CITY OF CAYCE Regular Council Meeting January 2, 2018

The January Regular Council Meeting was held this evening at 6:00 p.m. in Council Chambers. Those present included Mayor Elise Partin, Council Members Tara Almond, Eva Corley and James Jenkins. City Manager Rebecca Vance, Assistant to the City Manager Rachelle Moody, Municipal Clerk Mendy Corder. Director of Planning and Development Carroll Williamson, City Attorney Danny Crowe, and Assistant Director of Public Safety Jim Crosland were also in attendance. Council Member Carter was unable to attend due to an illness in his family.

Mayor Partin asked if members of the press and the public were duly notified of the Council Meeting in accordance with the FOIA. Ms. Corder confirmed they were notified

Call to Order

Mayor Partin called the meeting to order. Council Member Almond gave the invocation. Mayor Partin led the assembly in the Pledge of Allegiance.

Approval of Minutes

Council Member Almond made a motion to approve the December 5, 2017 Regular Council Meeting minutes as written. Council Member Corley seconded the motion which was unanimously approved by roll call vote.

Public Comment Regarding Items on the Agenda

No one signed up for Public Comment.

Presentation

A. Presentation of Ambassador Award

The recipient of the Ambassador Award was unable to attend. Therefore the presentation was postponed to the February 7, 2018 Council Meeting.

Resolutions and Ordinances

A. Discussion and Approval of Resolution Recognizing the Woman's Club of Cayce's 80th Anniversary

Mayor Partin read the Resolution which stated that the Woman's Club of Cayce was founded in 1937. The Woman's Club Clubhouse has been in continuous use since 1940, serving as one of the focal points in the community. The Woman's Club of Cayce also participated in creating the William J. Cayce Memorial Park by donating benches and erecting the brick entrance, using bricks donated by the Guignard sisters. In 1949 the Club established what is currently the Cayce-West Columbia Library. The library was staffed by Club Member Mrs. J.M. Plumer three days a week and over 700 books were checked out in the first month.

Council Member Almond made a motion to approve the Resolution. Council Member Corley seconded the motion which was unanimously approved by roll call vote. Council thanked the Woman's Club for all they have done for the community and for helping to better the lives of people in need.

B. Discussion and Approval of Resolution Congratulating Mr. Leo Redmond on His Retirement

Mayor Partin stated that Mr. Redmond is very humble and not comfortable with public recognition therefore he was not in attendance. She read the Resolution which stated that Mr. Redmond is a lifelong resident of Cayce. He is one of the original founders who built the Cayce Historical Museum and donated it to the City of Cayce on April 12, 1991. Mr. Redmond has been involved with the Museum since its inception and began working at the Museum on July 1, 1994. It was his mission to preserve and celebrate Cayce's rich history to ensure its future growth and prosperity.

Mr. Redmond's diverse historical knowledge of Cayce has earned him great respect among his peers. One of the largest collections of Native American artifacts in the Southeast, with nearly 7,000 pieces on display, was donated to the Museum based on the families respect for Mr. Redmond's expertise in building a display for the collection. Throughout his career Mr. Redmond worked diligently to continue to strengthen the Cayce Historical Museum and ensure its future as a valuable educational and cultural asset for the City of Cayce and of which the citizens of Cayce can be proud.

Council Member Almond made a motion to approve the Resolution congratulating Mr. Redmond on his retirement. Council Member Jenkins seconded the motion which was unanimously approved by roll call vote.

C. Discussion and Approval of Resolution to Adopt the Municipal Association 2018 Advocacy Initiatives

Mayor Partin stated that the Municipal Association of South Carolina identified five advocacy initiatives based on the feedback from local officials. The 2018 initiatives

are encouraging business growth and development, providing quality services, increasing funding for law enforcement, expanding funding sources for infrastructure and reducing blight. Council Member Almond made a motion to approve the Resolution. Council Member Corley seconded the motion which was unanimously approved by roll call vote.

 D. Discussion and Approval of Ordinance 2017-16 Amending Article IV ("Rental, Non-Owner Occupied and Unoccupied Property Regulations") of Chapter 10 ("Buildings and Building Regulations") of the Cayce City Code – Second Reading

Ms. Vance stated that Council approval is needed for the second reading of an Ordinance amending Article IV of Section 10 ("Rental, Non-Owner Occupied and Unoccupied Property Regulations") to include substituting the word "registration" for the word "permit" throughout the article since no physical permit is actually issued. She stated the Ordinance also removes the requirement for a listing of tenant names and contact information as a part of registration but does require certain tenant information upon specific request of the City. Council Member Corley made a motion to approve the Ordinance on second reading. Council Member Almond seconded the motion which was unanimously approved by roll call vote.

