$24,163. During FY 2018-2019, the City entered into an installment purchase contract totaling \$283,556 for a self-contained breathing apparatus. At June 30, 2021, the outstanding balance totaled \$122,097. During FY 2019-2020, the City entered into an installment purchase contract totaling \$364,000 for acquiring certain vehicles. At June 30, 2021, the outstanding balance totaled \$216,371. During FY 2020-2021, the City entered into an installment purchase contract totaling \$251,595 for acquiring certain vehicles. At June 30, 2021, the outstanding balance totaled \$217,212. The notes are collateralized by certain equipment and vehicles used in the Governmental Activities (General Fund) operation. The annual debt service requirements for the installment purchase contracts are as follows at June 30, 2021:

Installment Purchase Contracts Year ending June 30,	Principal	Interest	Total
2022	\$ 271,311	\$ 8,805	\$ 280,116
2023	227,254	3,586	230,840
2024	81,278	359	81,637
Total	<u>\$ 579,843</u>	<u>\$ 12,750</u>	<u>\$ 592,593</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 7. LONG-TERM DEBT OBLIGATIONS (CONTINUED)

#### B. Business-type Activities

Clean Water State Revolving Funds (SRF) Loan, Series 2002, \$1,650,000, dated December 1, 2002, principal and interest (3.75% per annum), payable quarterly, final payment due September 2023.	\$ 230,167
Water and Sewer System Refunding Revenue Bonds, Series 2016A (taxable), \$8,470,000, dated March 29, 2016, principal and interest (.95% - 3.22% per annum), payable semi-annually, final payment due July 2024.	3,310,000
Water and Sewer System Refunding Revenue Bonds, Series 2016B (non-taxable), \$4,500,000, dated March 29, 2016, principal and interest (3.00% - 4.00% per annum), payable semi-annually, final payment due July 2028.	4,500,000
Clean Water State Revolving Funds (SRF) Loan, Series 2017, \$24,560,378, dated February 9, 2017, principal and interest (1.80% per annum), payable quarterly, final payment due December 2048.	22,976,971
Water and Sewer System Refunding Revenue Bonds, Series 2020, \$20,535,000. dated July 21, 2020, principal and interest (2.05% - 5.00%), payable semi-annually, final payment due June 2036.	19,340,000
Installment purchase contract - (water meters) \$1,200,000, dated March 27, 2018, interest at 2.63% per annum, final payment due March 2022.	234,709

Total	<u>\$ 22,976,971</u>	<u>\$ 6,034,678</u>	<u>\$ 29,011,649</u>

##### Series 2002 SRF Loan

The City issued \$1,605,115 Clean Water State Revolving Fund Loan, Series 2002 for the purpose of defraying costs associated with certain Water and Sewer Fund infrastructure improvements. The Series 2002 loan is secured by and payable solely from a pledge of and lien upon the Net Revenues (as defined in the Series Ordinance) on a parity with the pledge thereof securing the payment of the Outstanding Bonds (as defined in the Series Ordinance) and any other Additional Bonds (as defined in the Series Ordinance) hereafter issued. The annual debt service requirements for the 2002 SRF loan are as follows at June 30, 2021:

<b>SRF Loan, Series 2002</b>			
<b>Year ending June 30,</b>	<b>Principal</b>	<b>Interest</b>	<b>Total</b>
2022	\$ 100,862	\$ 4,332	\$ 105,194
2023	103,151	2,043	105,194
2024	26,154	147	26,301
Total	<u>\$ 230,167</u>	<u>\$ 6,522</u>	<u>\$ 236,689</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 7. LONG-TERM DEBT OBLIGATIONS (CONTINUED)

#### B. Business-type Activities (Continued)

##### Series 2016 A&B Bonds and Defeasance of Series 2007A Bonds

The City issued \$8,470,000 Series 2016A and \$4,500,000 Series 2016B Water and Sewer System Refunding Revenue Bonds, dated March 29, 2016, to advance refund the outstanding principal amounts of the Series 2007A Water and Sewer System Refunding and Improvement Revenue Bonds, (original principal amount of \$18,795,000 dated September 11, 2007). Net amortization of the Series 2016A discount and the Series 2016B premium was \$61,476 for the year ended June 30, 2021. Proceeds from the Series 2016A&B bonds were used to (1) redeem the callable portion of the Series 2007A bonds and (ii) establish an irrevocable escrow fund (trust account) held by a third-party. The amounts deposited in the trust account are invested in U.S. treasury securities and the interest and principal thereof shall be applied to the payment of the principal and interest on each of the outstanding Series 2007A bonds payable through July 1, 2020. The Series 2007A bonds are considered defeased 'in-substance' for accounting and financial reporting purposes, and the trust account assets and the liability for the defeased bonds are not included in the City's financial statements.

The Series 2016A bonds shall not be subject to optional redemption prior to their stated maturities. The Series 2016B bonds maturing on and after July 1, 2027, are subject to redemption at any time on and after July 1, 2026, at a redemption price of par plus accrued interest to the date of redemption.

The annual debt service requirements for the 2016A bonds are as follows at June 30, 2021:

##### Revenue Bond, Series 2016A

<u>Year ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2022	\$ 800,000	\$ 84,933	\$ 884,933
2023	820,000	63,658	883,658
2024	925,000	38,508	963,508
2025	765,000	12,317	777,317
Total	<u>\$ 3,310,000</u>	<u>\$ 199,416</u>	<u>\$ 3,509,416</u>

## NOTES TO FINANCIAL STATEMENTS

##### Series 2020 Bond and Defeasance of Series 2009 and Series 2015 SRF Loans

The City issued \$20,535,000 Water and Sewer System Refunding Revenue Bonds, Series 2020, dated July 21, 2020, to (i) refund the outstanding principal amount of the Series 2009 Clean Water State Revolving Funds (SRF) Loan dated September 15, 2008; and (ii) refund the outstanding principal amount of the Series 2015 Clean Water State Revolving Funds (SRF) Loan dated January 29, 2015. Maturities on the Series 2020 Bonds mature serially on June 1, 2021 through June 1, 2036. The Series 2020 Bonds maturing on or after June 1, 2030, are subject to redemption prior to maturity, at the option of the City, at any time on and after June 1, 2029, as a whole or in part, at a redemption price equal to 100% of par plus accrued interest to the date of redemption. The Series 2020 Bonds are issued pursuant to the City's Master Bond Ordinance, dated February 2, 2016, and the applicable Series Ordinance dated April 22, 2020, and are secured by and payable from a pledge of the Net Revenues on a parity with the pledge of Net Revenues that secure the Outstanding Bonds and any Additional Bonds issued pursuant to the Bond Ordinance. The defeasance transaction of the Series 2009, 2015, and 2020 bonds resulted in an economic gain of \$1,174,594, a cash flow savings of \$1,377,638, and a deferred loss on the refunding of \$360,147, which is being amortized over the shorter life of the new refunding debt or the refunded (old) debt, with such amount being reported as a deferred outflow of resources on the Statement of Net Position. For the year ended June 30, 2021, accumulated amortization totaled \$32,741 and amortization expense of the bond refunding loss equaled \$32,741.

Total	<u>\$ 19,340,000</u>	<u>\$ 5,327,491</u>	<u>\$ 24,667,491</u>

##### Wastewater System Contracts — State Revolving Fund Loans

Pursuant to the 208 Water Quality Management Plan developed by the Central Midlands Council of Governments, the City has been designated as the wastewater treatment service regional provider. Accordingly, the City, in addition to its inside and outside customers, has various intergovernmental agreement customers. The following agreements also involve State Revolving Fund loans.