E. Discussion and Approval of Ordinance 2018-01 Adding a New Section 6.10-4 of the City of Cayce Zoning Ordinance Relating to Design Overlay Districts

Council Member Almond made a motion to approve the Ordinance on first reading. Council Member Corley seconded the motion. Ms. Vance stated that Council approval is needed for the first reading of an Ordinance amending Section 6.10 Design Overlay District of the Zoning Ordinance to permit exemptions for properties that are zoned Planned Development District and Development Agreement District. These two zoning districts have specific uses and development standards for each property that are approved by City Council. She stated that exempting them from the Design Overlay Districts on Knox Abbott Drive and 12th Street Extension will provide flexibility when dealing with larger, planned developments.

Ms. Vance stated that the intent of the Design Overlay Districts located on Knox Abbott Drive and 12th Street Extension is to provide continuity of design and use by adding additional restrictions that each property must follow when developed. These restrictions apply regardless of the underlying zoning district. She stated that as the properties within the 12th Street Extension Overlay District develop, there will likely be opportunities for rezoning to PDD and DAD. Ms. Corder called the question and the motion was unanimously approved by roll call vote.

City Manager's Report

Ms. Vance stated that the Planet Fitness in Parkland Plaza is now open and is having their Grand Opening Reception on January 16, 2018 from 5pm to 7pm. She congratulated Council Member Jenkins on being appointed to the National League of Cities 2018 Public Safety and Crime Prevention Federal Advocacy Committee. She stated that Ms. Rachelle Moody was promoted to the Assistant to the City Manager position.

Committee Matters

A. Approval to enter the following Committee approved Minutes into the City's Record Planning Commission – October 16, 2017

Council Member Corley made a motion to enter the minutes into the City's record. Council Member Almond seconded the motion which was unanimously approved by roll call vote.

B. Annual Appointment of Council Members to City Foundations

Council Member Almond made a motion to postpone the appointment of Council Members to the City Foundations to the February 7, 2018 Council Meeting. Council Member Corley seconded the motion which was unanimously approved by roll call vote.

Council Comments

Council Member Jenkins thanked staff for their assistance with a street light issue in his district. Ms. Vance stated that staff has a good system for reporting street lights in need of repair or locations where a street light is needed.

Executive Session

- A. Receipt of legal advice relating to claims and potential claims by and against the City and other matters covered by the attorney-client privilege
- B. Personnel Matter Discussion of Cayce Historical Museum

Mayor Partin asked if there was anything that needed to be discussed relating to Item VIII. A. Ms. Vance stated that there was. Council Member Jenkins made a motion to move into Executive Session. Council Member Almond seconded the motion which was unanimously approved by roll call vote.

Reconvene

City of Cayce Minutes of 1/2/2018 Regular Council Meeting Page 5

After the Executive Session was concluded, Council Member Almond made a motion to reconvene the Regular meeting. Council Member Corley seconded the motion which was unanimously approved by roll call vote. Mayor Partin announced that no vote was taken in Executive Session other than to adjourn and resume the Regular meeting.

Possible Actions by Council in follow up to Executive Session

A.

Council Member Almond made a motion to approve a Resolution for the Lorick condemnation case as discussed in Executive Session. Council Member Corley seconded the motion which was unanimously approved by roll call vote.

Adjourn

There being no further business, Council Member Corley made a motion to adjourn the meeting. Council Member Almond seconded the motion which was unanimously approved by roll call vote. The meeting adjourned at 7:01 p.m.

^{*}Appearance of citizens at Council meetings - City of Cayce Code of Ordinances, Sec. 2-71. Any citizen of the municipality may speak at a regular meeting of the council on a matter pertaining to municipal services and operation, with the exception of personnel matters, by notifying the office of the city manager at least five working days prior to the meeting and stating the subject and purpose for speaking. Additionally, during the public comment period as specified on the agenda of a regular meeting of the council, a member of the public may speak on a matter appearing on the meeting agenda, with the exception of personnel matters by signing a speakers list maintained by the city clerk prior to the start of the public comment period. At the discretion of the mayor or presiding officer, the length of time for any speaker's presentation may be limited and the number speakers also may be limited.

City of Cayce Special Council Meeting January 17, 2018

A Special Council Meeting was held this afternoon at 5:00 p.m. in Council Chambers. Those present included Mayor Elise Partin, Council Members Tara Almond, Phil Carter, Eva Corley and James Jenkins. City Manager Rebecca Vance, Assistant to the City Manager Rachelle Moody, Municipal Clerk Mendy Corder, City Treasurer Garry Huddle, Planning and Development Director Carroll Williamson, Director of Public Safety Byron Snellgrove and City Attorney Danny Crowe were also in attendance.

Mayor Partin asked if members of the press and the public were duly notified of the meeting in accordance with the FOIA. Ms. Corder confirmed they were notified.

Call to Order

Mayor Partin called the meeting to order and Council Member Corley gave the invocation. Mayor Partin led the assembly in reciting the Pledge of Allegiance.

Public Comment Regarding Items on the Agenda

Ms. Corder stated no one had signed up for public comment.

Ordinances

A. Discussion and Approval of Ordinance 2018-01 Adding a New Section 6.10-4 of the City of Cayce Zoning Ordinance Relating to Design Overlay Districts - Second Reading

Council Member Almond made a motion to approve Ordinance 2018-01 on second reading. Council Member Corley seconded the motion which was unanimously approved by roll call vote.

Other

A. Discussion and Approval of Hospitality Tax Fund Requests for 2018

Ms. Moody stated that the City received 18 Hospitality Tax Fund requests totaling \$237,450. Applications were accepted for a six week period from October 2 through November 17, 2017. She stated that requests were made for grant funding for events and/or projects taking place during calendar year 2018. She stated as of July 1, 2017, the City had a Hospitality Tax Fund balance of \$512,172 and fiscal year to date (July 1 to date), revenues collected total \$558,893. Based on revenues collected to date, staff

projects a FY18 total Hospitality Tax revenue collection of at least \$1,000,000 for the year. Ms. Moody stated that during this fiscal year, staff anticipates using \$730,000 in Hospitality Tax Funds for 2018-2019 operation and maintenance of tourism-related activities and capital items. She stated that staff also recommends holding back \$50,000 in the fund balance as reserve.

Mayor Partin asked if the City Events Committee had made a decision on whether or not to hold the Congaree Bluegrass Festival in 2018. Ms. Corder stated that the Committee has discussed the future of the festival but has not made a decision yet. She suggested that Council postpone approving the requested hospitality tax funding for the Congaree Bluegrass Festival until a decision is made.

Council Member Almond made a motion to approve staff's recommendations on the hospitality funds requested with the exception of the Congaree Bluegrass Festival pending an application once a decision is made regarding the festival. Council Member Corley seconded the motion which was unanimously approved by roll call vote.

B. Discussion of Amendment to Sec. 28.81 of the City of Cayce Code of Ordinances Concerning the Hours Unreasonable Noise is Prohibited in the City

Ms. Corder stated that the City has received complaints regarding loud music being played at night. The majority of the complaints were regarding concerts at the Columbia Historic Speedway. The City's current Ordinance reads, "The playing or operation of any radio, television, phonograph, stereo, computer, CD player, cassette player, loudspeaker or similar sound-producing or sound-emitting device or any musical instrument in such a manner, or with such volume, particularly during the hours between 11:00 p.m. and 7:00 a.m., as to unreasonably disturb any person in the vicinity thereof."

Ms. Corder stated that staff researched the surrounding municipality's noise ordinance and the times that they enforce their ordinance. She stated that West Columbia's time is from 9pm – 7am, the Town of Lexington is 9pm – 7am, Columbia is 10pm - 7am and Lexington County does not specify times. Staff also researched surrounding municipality's policies for City hosted events that may create a noise issue. The City of West Columbia suspends their noise ordinance in any Resolution that they do for a City event. The Town of Lexington's noise ordinance includes an exemption that reads, "Any other noise resulting from activities of a temporary duration permitted by law and for which a license or permit has been granted by the municipality." Ms. Vance stated that the City's current noise Ordinance does not address events that are held on private property such as the Columbia Historic Speedway.

Council Member Jenkins asked if staff has contacted the Speedway regarding the complaints. Mayor Partin stated that the Speedway property owners are very concerned about not disturbing the surrounding neighborhoods with noise issues. She asked Chief Snellgrove if he felt the noise Ordinance needed to be changed from 11pm

to 10pm or 9pm. He stated that the only noise issues related to music the City has had is with events at the Speedway. Mayor Partin stated that she would like to see the time changed to at least 10pm. After discussion, it was agreed that staff would contact the Speedway property owners to discuss the issue with them and how they would be affected, if at all, if the noise Ordinance time changed to an earlier time.

City Manager's Report

Ms. Vance stated that on the following day City offices were opening on a two hour delay due to inclement winter weather. She stated that the Riverwalk final walkthrough was rescheduled due to a concern of falling branches and ice on the paths. She stated that once the walkthrough is completed a punch list will be created to address any issues and then a grand reopening will be scheduled.