##### *Springdale Agreement*

On August 30, 2001, the City and the City of Springdale entered into an agreement where the City provides sewer services to certain residents within the municipal limits of Springdale. Pursuant to the terms, Springdale pays the City an amount equal to all debt service and related costs associated with the Series 2002 SRF Loan, Annual remittances total \$105,194, and under the terms of the contract, have been accounted for as sewer service revenue. Such contract and receipt of revenues shall be required for all periods that the Series 2002 SRF Loan is outstanding but are contingent based on the annual budget appropriated by the City of Springdale. The Series 2002 SRF Loan matures on September 1, 2023.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 7. LONG-TERM DEBT OBLIGATIONS (CONTINUED)

#### B. Business-type Activities (Continued)

##### *Lexington and Commission Agreement*

On August 28, 2009, the City entered into a Wastewater Services Agreement with the City of Lexington and the Lexington County Joint Municipal Water and Sewer Commission, which has a stated term of 30 years and may be automatically renewed for 2 successive 10-year periods thereafter. Pursuant to the Agreement, the Commission pays the City principal, interest and debt service coverage for 30.183% of the Series 2009 SRF Loan debt service requirements (in addition to other rates and charges). The monthly payment amount is \$52,894, or \$634,728 annually, plus an additional 15% of such amount for debt service coverage. According to the Agreement, revenue generated by the Debt Service Charge (as defined in the Agreement) shall be considered operating revenue for the City.

##### **Installment Purchase Contracts**

During fiscal year 2018, the City entered into an installment lease-purchase contract totaling \$1,200,000, dated March 27, 2018, for water meters. The note is collateralized by certain equipment used in the Business-type Activities (Water and Sewer Utility Fund) operations. At June 30, 2021, the outstanding balance totaled \$234,709. The annual debt service requirements for the installment purchase contracts are as follows at June 30, 2021:

##### **Installment Purchase Contracts**

<u>Year ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2022	\$ 234,709	\$ 2,580	\$ 237,289
Total	<u>\$ 234,709</u>	<u>\$ 2,580</u>	<u>\$ 237,289</u>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 7. LONG-TERM DEBT OBLIGATIONS (CONTINUED)

Changes in the long-term debt of the City during the year ended June 30, 2021, were as follows:

	<u>Beginning Balance</u>	<u>Additions</u>	<u>Retirements</u>	<u>Ending Balance</u>	<u>Due within One Year</u>
<b>Governmental Activities:</b>					
TIF Revenue Bonds - Series 2017	\$ 7,125,000	\$ -	\$ (310,000)	\$ 6,815,000	\$ 315,000
Premium on bonds	370,834	-	(72,766)	298,068	-

Total OPEB liability	2,825,033	-	(1,360,886)	1,464,147	-
	<u>\$ 25,347,421</u>	<u>\$ 2,714,726</u>	<u>\$ (2,232,857)</u>	<u>\$ 25,829,290</u>	<u>\$ 746,669</u>
<b>Business-type Activities:</b>					
State revolving loans (direct borrowings)	\$ 48,476,545	\$ -	\$ (25,269,407)	\$ 23,207,138	\$ 756,600
Water and Sewer System revenue bonds	8,590,000	20,535,000	(1,975,000)	27,150,000	2,150,000
Premium on bonds	440,564	4,109,478	(611,545)	3,938,497	-
Discount on bonds	(22,385)	-	11,912	(10,473)	-
Total revenue bonds	9,008,179	24,644,478	(2,574,633)	31,078,024	2,150,000
Installment purchase contracts (direct borrowings)	540,547	-	(305,838)	234,709	234,709
Accrued compensated absences	189,456	84,275	(96,122)	177,609	96,122
Net pension liability	6,909,945	897,408	-	7,807,353	-
Total OPEB liability	583,946	-	(259,673)	324,273	-
	<u>\$ 65,708,618</u>	<u>\$ 25,626,161</u>	<u>\$ (28,505,673)</u>	<u>\$ 62,829,106</u>	<u>\$ 3,237,431</u>

For the City's governmental activities, the General Fund is used to liquidate the accrued compensated absences, the net pension liability, and the total OPEB liability.

#### Revenue Bond Covenants

There are a number of limitations and restrictions contained in the City's revenue bond ordinances and indentures. In 2016, the City adopted a Master Bond Ordinance where it requires, among other requirements, for the City to prescribe and maintain rates and charges for services and facilities furnished by the Water and Sewer Utility system which, together with other income, are reasonably expected to yield annual Net Earnings (as defined in the Bond Ordinance) in the current fiscal year equal to at least the sum of 115% of the Annual Principal and Interest Requirement in such fiscal year for all bonds outstanding. Net Earnings under the Bond Ordinance include Capital Facility Charges.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 7. LONG-TERM DEBT OBLIGATIONS (CONTINUED)

#### Security for Revenue Bonds and SRF Loans

As stated earlier and pursuant to the Master Bond Ordinance and applicable Series ordinances, the City's Revenue Bonds and SRF loans are secured by and payable from a pledge of the Utility System's Net Revenues (as defined in the Master Bond Ordinance). The pledge and liens securing the SRF Loans (Series' 2002, 2009, 2015 and 2017) are on parity in all respects with the pledge and liens securing the revenue bonds (Series 2016A&B). Security for the Series 2017 Tax Increment Financing (TIF) Bonds is an irrevocable pledge of certain incremental property tax revenues derived from the Redevelopment District (Pledged Incremental Revenues as defined in the Ordinance). If Pledged Incremental Revenues are insufficient to make bond payments, the City pledged Net Revenues from its Water and Sewer Utility System, which results in a Junior Lien Bond.

#### Redemptions

The Series 2016A Bonds shall not be subject to optional redemption prior to their stated maturities. The Series 2016B Bonds maturing on and after July 1, 2027, are subject to redemption at any time on and after July 1, 2026, at a redemption price of par plus accrued interest to the date of redemption. The City may prepay any outstanding SRF Loan balances plus accrued interest thereon without penalty. Redemption of the Series 2017 TIF Bonds maturing subsequent to June 15, 2027, are subject to redemption prior to maturity at the option of the City, on and after June 15, 2027, as a whole or in part at any time, at a redemption price equal to 100% of the principal amount thereof to be redeemed, together with interest accrued thereon to the date of redemption.