Council Comments

Council Member Corley stated that Gantt Street, Lybrand Street and Rauton Road are in the process of being repaved. She stated that the residents were happy to see the roads finally being repaved by DOT. Ms. Vance stated that staff recently met with DOT regarding road improvements in the City. She stated that the City is split into three different areas on DOT's maps and work will be starting in all three areas at different times. She stated that staff has coordinated with DOT to ensure that the roads affected by the waterline replacement project will be repaved last so the cuts in the road will be repaired at that time.

Executive Session

- A. Receipt of legal advice relating to claims and potential claims by and against the City and other matters covered by the attorney-client privilege
- B. Discussion of upcoming personnel vacancy in the Administration Department

Mayor Partin stated that there was not anything to be discussed regarding Item VII. A. in Executive Session. Council Member Almond made a motion to move into Executive Session to discuss Item VII. B. Council Member Corley seconded the motion which was unanimously approved by roll call vote.

Reconvene

After the Executive Session was concluded, Council Member Almond made a motion to reconvene the Regular meeting. Council Member Corley seconded the motion which was unanimously approved by roll call vote. Mayor Partin announced that no vote was taken in Executive Session other than to adjourn and resume the Regular meeting.

January 19, 2018

Letter of Transmittal

To the Honorable Mayor, Members of City Council, and the Citizens of Cayce:

We are pleased to submit the Comprehensive Annual Financial Report of the City of Cayce, South Carolina for the Fiscal Year Ended June 30, 2017 (FY 2017). The report contains a comprehensive analysis of the City's financial position and activities for the period. This report is presented in three sections: 1) Introductory Section consisting of this transmittal letter, a listing of City officials, and the organization structure; 2) Financial Section, which consists of the independent auditor's report, management's discussion and analysis, basic financial statements, notes to the financial statements, required supplemental information along with detailed combining and individual fund statements; 3) Statistical Section, which contains pertinent financial and general information indicating trends for comparative fiscal periods.

Responsibility for both accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the City of Cayce. We believe the enclosed information is accurate in all material aspects, and that it is presented in a manner designed to fairly set forth the financial position and results of operation of the various funds of the government in accordance with accounting principles generally accepted in the United States of America (GAAP); and that all disclosures necessary to enable the reader to gain an understanding of the City's financial activity have been included. Management has established and maintains a system of internal control to provide for this assurance.

In accordance with Section 5-13-30 of the South Carolina Code of Laws, the City of Cayce's financial statements have been audited by the firm of Robert E. Milhous, C.P.A., P.A. and Associates. The goal of the independent audit was to provide reasonable assurance that the financial statements are free of material misstatement. The auditor's report in the Financial Section provides a discussion of the audit, procedures and their opinion. The independent auditor has rendered an unqualified opinion on the City of Cayce's financial statements for the year ended June 30, 2017 in that they are fairly presented in accordance with GAAP.

The Management's Discussion and Analysis Section of this report contains discussion on the City of Cayce's current financial activities for the year ended June 30, 2017.

Profile of the Government

The City of Cayce (the "City" or "Cayce") was incorporated in 1914 and is located along the Congaree River in Lexington and Richland counties in the central midlands of South Carolina. The City serves a population of approximately 14,233 and is empowered to levy a property tax on both real and personal property located within its corporate limits. It is also empowered by State Statute to extend its corporate limits by voluntary annexation, which occurs periodically when deemed appropriate by the City Council.

The City operates under a council-manager form of government. Policy making and legislative authority are vested with the City Council comprised of a mayor and four council members (elected from single member districts). The City Council is responsible, among other things, for passing ordinances, adopting a budget, hiring the City Manager and selecting the independent auditor to audit the financial statements. The City Manager is responsible for carrying out the policies and ordinances of the City Council, overseeing the day-to-day operations of the City and appointing the heads of the various departments.

The City is empowered to levy a property tax on both real and personal properties located within its boundaries. Such taxes are levied and collected by Lexington County and Richland County and remitted to the City.

The annual budget serves as the foundation for the City's financial planning and control. The South Carolina General Statutes require all governmental units to adopt a balanced budget by July 1st of each year for all funds for which an annual budget is required. Activities for the General Fund, and the Water and Sewer Utility Fund are budgeted annually. The annual budget is prepared by Fund and department. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriate amount) is established by department within an individual fund. The City Manager presents the proposed budget to Council for review, and approval. The City Manager may make transfers of appropriations within each fund. Budget-to-actual comparisons are provided in this report for each governmental fund for which an appropriated budget has been adopted. As demonstrated by the statements and schedules included in the financial section of this report as Required Supplementary Information, the City continues to meet its responsibility for sound financial management.

The City of Cayce provides a full range of services including police and fire protection, residential solid waste removal services, water and sewer services and recreational activities. The City operates under a July 1st to June 30th fiscal year. During the spring of each year, the budget process begins with department heads submitting requests and plans to the City Manager who is responsible for presenting the budget request to City Council. A detailed description of the budget process is included in the Notes to Budgetary Comparison of the Required Supplementary Information section in this report.

Legislative

The Mayor and four members of City Council are elected to staggered four year terms. Elections are held in November of even numbered years.

The Mayor and Council make policy and enact laws, rules and regulations in order to provide for future community and economic growth. Additionally, the Council provides the necessary support for the orderly and efficient operation of City services.

Council meetings are generally held at 6:00 p.m. on the first Tuesday of each month at Cayce City Hall, located at 1800 12th Street Ext.

You may write to any member of City Council at P.O. Box 2004, Cayce, South Carolina, 29171.

At June 30, 2017, elected officials were as follows:

Factors Affecting Financial Condition

Accounting standards require management to prepare a narrative overview and analysis to accompany the basic financial statements. This narrative, entitled Management's Discussion and Analysis (the "MD&A"), is a part of the Financial Section of this report, contains a discussion of the City's current financial condition and activities for the year ended June 30, 2017, and can be found immediately following the Report of Independent Auditor.

However, the information presented in the MD&A and the basic financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City operates. The below section of the letter regards factors which affected the City's financial condition and operations thereto, and is designed to complement the MD&A as follows.

Local Economy

The City of Cayce is located near Columbia, South Carolina which is the state capital and is part of the greater Columbia Metropolitan area of South Carolina. This area has been experiencing stable economic conditions. The City and its neighbors, the cities of Columbia and West Columbia, have built a regional park system along the banks of the Congaree River. The portion located in the City is known as the Cayce Riverwalk Park and it is part of the Three Rivers Greenway project. It is located from the border of the City of West Columbia to the Timmerman Trail that connects to the Lexington County Recreation and Aging Commission Tennis Center next to I-77. This is a joint effort among several agencies. SCANA Corp. has also connected their corporate headquarters to the Cayce Riverwalk through the Timmerman Trail for the enjoyment of their employees and visitors. Due to the flooding throughout the Midlands in October 2015, a section of the park is undergoing repairs. This is being funded through The City of Cayce and FEMA matching funds, and is expected to be completed by February 2018.

The Congaree River has always played a dominant role of strategic importance in Cayce's development from the early days when barge and boat traffic from the low country were a part of everyday commerce on the river. Cayce became an outpost for this trade. The Cayce Riverwalk Park includes a public nature park along the river with amenities such as lighted boardwalks and concrete walkways, picnic shelters, park benches, emergency call boxes and over-looks jutting out over the river with magnificent views of the Columbia skyline. Development on both sides of the river is a driving force in the continuing economic development of the City of Cayce. During the year ended June 30, 2004 the City issued a \$5,000,000 Tax Increment Financing (TIF) Revenue Bond to obtain funds to develop a portion of the City to enhance economic development. Expanding the Cayce Riverwalk Park and connecting it with local commercial businesses, along with expanding and upgrading the regional wastewater treatment plant, this positions the City to participate in the continued economic growth that is occurring in the Columbia Metropolitan area.

Economic development on the 12th Street Extension corridor continues at a good pace.

Construction of the SCANA Corporate Headquarters on Saxe Gotha Drive has now been complete for six years and has continued to increase tax and license revenues in the City over that same period. The Lexington County Medical Park that was finished in 2016 will continue to add to the City's tax base and areas master plan. The townhome project known as Otarre Point was completed last fiscal year, adding 299 upscale townhomes, and construction was completed this year on a 100 unit Marriott Hotel. An approximately 60 acre tract of land, sometimes referred to as Otarre Center, is currently under contract to be sold. The proposed development includes approximately 300,000 square feet of retail space of an outlet shopping mall. A development of this type and size will serve as a catalyst for the rapid development of the surrounding area and supporting corridors.

Construction was completed on Knox Abbott for a 224 unit upscale apartment complex called The Tremont. The Wal-Mart grocery store also completed construction and opened in June 2016. Permitting for a 22 unit upscale single family housing development called Congaree Bluff off of Axtell Drive was issued and construction is now in process.