#### Events and Remedies of Default

Pursuant to the Master Bond Ordinance, and as more fully described in Article XIII and XIV thereto, an event of default can occur when (i) payment of principal and interest on any Bond is not made when the same is due and payable, (ii) payment of principal and interest on any Junior Lien Bond is not made when the same is due and payable, (iii) the City does not comply with its Rate Covenant subject to certain exceptions as described in the Master Bond Ordinance, (iv) the City is incapable of fulfilling its obligations under the Master Bond Ordinance, or series bond ordinance(s), including a failure to operate the Water and Sewer Utility System in an efficient and businesslike fashion so as to materially impair the operations of the System if such cannot be corrected within a thirty (30) day period after written notice, or (v) the City defaults under any reimbursement agreement between the City and a provider of a surety bond, insurance policy or letter of credit. Upon the occurrence of an Event of Default, the Trustee may, and shall upon the written request of the Bond Holders of not less than fifty-one (51%) in the aggregate principal amount of outstanding bonds, declare all outstanding principal and accrued interest of bonds be immediately due and payable from all moneys and securities then held by the City.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 8. EMPLOYEE RETIREMENT PLANS

#### Retirement Plan

##### *Overview:*

The South Carolina Public Employee Benefit Authority (PEBA), created July 1, 2012, and governed by an 11-member Board, is the state agency responsible for the administration and management of the various Retirement Systems and retirement programs of the state of South Carolina, including the State Optional Retirement Program and the S.C. Deferred Compensation Program, as well as the state's employee insurance programs. As such, PEBA is responsible for administering the South Carolina Retirement Systems' five defined benefit pension plans. PEBA has an 11-member Board of Directors, appointed by the Governor and General Assembly leadership, which serves as custodian, co-trustee and co-fiduciary of the Systems and the assets of the retirement trust funds. The Retirement System Investment Commission (Commission as the governing body, RSIC as the agency), created by the General Assembly in 2005, has exclusive authority to invest and manage the retirement trust funds' assets. The Commission, an eight-member board, serves as co-trustee and co-fiduciary for the assets of the retirement trust funds. By law, the State Fiscal Accountability Authority (SFAA), which consists of five elected officials, also reviews certain PEBA Board decisions regarding the actuary of the Systems. For purposes of measuring the net pension liability, deferred outflows and inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Systems and additions to/deductions from the Systems fiduciary net position have been determined on the accrual basis of accounting as they are reported by the Systems in accordance with generally accepted accounting principles (GAAP). For this purpose, revenues are recognized when earned and expenses are recognized when incurred. Benefit and refund expenses are recognized when due and payable in accordance with the terms of the plan. Investments are reported at fair value. PEBA issues an Annual Comprehensive Financial Report (ACFR) containing financial statements and required supplementary information for the Systems' Pension Trust Funds. The ACFR is publicly available through the Retirement Benefits' link on PEBA's website at [www.peba.sc.gov](http://www.peba.sc.gov), or a copy may be obtained by submitting a request to PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered a division of the primary government of the state of South Carolina and therefore, retirement trust fund financial information is also included in the ACFR of the state.

##### *Plan Description:*

The South Carolina Retirement System (SCRS), a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1945, pursuant to the provisions of Section 9-1-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits for teachers and employees of the state and its political subdivisions. SCRS covers employees of state agencies, public school districts, higher education institutions, other participating local subdivisions of government and individuals newly elected to the South Carolina General Assembly at or after the 2012 general election.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 8. EMPLOYEE RETIREMENT PLANS (CONTINUED)

#### Retirement Plan (Continued)

##### *Plan Description (Continued):*

The South Carolina Police Officers Retirement System (PORS), a cost-sharing multiple-employer defined benefit pension plan, was established July 1, 1962, pursuant to the provisions of Section 9-11-20 of the South Carolina Code of Laws for the purpose of providing retirement and other benefits to police officers and firefighters. PORS also covers peace officers, coroners, probate judges and magistrates.

##### *Membership:*

Membership requirements are prescribed in Title 9 of the South Carolina Code of Laws. A brief summary of the requirements under each system is described below.

**South Carolina Retirement System** - Generally, all employees of covered employers are required to participate in and contribute to the SCRS as a condition of employment. This plan covers general employees, teachers and individuals newly elected to the South Carolina General Assembly beginning with the November 2012 general election. An employee member of the SCRS with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the SCRS with an effective date of membership on or after July 1, 2012, is a Class Three member.

**South Carolina Police Officers Retirement System** - To be eligible for PORS membership, an employee must be required by the terms of his employment, by election or appointment, to preserve public order, protect life and property, and detect crimes in the state; to prevent and control property destruction by fire; or to serve as a peace officer employed by the Department of Corrections, the Department of Juvenile Justice, or the Department of Mental Health. Probate judges and coroners may elect membership in PORS. Magistrates are required to participate in PORS for service as a magistrate. PORS members, other than magistrates and probate judges, must also earn at least \$2,000 per year and devote at least 1,600 hours per year to this work, unless exempted by statute. An employee member of the system with an effective date of membership prior to July 1, 2012, is a Class Two member. An employee member of the system with an effective date of membership on or after July 1, 2012, is a Class Three member.

##### *Benefits:*

Benefit terms are prescribed in Title 9 of the South Carolina Code of Laws. PEBA does not have the authority to establish or amend benefit terms without a legislative change in the code of laws. Key elements of the benefit calculation include the benefit multiplier, years of service, and average final compensation. A brief summary of benefit terms for each system is presented below.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 8. EMPLOYEE RETIREMENT PLANS (CONTINUED)

#### Retirement Plan (Continued)

**South Carolina Retirement System** - A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 65 or with 28 years credited service regardless of age. A member may elect early retirement with reduced pension benefits payable at age 55 with 25 years of service credit. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension upon satisfying the Rule of 90 requirement that the total of the member's age and the member's creditable service equals at least 90 years. Both Class Two and Class Three members are eligible to receive a reduced deferred annuity at age 60 if they satisfy the five- or eight-year earned service requirement, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program.

The annual retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase. Members who retire under the early retirement provisions at age 55 with 25 years of service are not eligible for the benefit adjustment until the second July 1 after reaching age 60 or the second July 1 after the date they would have had 28 years of service credit had they not retired.

**South Carolina Police Officers Retirement System** - A Class Two member who has separated from service with at least five or more years of earned service is eligible for a monthly pension at age 55 or with 25 years of service regardless of age. A Class Three member who has separated from service with at least eight or more years of earned service is eligible for a monthly pension at age 55 or with 27 years of service regardless of age. Both Class Two and Class Three members are eligible to receive a deferred annuity at age 55 with five or eight years of earned service, respectively. An incidental death benefit is also available to beneficiaries of active and retired members of employers who participate in the death benefit program. Accidental death benefits are also provided upon the death of an active member working for a covered employer whose death was a natural and proximate result of an injury incurred while in the performance of duty.

The retirement allowance of eligible retirees or their surviving annuitants is increased by the lesser of one percent or five hundred dollars every July 1. Only those annuitants in receipt of a benefit on July 1 of the preceding year are eligible to receive the increase.

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 8. EMPLOYEE RETIREMENT PLANS (CONTINUED)

#### Retirement Plan (Continued)

##### *Contributions:*

Actuarial valuations are performed annually by an external consulting actuary to ensure applicable contribution rates satisfy the funding parameters specified in Title 9 of the South Carolina Code of Laws. Under these provisions, SCRS and PORS contribution requirements must be sufficient to maintain an amortization period for the financing of the unfunded actuarial accrued liability (UAAL) over a period that does not exceed the number of years scheduled in state statute. Legislation in 2017 increased, but also established a ceiling for SCRS and PORS employee contribution rates. Effective July 1, 2017, employee rates were increased to a capped rate of 9.00 percent for SCRS and 9.75 percent for PORS. The legislation also increased employer contribution rates beginning July 1, 2017, for both SCRS and PORS by two percentage points and further scheduled employer contribution rates to increase by a minimum of one percentage point in accordance with state statute. However, the General Assembly postponed the one percent increase in the SCRS and PORS employer contributions rates that was scheduled to go into effect beginning July 1, 2020. If the scheduled contributions are not sufficient to meet the funding periods set in state statute, the Board shall increase the employer contribution rates as necessary to meet the funding periods set for the applicable year. The maximum funding period of SCRS and PORS is scheduled to be reduced over a ten-year schedule from 30 years beginning fiscal year 2018 to 20 years by fiscal year 2028.