The Southern First Bank building at the corner of Knox Abbott Dr. and Axtell Dr. was first development in the proposed "The Brickworks" project that is being developed and built by Brickworks Associates, LLC. New construction associated with this project could total \$40 million and include 300,000 square feet of office, retail, and residential construction that will extend to the Congaree River and tie into the Cayce Riverwalk. An upscale apartment complex similar to The Tremont is already under permit review with approximately 186 units.

Other known projects include the Saxe Gotha Industrial Park that Lexington County is continuing to expand in the county abutting Cayce City Limits. The City of Cayce has agreements in place to provide water and sewer service to the industrial park. This more than 400 acre industrial park is being developed off of 12th Street and will extend almost to the 12th Street interchange of Interstate 77 at Exit 2. Lexington County has expanded 12th Street to four lanes to accommodate the expected growth.

As most know, Amazon has a distribution center within the Industrial Park and, though not within the City of Cayce, is having a beneficial impact on Cayce and the surrounding area. Nephron, a pharmaceutical company built within the Industrial Park, has also increased water and sewer sales and has recently received approval for another 15,000 GPD of sewer service capacity to accommodate their expansion.

Lexington School District 2 has begun new construction on the Brooklyn Cayce High School Arena. This arena is also an event space that will bring in various tournaments into the city and help develop local economic growth. Lexington School District 2 has also begun construction on a new Career and Technology Education Center (CATE) that is scheduled to open August 2018. This new innovative career center we believe will be another draw for employers to the area.

The City continues providing water and sewer service to the South Carolina State Farmer's Market. The farmer's market relocated from Bluff Rd. in Richland County (across the street from USC's William Brice Stadium) to Lexington County on US Highway 321 during the 2012 Fiscal Year and continues to experience small growth.

Long-Term Financial Planning

Revenue forecasts for the next several years suggests that new residential and commercial construction and continued economic growth throughout the City and region will keep pace with the operational needs of the various departments. To help provide the highest standards for our residents, the City Council did implement a Hospitality Tax that is being used for the upkeep and expansion of our Parks system.

The City finished the development of the Cayce Riverwalk Park on the Congaree River through the extension of the Parkway to I-77. The City partnered with the River Alliance, Department of Natural Resources, S C Parks Recreation and Tourism, Lexington County and SCANA Corp establishing the "12,000 Year History Park". This should continue to increase local economic development.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Cayce for its Comprehensive Annual Financial Report (CAFR) for the Fiscal Year ended June 30, 2016. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. A CAFR must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. The City of Cayce has received a Certificate of Achievement every year since the June 30, 2003, CAFR. We believe our current report continues to conform with the Certificate of Achievement Program requirements, and we are submitting it to the GFOA.

The Community Rating System (CRS) is a voluntary program developed by the Federal Emergency Management Association (FEMA) to encourage communities to improve storm water and flood plain management that exceed the minimum National Flood Insurance Program requirements. During FY 10, the City began participating in this program and has achieved a Class 9 Rating, which awards residents of the community with a 5% discount on flood insurance premiums. The City continues to submit paperwork yearly which we hope will increase the discount.

Internal Control

The City's management appreciates the necessity for a comprehensive framework of internal control as defined by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). To that end, the City strives to maintain a control environment that supports continuous risk assessment, the proper control activities, reliable and secure information and communication, and the appropriate monitoring to ensure the effectiveness and efficiency of operations, plus the reliability of financial reporting and compliance with applicable laws and regulations. Because the cost of a control should not exceed the benefits to be derived, the objective is to provide reasonable, rather than absolute assurance, and that the financial statements are free of any material misstatements.

As part of the City's overall internal control environment, the City establishes specific administrative and accounting policies and procedures for its departments and personnel. Through the Finance Department, the City accounts for all of its financial activities via a comprehensive ledger system. Monthly reconciliation of accounts along with executive review of budget-to-actual reports are part of the City's routine control policies to ensure a high level of financial integrity as well as compliance with its budget, and applicable laws and regulations.

Budgetary and Accounting Policies

By June 30th of each year, the City enacts, through passage of an ordinance, a legal budget along with the establishment of property tax levy (millage) for the upcoming fiscal year. Annually, the City gathers information about assessed values of real and personal property located within the City limits. The total assessments are then applied to the applicable tax rates in order to determine estimated tax revenues. The City's 2016-2017 budget appropriated General fund expenditures based on estimated revenues for the fiscal year. The Water and Sewer Utility Fund (an Enterprise Fund) provides for budgeted expenses based on estimated revenues generated from rates charged for providing utility-related services to its customers. Annually, the City Council reviews its utility rates through a comprehensive assessment and analysis of its rate structure. The City operates its other funds under informal budgets established and monitored by the City Manager. Procedures associated with the development and passage of the annual budget is more fully described in the Notes to the Budgetary Comparison of the Required Supplementary Information section of this report.