Additionally, the Board is prohibited from decreasing the SCRS and PORS contribution rates until the funded ratio is at least 85 percent. If the most recent annual actuarial valuation of the Systems for funding purposes shows a ratio of the actuarial value of system assets to the actuarial accrued liability of the system (the funded ratio) that is equal to or greater than 85 percent, then the Board, effective on the following July 1, may decrease the then current contribution rates upon making a finding that the decrease will not result in a funded ratio of less than 85 percent. If contribution rates are decreased pursuant to this provision, and the most recent annual actuarial valuation of the system shows a funded ratio of less than 85 percent, then effective on the following July 1, and annually thereafter as necessary, the Board shall increase the then current contribution rates until a subsequent annual actuarial valuation of the system shows a funded ratio that is equal to or greater than 85 percent. For the fiscal year ended June 30, 2021, the City contributed \$1,069,425 to the SCRS plan and \$707,651 to the PORS plan.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 8. EMPLOYEE RETIREMENT PLANS (CONTINUED)

#### Retirement Plan (Continued)

##### *Contributions (Continued):*

Required employee contribution rates for the year ended June 30, 2021, are as follows:

##### **South Carolina Retirement System**

Employee class two	9.00% of earnable compensation
Employee class three	9.00% of earnable compensation

##### **South Carolina Police Officers Retirement System**

Employee class two	9.75% of earnable compensation
Employee class three	9.75% of earnable compensation

Required employer contribution rates for the year ended June 30, 2021, are as follows:

##### **South Carolina Retirement System**

Employer class two	15.41% of earnable compensation
Employer class three	15.41% of earnable compensation
Employer incidental death benefit	0.15% of earnable compensation

##### **South Carolina Police Officers Retirement System**

Employer class two	17.84% of earnable compensation
Employer class three	17.84% of earnable compensation
Employer incidental death benefit	0.20% of earnable compensation
Employer accidental death program	0.20% of earnable compensation

##### *Net Pension Liability:*

The June 30, 2020, (the measurement date) total pension liability, net pension liability, and sensitivity information were determined by the consulting actuary, Gabriel, Roeder, Smith and Company (GRS) and are based on the July 1, 2019. The total pension liability was rolled-forward from the valuation date to the plan's fiscal year ended June 30, 2020, using generally accepted actuarial principles. Information included in the following schedules is based on the certification provided by GRS.

The net pension liability is calculated separately for each system and represents that particular system's total pension liability determined in accordance with GASB No. 67, less that system's fiduciary net position. As of June 30, 2021, (measurement date of June 30, 2020), the net pension liability amounts associated with the SCRS and PORS plans on the following page.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 8. EMPLOYEE RETIREMENT PLANS (CONTINUED)

#### Retirement Plan (Continued)

##### *Net Pension Liability (Continued):*

System	Total Pension Liability	Plan Fiduciary Net Position	Employers' Net Pension Liability	Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	City's Proportionate Share of the Collective Net Pension Liability
SCRS	\$ 51,844,187,763	\$ 26,292,418,682	\$ 25,551,769,081	50.7%	0.059726%
PORS	\$ 8,046,386,629	\$ 4,730,174,642	\$ 3,316,211,987	58.8%	0.264984%

##### *Actuarial Assumptions and Methods:*

Actuarial valuations of the plan involve estimates of the reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and future salary increases. Amounts determined regarding the net pension liability are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. South Carolina state statute requires that an actuarial experience study be completed at least once in each five-year period. An experience report on the Systems was most recently issued for the period ending June 30, 2019, for the first use in the July 1, 2021, actuarial valuation.

The following table provides a summary of the actuarial assumptions and methods used in the July 1, 2019, valuations for SCRS and PORS.

	<u>SCRS</u>	<u>PORS</u>
Actuarial cost method	Entry Age Normal	Entry Age Normal
Actuarial assumptions:		
Investment rate of return	7.25%	7.25%
Projected salary increases	3.0% to 12.5% (varied by service)	3.5% to 9.5% (varies by service)
Includes inflation at	2.25%	2.25%
Benefit adjustments	lesser of 1% or \$500	lesser of 1% or \$500

The post-retiree mortality assumption is dependent upon the member's job category and gender. The base mortality assumption, the 2016 Public Retirees of South Carolina Mortality table (2016 PRSC), was developed using the Systems' mortality experience. These base rates are adjusted for future improvement in mortality using published Scale AA projected from the year 2016.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 8. EMPLOYEE RETIREMENT PLANS (CONTINUED)

#### Retirement Plan (Continued)

##### *Actuarial Assumptions and Methods (Continued):*

Former Job Class	Males	Females
General Employees and Members of the General Assembly	2016 PRSC Males multiplied by 100%	2016 PRSC Females multiplied by 111%
Public Safety and Firefighters	2016 PRSC Males multiplied by 125%	2016 PRSC Females multiplied by 111%

The long-term expected rate of return on pension plan investments is based upon 20-year capital market assumptions. The long-term expected rates of return represent assumptions developed using an arithmetic building block approach primarily based on consensus expectations and market-based inputs. Expected returns are net of investment fees.

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation adopted at the beginning of the 2020 fiscal year. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and adding expected inflation and is summarized in the table below. For actuarial purposes, the 7.25 percent assumed annual investment rate of return used in the calculation of the TPL includes a 5.00 percent real rate of return and a 2.25 percent inflation component.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the table on the following page.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 8. EMPLOYEE RETIREMENT PLANS (CONTINUED)

#### Retirement Plan (Continued)

*Discount Rate:*

The discount rate used to measure the TPL was 7.25 percent. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS and PORS will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, the System's fiduciary net position was projected to be available to make all the projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the TPL. The following table presents the sensitivity of the net pension liability.

#### Sensitivity of the Net Position Liability to Changes in the Discount Rate

Fiscal Year	1% Decrease (6.25%)	Current Discount Rate (7.25%)	1% Increase (8.25%)
SCRS	\$ 18,914,325	\$ 15,261,150	\$ 12,210,706
PORS	11,633,101	8,787,447	6,502,570

*Pension Expense:*

For the year ended June 30, 2021, the City recognized its proportionate share of collective pension expense of \$1,707,568 and recognition of deferred amounts from changes in proportionate share and differences between employer contributions and the proportionate share of total plan employer contributions of \$183,285 for a total of \$1,890,853 for the SCRS plan. Additionally, for the year ended June 30, 2021, the City recognized its proportionate share of collective pension expense of \$1,265,806 and recognition of deferred amounts from changes in proportionate share and differences between employer contributions and the proportionate share of total plan employer contributions of \$219,456 for a total of \$1,485,262 for the PORS plan.

#### Retirement Plan (Continued)

*Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:*

At June 30, 2021, the City reported deferred outflows of resources and deferred inflows of resources related to the SCRS and PORS pension plans, respectively, from the following sources:

<b>South Carolina Retirement System</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 176,093	\$ 57,709
Changes of assumptions	18,697	-
Net difference between projected and actual earnings on pension plan investments	1,122,585	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	192,282	3,430
Employer contributions subsequent to the measurement date	1,069,425	-
<b>Total</b>	<b>\$ 2,579,082</b>	<b>\$ 61,139</b>
<b>South Carolina Police Officers Retirement System</b>	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 186,751	\$ 38,680
Changes of assumptions	107,236	-
Net difference between projected and actual earnings on pension plan investments	899,814	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	433,301	-
Employer contributions subsequent to the measurement date	707,651	-
<b>Total</b>	<b>\$ 2,334,753</b>	<b>\$ 38,680</b>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 8. EMPLOYEE RETIREMENT PLANS (CONTINUED)

#### Retirement Plan (Continued)

*Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued):* City contributions subsequent to the measurement date of \$1,069,425 and \$707,651 for the SCRS plan and the PORS plan, respectively, are deferred outflows of resources and will be recognized as a reduction of the net pension liability in the year ended June 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	<u>SCRS</u>	<u>PORS</u>
2022	\$ 304,632	\$ 542,665
2023	426,863	443,825
2024	430,565	360,730
2025	286,458	241,202
Total	<u>\$ 1,448,518</u>	<u>\$ 1,588,422</u>

*Pension Plan Fiduciary Net Position:*

Detailed information regarding the fiduciary net position of the plans administered by PEBA is available in the separately issued ACFR containing financial statements and required supplementary information for SCRS and PORS. The ACFR of the Pension Trust Funds is publicly available on PEBA's Retirement Benefits' website at [www.retirement.sc.gov](http://www.retirement.sc.gov), or a copy may be obtained by submitting a request to PEBA, P.O. Box 11960, Columbia, SC 29211-1960.

THE REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 9. OTHER POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

#### Plan Description

In addition to the pension benefits described in Note 8, the City's single employer defined benefit OPEB plan (the "Plan"), provides, if elected, other post-employment benefits for any employee who was hired prior to July 1, 2009, and who qualifies under the South Carolina Retirement System's regular service retirement and who has 15 years of service with the City. The program is a single employer defined benefit OPEB plan administered by the City, as approved by the Mayor and City Council. "Section 2-123" of the City Code published in 1996, adopted and effective May 14, 1996, grants the authority to establish and amend the benefit terms and financing requirements (funding policy) to the City Council. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. The plan does not issue separate stand-alone financial statements and is not included in the financial statements of another entity.

#### Plan Membership

As of June 30, 2021, measurement date of June 30, 2020, the Plan membership consisted of the following:

Active participants	48
Retirees and beneficiaries currently receiving benefits	17
Total	<u>65</u>

#### Benefits Provided

The OPEB plan offers retired employees' premium payments for the employee group health insurance (including dental and vision) at no cost. The City's medical policy premium rates are based upon age and ranged from \$513 to \$527 for the retiree, and from \$526 to \$539 for the spouse for the program year ended June 30, 2021. The retirees pay nothing for retiree only coverage and pay 100% for spouse coverage. The program covers the retired employee until the earlier of (1) the retired employee reaches age 65, or (2) the retired employee qualifies for health insurance under another plan. The spouse coverage ceases upon death of the retiree. The plan also provides all retirees with \$15,000 of life insurance benefits which costs \$44 per year, all of which is contributed by the employer.

#### City Contributions

The City's contributions are financed on a pay-as-you-go basis and, therefore, no trust fund has been established which would maintain plan assets. At June 30, 2021, the City had 17 retired employees with an average age of 62 years covered by the program with monthly premium costs averaging \$619 per participant.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 9. OTHER POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

#### Net OPEB Liability

At June 30, 2021, the City's total OPEB liability equaled \$1,788,420, of which \$1,464,147 was for Governmental Activities (General Fund) and \$324,273 was for Business-type Activities. This amount was based on an actuarial valuation as of June 30, 2020.

The components of the net OPEB Liability of the City as of June 20, 2020 (the measurement date), were as follows:

	<b>Total OPEB Liability (a)</b>
<b>Balances, beginning of year</b>	\$ 3,408,979
<b>Changes for the year:</b>	
Service cost	60,434
Interest	91,865
Difference between expected and actual experience	(1,682,277)
Assumption changes	75,091
Benefit payments, including refunds of employee contributions	(98,700)
Other changes	(66,972)
<b>Net changes</b>	(1,620,559)
<b>Balances, end of year</b>	\$ 1,788,420

## NOTES TO FINANCIAL STATEMENTS

### NOTE 9. OTHER POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

#### Actuarial Assumptions

The total OPEB liability in the actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Cost method	Entry Age Normal
Inflation	2.50%
Projected salary increases	3.00%
Discount rate	2.66%
Health care trend - medical	7.00%
Health care trend - dental	2.00%
Health care trend - life insurance	0.00%
Retiree contribution	0% for retiree, 100% for spouse
Mortality, disability, retirement, and withdrawal rates	South Carolina Retirement System (SCRS) and Police Officers Retirement System (PORS) Pension Valuation Reports as of July 1, 2020
Morbidity rates	Under age 65 - 4.00% per age South Carolina Retirement System (SCRS) and Police Officers Retirement System (PORS) Pension Valuation Reports as of July 1, 2020
Election at retirement	100%
Marital status	5% of retirees electing coverage will cover a spouse

Since the last actuarial valuation dated July 1, 2019, the discount rate was lowered to 2.66% per GASB 75, which state that the discount rate should be a yield or index rate for 20-year, tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher (or equivalent quality on another rating scale). A rate of 2.66% was used for the measurement period ending June 30, 2020 (used for financial reporting at June 30, 2021), which is the S&P Municipal Bond 20-Year High-Grade Rate Index as of June 30, 2020.

Projections of benefits are based on the substantive program (the program as understood by the City and participants) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the City and the participants to that point. Assumptions may be made about participant data or other factors. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in total other post-employment benefit (OPEB) liabilities and the actuarial value of other OPEB assets.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 9. OTHER POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

#### Sensitivity of the Net OPEB Liability to Changes in the Health Care Cost Trend Rates

The following exhibit presents the net OPEB liability of the Plan, calculated using current health care cost trend rates, as well as what the Plan's net OPEB liability would be if it were calculated using health care cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current rates.

#### Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rates

1% Decrease	Current Healthcare Cost Trend Rates	1% Increase
\$ 1,633,118	\$ 1,788,420	\$ 1,964,771

#### Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following exhibits present the net OPEB liability of the Plan, calculated using the discount rate of 2.66%, as well as what the Plan's net OPEB liability would be if it were calculated using a Discount Rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate:

#### Sensitivity of the Net OPEB Liability to Changes in the Discount Rates

1% Decrease (1.66%)	Discount Rate (2.66%)	1% Increase (3.66%)
\$ 1,902,965	\$ 1,788,420	\$ 1,679,868

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the OPEB plan and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of OPEB assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

## NOTES TO FINANCIAL STATEMENTS

### NOTE 9. OTHER POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

#### Deferred Outflows and Inflows of Resources Related to OPEB

Since certain expense items are recognized over closed periods each year, the deferred portions of these items must be tracked annually. If the amounts will increase OPEB Expense they are classified as *Deferred Outflows of Resources*. If they serve to reduce OPEB Expense they are classified as *Deferred Inflows of Resources*. The recognition of these amounts is accomplished on a level dollar basis, with no interest included in the deferred amounts. Experience gains/losses and the impact of changes in actuarial assumptions or other inputs, if any, are recognized over the average expected remaining service life of the active and inactive Plan members at the beginning of the measurement period. Investment gains and losses are recognized over a fixed six-year period.