The budgetary process and significant accounting policies of the City were consistent with the previous year and are more fully described in Note 1 to the financial statements. The City continues to budget actuarial effects associated with GASB #45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions; however, they are presently unfunded. The next scheduled actuarial valuation is FY 18, with the City preparing for implementation of GASB Statement #75, Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions, which becomes effective for the year ended June 30, 2018. Under GASB #75, the City will be required to obtain biennial valuations. Disclosures related to actuarial valuations and accounting treatment of the benefit in effect at June 30, 2017 are described in Note 9.

Acknowledgements

The preparation of this report could not be accomplished without the dedicated endeavors of the Finance Department and our independent auditor (Bob Milhous and his staff). We would also like to express our appreciation to the staff of the City. Further appreciation is extended to the Mayor and City Council for their encouragement, assistance, and approval.

Respectfully submitted,

E. Garrett Huddle
City Treasurer

REPORT OF INDEPENDENT AUDITOR

The Honorable Mayor and Members of City Council City of Cayce, South Carolina

Report on the Financial Statements

I have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and aggregate remaining fund information of the City of Cayce, South Carolina (the "City"), as of and for the year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express an opinion on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence obtained is sufficient and appropriate to provide a basis for my audit opinion.

— CONTINUED —

Opinions

Unmodified opinion

In my opinion, the basic financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Cayce, South Carolina, as of June 30, 2017, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Emphasis of Matter

As discussed in *Note 15* to the financial statements, the Business-type activities and the Proprietary Fund financial statements have been restated as a result of the City adjusting its receivables to reflect net realizable values. My opinion is not modified with respect to this matter.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the accompanying Management's Discussion and Analysis and the Required Supplemental Information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information, in accordance with auditing standards generally accepted in the United States of America, which consisted of inquires of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge obtained during the audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Information

My audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the City's basic financial statements. The accompanying supplementary information, of the combining and individual fund financial statements and other financial schedules as listed in the table of contents as Other Financial Information, is presented for purposes of additional analysis and is not a required part of the basic financial statements of the City of Cayce, South Carolina.

The combining and individual fund financial statements and other financial schedules are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the combining and individual fund financial statements and other financial schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Summarized Comparative Information

The prior year summarized comparative information presented in the individual fund financial statements and schedules has been derived from the City's 2016 audited financial statements, and in my report dated November 30, 2016, I expressed an unmodified opinion on those individual fund financial statements and schedules.

The introductory and statistical sections of this report have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, I do not express an opinion or any other form of assurance on this information.

January 19, 2018

Columbia, South Carolina

City of Cayce, South Carolina Management's Discussion and Analysis Year Ended June 30, 2017

This section of the City of Cayce, South Carolina's (the "City") annual financial report presents our discussion and analysis of the City's financial performance during the fiscal year that ended on June 30, 2017. Please read it in conjunction with City's financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

Per the Government-wide *Statement of Net Position*, the City's total assets and deferred outflows at year end June 30, 2017 were \$196.9 million and exceeded total liabilities and deferred inflows by \$101.8 million. Of the total net position at June 30, 2017, there was a \$3.5 million deficit in unrestricted funds available to support short term operations of the City.

Per the Government-wide Statement of Activities, the City's total net position increased by \$5.6 million for the year ended June 30, 2017. The Governmental Activities resulted in a net increase of \$1.9 million, while the Business-type Activities contributed a positive net change in net position of \$3.7 million, which was substantially funded by capacity charges and other capital contributions recognized during the year.

The City continues to comply with the new accounting principle Governmental Accounting Standards Board Statement (GASB) No. 68, Accounting and Financial Reporting for Pensions, which required the reporting of a Government-wide liabilities of \$17.8 million at June 30, 2017. The City restated its beginning net position for its Water and Sewer Utility Fund to report past-due accounts receivable to a more reasonably possible net realizable amount, (see *Note 15* in the Notes to Financial Statements).

Overview of the Financial Statements

Management's Discussion and Analysis (MD&A) serves as an introduction to the City's basic financial statements. Those financial statements have three components: 1) Government-wide financial statements, 2) Fund financial statements, and 3) Notes to the financial statements. This report also contains other required supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements – The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the City's assets and liabilities and deferred inflows and deferred outflows, with the difference between the four reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported on the accrual basis of accounting when the underlying event gives rise to the change that occurs regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., revenues receivable and earned but unused vacation leave).