	<b>Deferred Outflows of Resources</b>	<b>Deferred Inflows of Resources</b>
Differences between expected and actual experience	\$ 38,357	\$ 1,396,942
Changes of assumptions	448,967	5,822
City contributions subsequent to the measurement date	85,725	-
Total	<b>\$ 573,049</b>	<b>\$ 1,402,764</b>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

	<b>Outflows of Resources</b>	<b>Inflows of Resources</b>
<b>Year ended June 30:</b>		
2022	\$ 106,246	\$ 286,524
2023	106,246	286,524
2024	106,246	286,524
2025	106,246	286,524
2026	62,340	256,668
	<b>\$ 487,324</b>	<b>\$ 1,402,764</b>

## NOTES TO FINANCIAL STATEMENTS

### NOTE 9. OTHER POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (CONTINUED)

#### Deferred Outflows and Inflows of Resources Related to OPEB (Continued)

The City made contributions of \$85,725 subsequent to the measurement date of June 30, 2020, but within the fiscal year ended June 30, 2021, which will be recognized as a reduction in OPEB expense in fiscal year June 30, 2022.

### NOTE 10. RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City carries commercial property insurance coverage; general liability coverage; inland marine and automobile liability; professional and public official's liability; and various Fidelity bond coverages for its employees. There have been no significant reductions in insurance coverage in the current year and settled claims have not exceeded coverage in any of the last three fiscal years.

### NOTE 11. NET INVESTMENT IN CAPITAL ASSETS

Reported amounts for net investment in capital assets were as follows as of June 30, 2021:

	<b>Governmental Activities</b>	<b>Business-type Activities</b>
<b>Net Investment in Capital Assets:</b>		
Net capital assets	\$ 22,510,106	\$ 139,878,221
Less, capital related debt (net of unamortized bond premium/discount)	(7,692,911)	(54,519,871)
Add, deferred refunding charges	-	682,367
Add, unspent portion of debt proceeds	1,433,716	-
Total net investment in capital assets	\$ 16,250,911	\$ 86,040,717

## NOTES TO FINANCIAL STATEMENTS

---

### NOTE 12. COMMITMENTS AND CONTINGENCIES

#### Tax Abatements

The City's property tax revenues were reduced by \$1,175,633 under agreements entered into by Lexington County under Fee-in-lieu of Tax and Special Source Revenue Credit Program agreements for the year ended June 30, 2021. The State of South Carolina reimbursed Lexington County for \$5,072 of these revenues which the County subsequently remitted to the City.

#### Litigation

The City is party to legal proceedings that normally occur in governmental operations. City officials believe the legal proceedings are not likely to have a material adverse impact on the affected funds of the City.

#### Federal and State Assisted Programs

In the normal course of operations, the City receives grant funds from various federal and state agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Such audits could result in the refund of grant monies to the grantor agencies. However, management believes that any required refunds would be immaterial, and no provision has been made in the accompanying financial statements for the refund of grant monies.

### NOTE 13. RESTATEMENT

#### Change in Accounting Principle

In conjunction with the implementation of GASB Statement No. 84, *Fiduciary Activities*, the City is required to reevaluate the accounting treatment of fiduciary activities. The new standard requires the City to determine if funds are still considered fiduciary, and if so, if they are considered custodial funds under the new definitions of GASB Statement No. 84. Therefore, in conjunction with the implementation of GASB Statement No. 84, the following restatement was required to the beginning net position of the Fiduciary Activities to properly report the custodial funds as of July 1, 2020.

	<u>Custodial Funds</u>
Fiduciary net position, as previously reported	\$ -
Recognition of the beginning net position of the former Agency	10,683
Funds now reported as Custodial Funds	<u>\$ 10,683</u>

## NOTES TO REQUIRED SUPPLEMENTARY INFORMATION FOR THE YEAR ENDED JUNE 30, 2021

---

### **A. Budgets and Budgetary Accounting**

A legal operating budget is prepared annually for the General Fund and Water and Sewer Utility Fund: Informal budgetary controls are maintained for other funds, and accordingly, budgetary comparisons to actual are not presented. Generally, budgets are adopted on a basis consistent with generally accepted accounting principles. If applicable, project length financial plans are adopted for all capital project funds.

The City follows the procedures described below in establishing its annual budget.

- By April 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures (expenses) and the means of financing them.
- Public hearings are conducted to obtain taxpayer comments.
- By June 30, the budget is legally enacted through passage of an ordinance to set the tax levy (millage) for the fiscal year.
- Appropriations lapse, except for encumbered amounts, at the end of each fiscal year.

The City Manager is authorized to administer the budget and transfer amounts within and between departments and funds as necessary and designate continuing projects from fund balances or additional unbudgeted revenue and transfers. Subsequent expenditures approved by City Council shall automatically carry amendments to fund appropriation where applicable. Accordingly, the legal level of budgeting control is made by fund appropriation.

Budgeted amounts presented in the schedule are as originally adopted, or as amended. If budgeted expenditures exceeded estimated revenues, these deficits were funded (if necessary) by unassigned and applicable reserved fund balances and/or additional unbudgeted revenue and transfers.

#### **Budget to Actual Deficits**

Should actual General Fund expenditures exceed final budget, such differences would be funded by unassigned and reserved fund balances, additional unbudgeted revenue, and transfers as applicable.

## **STATISTICAL SECTION**

# STATISTICAL SECTION

---

This part of the City's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, required supplementary information, and supplementary information says about the City's overall financial health.

## Contents

	<u>Page</u>
<b>Financial Trends</b> .....	<b>87 - 93</b>
<i>These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.</i>	
<b>Revenue Capacity</b> .....	<b>94 - 97</b>
<i>These schedules contain information to help the reader assess the County's most significant local revenue sources.</i>	
<b>Debt Capacity</b> .....	<b>98 - 103</b>
<i>These schedules present information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.</i>	
<b>Demographic and Economic Information</b> .....	<b>104 and 105</b>
<i>These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.</i>	
<b>Operating Information</b> .....	<b>106 - 108</b>
<i>These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.</i>	

Sources: Unless otherwise noted, the information in these schedules is derived from the City's financial reports for the relevant year.

(1) The City reports expenses reimbursed by Water & Sewer Utility Fund net of reimbursement

(2) The City allocates overhead costs associated with its Utility Fund to the functional areas of Governmental Activities

(3) Charges for services for the governmental activities primarily consist of police fines, fire hydrant service fees, sanitation and tipping fees, and other special service fees

(4) Charges for services for the business-type activities consist primarily of sales for water and sewer services and septage and grease fees

(5) Beginning in 2013, the City implemented GASB Statement 63 and reclassified "net assets" to "net position"

(6) Beginning in 2014, the City implemented GASB Statement 65 and GASB Statement 68 which restated bond issue costs as expenses and restated pension liabilities and related deferrals

(7) Beginning in 2018 the City implemented GASB Statement 75 and GASB Statement 68 which changed the accounting and reporting for other post-employment benefits (OPEB)

Source: Lexington County Auditor, Final Millage Reports

\* Reassessment year effect on City Millage

\*\* For 2012 City Millage increase was due mainly to a one year only increase of 5 mills to help with the prior year budget deficiency as allowed by State Law

(1) Section 6-1-320 of Act 388 of the South Carolina Code of Laws establishes millage caps for local governing bodies equal to the increase in the average of the twelve monthly consumer price indexes for the most recent twelve-month period (January to December of the preceding calendar year), plus beginning in 2008, the percentage increase in the previous year in population growth as determined by the Office of Research and Statistics of the State Budget and Control Board.

Source: Lexington Source: Lexington County Auditor, Final Tax Year Assessments

(1) Collections do not include applicable penalties, interest, motor carriers, and fees-in-lieu-of-taxes (FILOT), payments from Richland County, or property taxes received from redevelopment areas for Tax Increment Financing bonds

(2) Information from the Lexington County Treasurer's Office, inclusive of abatements and supplements

(3) Property taxes are billed and collected by county governments. Real property taxes are reported by the county on a calendar-year and levy-year basis, while personal property taxes are levied on a monthly basis. Total collected amounts reported by the county differ slightly to amounts reported by the City.

## **COMPLIANCE SECTION**

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER  
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS  
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE  
WITH GOVERNMENT AUDITING STANDARDS**

---

**The Honorable Mayor and Members  
of the City Council  
Cayce, South Carolina**

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **City of Cayce, South Carolina** (the "City") as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated August 29, 2022.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and responses as items 2021-001 through 2021-003 that we consider to be material weaknesses.

---

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## **City of Cayce, South Carolina's Response to the Findings**

The City's response to the findings identified in our audit is described in the accompanying schedule of findings and responses. The City's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Columbia, South Carolina  
August 29, 2022

**CITY OF CAYCE, SOUTH CAROLINA**  
**SCHEDULE OF FINDINGS AND RESPONSES**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2021**

---

**SECTION I**  
**SUMMARY OF AUDIT RESULTS**

**Financial Statements**

Type of report the auditors issued on whether the financial statements audited were in accordance with GAAP. Unmodified

Internal control over financial reporting:  
Material weaknesses identified?  Yes  No

Significant deficiencies identified?  Yes  None reported

Noncompliance material to financial statements noted?  Yes  No

**Federal Awards**

There was not an audit of major federal award programs as of June 30, 2021, due to the total amount expended being less than \$750,000.

**SECTION II**  
**FINANCIAL STATEMENT FINDINGS AND RESPONSES**

**2021-001. Segregation of Duties**

**Criteria:** Internal controls should be in place to provide reasonable assurance that an individual cannot misappropriate funds without such actions being detected during the normal course of business.

**Condition:** Appropriate segregation of duties among the functions of preparing cash deposits, taking deposits to the bank, and reconciling the validated deposit ticket with the deposit detail does not exist.

**Context:** Several instances of overlapping duties were noted during interviews regarding internal control procedures.

**Effect:** Failure to properly segregate duties among the cash receipting and reconciliation process can lead to misappropriation of assets that is not detected during the normal course of business.

**Cause:** The lack of segregation of duties is due to the lack of a properly developed integrated work plan with appropriate controls and an improper allocation of available resources.

**Recommendation:** We recommend that the functions of preparing cash deposits, taking deposits to the bank, and reconciling the validated deposit ticket with the deposit detail be segregated to the degree possible given current staffing levels. We recommend that validated deposit tickets be attached to the daily deposit entry. An employee who did not take the deposit to the bank should verify that the amount shown on the validated deposit ticket matches the daily deposit detail. In this case, timely reconciliation of the cash accounts helped mitigate the overall potential loss experienced by the City.

**CITY OF CAYCE, SOUTH CAROLINA**  
**SCHEDULE OF FINDINGS AND RESPONSES**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2021**

---

**SECTION II**  
**FINANCIAL STATEMENT FINDINGS AND RESPONSES (CONTINUED)**

**2021-001. Segregation of Duties (Continued)**

**Views of Responsible Officials and Planned Corrective Action:** We concur. The City is in the process of reviewing their respective systems and processes to evaluate and determine the most efficient and effective solution to properly segregate duties to provide reasonable assurance that an individual cannot misappropriate funds without being detected during the normal course of business.

**2021-002. Management of Capital Assets**

**Criteria:** Generally accepted accounting principles require items purchased with a measurable future economic value to be recorded as capital assets and depreciated over their useful life.

**Condition:** All capital asset activity was not recorded in the City's capital asset accounting system as it relates to governmental and business-type activities.

**Context:** We addressed this matter with City officials, and they were able to determine the amounts of capital asset additions, disposals, depreciation expense, and accumulated depreciation as of and for the fiscal year ended June 30, 2021.

**Effect:** Detailed capital asset records from the City's capital assets module were not updated throughout the fiscal year as activity occurred and significant adjustments were required several months after year-end to properly reflect the related balances.

**Cause:** Capital asset activity was not properly reconciled in a timely manner.

**Recommendation:** We recommend the City implement procedures to ensure a proper reconciliation of capital asset activity is performed on an ongoing basis.

**Views of Responsible Officials and Planned Corrective Action:** We concur. We will establish procedures to reconcile all capital asset activity to ensure all activity is reflected on a timely basis.

**2021-003. Financial Closeout and Reporting**

**Criteria:** Internal control is a process designed to provide reasonable assurance about the achievement of an entity's objectives with regard to the reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations. Internal control is a process of safeguarding assets against unauthorized acquisition, use, or disposition, and includes controls related to financial reporting and operational objectives.

Generally accepted accounting principles require assets, deferred outflows of resources, liabilities, deferred inflows of resources, revenues and expenditures/expenses to be recognized in the accounting period in which they become earned, measurable (and available for modified accrual funds).

**CITY OF CAYCE, SOUTH CAROLINA**  
**SCHEDULE OF FINDINGS AND RESPONSES**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2021**

---

**SECTION II**  
**FINANCIAL STATEMENT FINDINGS AND RESPONSES (CONTINUED)**

**2021-003. Financial Closeout and Reporting (Continued)**

Further, a fundamental principle in accounting and financial reporting is the notion of timely recognition and recording of financial and non-financial transactions and activities.

**Condition:** Certain accounting, reporting and reconciling procedures were not properly performed and reviewed during the fiscal year which required a significant effort to close the City's 2021 year ended. Significant adjustments were determined and required to be recorded in the year that followed June 30, 2021. We noted deficiencies in completeness, accuracy, and cut off. Specifically, we noted a lack of accurate financial and non-financial information needed:

- to properly maintain general ledgers, subsidiary ledgers, reconciliations; and,
- to close-out and report activities, events and transactions on a periodic basis.

**Context:** We addressed this matter with City management, who worked diligently to determine the propriety of all respective details and reconciliations as of and for the fiscal year ended June 30, 2021.

**Effect:** The ultimate effect of the above condition includes a significantly delayed conclusion to the 2021 year financial reporting process as well as the potential for errors and irregularities to occur and not be detected and corrected in a timely manner.

**Cause:** Certain internal controls and procedures were not in place or adhered to relating to the financial closeout and reporting process. The City did not properly account for certain activities or prepare and review all reconciliations typically required as a part of the financial close and reporting process.

**Recommendation:** We recommend the City adhere to existing internal controls and processes to ensure accurate and timely financial reporting. Further, we recommend the City review such existing internal control policies and procedures in an effort to identify and evaluate strengths and weaknesses relative to its accounting and financial reporting function and take the necessary measures to address the concerns noted above with a goal of providing timely recording, reconciling, and reporting of all City operations and financial and non-financial activities.

We further recommend the City consider reinvesting in its accounting personnel by providing better technical education and training via participation in continuing education governmental accounting and financial reporting programs which are constantly available in the general geographic area of the City. Once certain levels of technical proficiency are observed by all finance and accounting staff, we further encourage the City to better cross-train the accounting personnel in an effort to make the accounting function a stronger and more capable accounting and finance department.

**CITY OF CAYCE, SOUTH CAROLINA**  
**SCHEDULE OF FINDINGS AND RESPONSES**  
**FOR THE FISCAL YEAR ENDED JUNE 30, 2021**

---

**SECTION II**  
**FINANCIAL STATEMENT FINDINGS AND RESPONSES (CONTINUED)**

**2021-003. Financial Closeout and Reporting (Continued)**

**Views of Management and Planned Corrective Action:** We concur with the finding. There were numerous changes and challenges within the finance department of the City including software implementations and transitions and the COVID-19 pandemic that attributed to the delay in the year-end closeout. We will continue to review and improve internal control policies and procedures in an effort to eliminate errors and identify deficiencies from both operational and financial perspectives.

**SECTION III**  
**FEDERAL AWARD FINDINGS AND QUESTIONED COSTS**

Not applicable.

**SECTION IV**  
**PRIOR YEAR FINDINGS AND RESPONSES**

None reported.

## **City of Cayce 2023 Council Meeting Dates**

The City of Cayce Council meets the first Tuesday each month at 6:00 p.m. and the third Wednesday of each month at 5:00 p.m. Date and/or time may change due to conflicts in schedules. Citizens may meet with the Mayor at 5:00 p.m. prior to each Tuesday Council Meeting.

**\*Please note in 2023 the first meeting of the month in January will be held the second Tuesday of the month and the second meeting will be held the fourth Wednesday of the month. The second meeting in February will be held the fourth Wednesday of the month. The second meeting in March will be held the fourth Wednesday of the month. The second meeting in May will be held the fourth Wednesday of the month. The first meeting in July will be held the second Tuesday of the month and the second meeting will be held the fourth Wednesday of the month. The first meeting in November will be held the second Tuesday of the month and the second meeting will be held the fourth Wednesday of the month.**

BOARD OF ZONING APPEALS  
CAYCE CITY HALL  
1800 12<sup>th</sup> Street Extension**

**Monday, September 19, 2022  
6:00 PM**

**I. CALL TO ORDER**

The meeting was called to order by Chair Jason Simpson. Cenetha Muller, Matt Stroud and Scott Miller were present. Robin DiPietro was absent.

**II. APPROVAL OF MINUTES**

Matt Stroud made a motion to approve the minutes from the August 15, 2022, meeting. Scott Miller seconded the motion. All were in favor.

**III. STATEMENT OF NOTIFICATION**

Ms. Ocean confirmed that the public and media were notified of the meeting and public hearing.

**IV. PUBLIC HEARING**

**Special Exception 001-22**

A request by the applicant, AT&T Mobility, for a Special Exception to construct an above-ground Small Wireless Facility (SMF) in the Knox Abbott Drive Overlay Design District. The Knox Abbott Drive Overlay Design District is designated as an Underground District and, as such, a Wireless Services Provider or a Wireless Infrastructure Provider shall comply with requirements that prohibit electric utilities, telecommunications, or cable providers from installing above-ground structures in the Covered Area in these districts. The proposed SMF location is 500 Knox Abbott Drive (Tax Map Number 004676-01-010).

**A. Opening Statement**

The special exception request was withdrawn by the applicant. So, the public hearing was not held.

**V. OTHER BUSINESS**

Ms. Ocean informed the members that it is a necessity for the education requirements to be completed. Ms. Ocean stated that new members are required to complete the six-hour orientation within one year of his/her appointment date.

**VI. ADJOURNMENT**

Scott Miller made a motion to adjourn the meeting. Matt Stroud seconded the motion. All were in favor.

**A quorum of Council may be present.  
No discussion or action on the part of Council will be taken.**

## Cayce Historical Museum Commission October 5, 2022, Meeting Minutes

The October 5, 2022, meeting of the Cayce Historical Museum Commission (CHMC) was held in the Cayce Visitors Center. The meeting was convened at 5:06 by Chair Archie Moore. The following individuals attended the meeting:

Name	Status
Archie Moore	Chair
Mary Sharpe	Vice Chair – absent, excused
James Stewart	Secretary
A.G. Dantzler	Commissioner
Charlita Earle	Commissioner
Pamela Sulton	Commissioner
Garrett Creasman	Commissioner
David Brinkman	Commissioner
Marcy Hayden	Commissioner
Andy Thomas	Cayce Museum Curator
Michael Conley	City of Cayce Assistant City Manager

### Upcoming Events:

11/22 Museum Decorating Party

12/1 Cayce Drive-Thru

12/3 Christmas Traditions

---

**Invocation:** Commissioner Dantzler

### Action Items:

### September Meeting Minutes:

The Commission reviewed the previous meeting minutes. Commissioner Sulton motioned that the meeting minutes be accepted with no revisions. Commissioner Earle seconded the motion, and the minutes were approved by unanimous vote.

### Museum Staff Report

Genesis Studios is making progress on a demo reel for soliciting donations for the AR/VR project. The city approved the Museum's accommodation tax requests. These requests include funding to repair the kitchen roof and pay for the new African American exhibit. The exhibit will have a programmable display, a gas pump from an African American owned gas station and around 20 loan objects from the community. Ms. Lumsden is revising the Confederate Bill exhibit. Mr. Thomas is looking over plans to update the Museum's insurance policy. A group of reenactors also sought permission to use museum grounds for one of their upcoming events. The independent collections care audit will be available for the November meeting.

The commission decided to pass on the opportunity to purchase a collection of Native American projectile points and ephemera. The collection had no provenance, and the museum already has many examples of the objects found in therein. Commissioner Sulton motioned to decline the

purchase. Commissioner Hayden seconded the motion, which received unanimous support from the commissioners.

**Christmas Events**

The remainder of the meeting was focused on organizing participants for the Christmas Open House. Chair Moore and Mr. Thomas ran down the list of confirmed participants and the rest of the commissioners got set up for the 6:00 meeting with volunteers. A Christmas decorating party will be held on November 22.

With no other business on the meeting agenda, Commissioner Stewart motioned to adjourn the meeting. Commissioner Earle seconded the motion and the Commission voted unanimously to adjourn the meeting at

**6:00 PM.**

---

**COUNCIL ACTION REQUIRED**

**EVENTS COMMITTEE – ONE (1) POSITION**

Mr. Dave Capp's position on the Events Committee expires in December 2022. Mr. Capps has served on the Committee since 2014 and rarely misses meetings/is in good standing. His reappointment application is attached for Council's review.

**NO COUNCIL ACTION REQUIRED**

The following positions remain open until receipt of potential member applications.

**STANDARD TECHNICAL CODES BOARD OF APPEALS – TWO (2) POSITIONS**

Reviews citizen appeals to ensure building codes, property maintenance codes and fire codes are properly interpreted and implemented fairly. Members who serve on this Board must be either an Engineer, Contractor, Architect or Design Professional. There are no recommendations at this time.

**APPOINTMENT PROCESS**

Cayce citizens have an opportunity to actively participate in the City through their services on a number of advisory boards, commissions, foundations and committees. These groups help shape and carry out policy.

Applications are accepted at any time for all City of Cayce boards, commissions, foundations and committees. Cayce citizens wishing to apply for appointment may submit a potential member application to the Municipal Clerk, P. O. Box 2004, Cayce, SC 29171. More information and a copy of the application can be found on our website at <https://www.caycesc.gov/boards.php> or by calling City Hall at 803-796-9020.

City Council considers applications at a meeting immediately following an opening.