Overview of the Financial Statements (continued)

Government-Wide Financial Statements (continued) – Both of the Government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (i.e., governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (i.e., business-type activities). The "governmental activities" of the City include general government, finance, planning and community development, public safety, public works, parks and museum, garage, and support services. The "business-type" activities of the City include a Water and Sewer Utility Enterprise Fund. The Government-wide financial statements can be found immediately following the discussion and analysis.

Fund Financial Statements – The "Fund financial statements" provide a more detailed look at the City's most significant activities. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: Governmental funds, Proprietary funds, and Fiduciary funds.

Governmental funds – Governmental funds are used to account for essentially the same functions reported as governmental activities in the Government-wide financial statements. Most of the City's governmental services are accounted for in the Governmental funds. However, unlike the Government-wide financial statements, these funds focus on near-term inflows and outflows of spendable resources as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. The Governmental Fund financial statements can be found immediately following the 'Government-wide" financial statements.

Proprietary funds – *Enterprise funds* are used to report the same functions presented as *business-type activities* in the Government-wide financial statements. The City uses enterprise funds to account for its water and sewer utility. Proprietary funds provide the same type of information and the same basis of accounting as the Government-wide financial statements business type activities, only in more detail. The basic Proprietary Fund financial statements can be found immediately following the 'Governmental Fund' financial statements.

Notes to Financial Statements — The notes to the financial statements provide additional information that is essential to a full understanding of the data provided in both the Government-wide and Fund financial statements.

Required Supplementary Information – The City adopts an annual appropriated budget for its General Fund. The budget is a legally adopted document that incorporates input from the citizens of the City, the management of the City, and the decisions of the Council about which services to provide and how to pay for them. It also authorizes the City to obtain funds from identified sources to finance these current period activities. A budgetary comparison schedule has been provided for the General Fund to demonstrate compliance with this budget, and can be found in the section entitled "Required Supplementary Information".

Other Financial Information – Following the basic financial statements, the notes to financial statements and the required supplementary information, this annual financial report also presents certain detail financial data of individual fund statements and schedules.

Government-Wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, total assets plus deferred outflows of resources less liabilities, less deferred inflows of resources results in net position of \$101.8 million at the close of June 30, 2017.

Below is a 'condensed' Statement of Net Position at June 30, 2017, which depicts the major components of the City's assets, deferred outflows, liabilities and net position (with comparative amounts for June 30, 2016).

| | Governmen | ital Activities | Business-ty | Business-type Activities | | tals |

| Deferred inflows of resources: Deferred inflows related to | | | | | | |
| pensions | 535,694 | 781,611 | 222,688 | 233,173 | 758,382 | 1,014,784 |
| Total deferred inflows of resources | 535,694 | 781,611 | 222,688 | 233,173 | 758,382 | 1,014,784 |
| Total liabilities, deferred inflows of | f | | | | - | |
| resources | 15,504,077 | 14,001,577 | 79,591,076 | 55,378,481 | 95,095,153 | 69,380,058 |
| Net position: | | | | | | |
| Net investment in capital assets | 15,430,572 | 13,078,235 | 80,976,020 | 78,314,467 | 96,406,592 | 91,392,702 |
| Restricted | 2,503,787 | 4,089,583 | 6,359,124 | 7,255,808 | 8,862,911 | 11,345,391 |
| Unrestricted (deficit) | (5,338,793) | (6,446,015) | | (100,462) | (3,455,722) | (6,546,477) |
| | \$ 12,595,566 | | | | | |

Total net position equaled \$101.8 million at June 30, 2017 (\$96.2 million at June 30, 2016), of which \$12.6 million (\$10.7 million in 2016) represents net position of the City's Governmental Activities, and \$89.2 million in 2017 (\$85.5 million in 2016 after restatement), represents Business-type Activities after restatements.

By far the largest portion of the City's net position (\$96.4 million, or 95%) reflects its net investment in capital assets (e.g., land, buildings, machinery, equipment, and vehicles), less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to its citizens; consequently, these assets are *not* available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

Also a portion of the City's total net position, \$8.8 million, or 8.7% represents resources that are subject to external restrictions on how they may be used, which includes resources for the City's redevelopment district plan and related debt service, law enforcement, and pensions (see Note 7 for further detail information). The remaining is a deficit in unrestricted net position (totaling \$5.3 million in 2017), which if positive, may be used to meet the government's ongoing obligations to citizens and creditors. This deficit is a result of recording the net pension liability balance of \$11.6 million (plus deferred inflows of \$2.7 million, less deferred outflows of \$.5 million) in accordance with GASB #68.

Unrestricted net position in Governmental Activities resulted in a deficit totaling \$5.3 million in 2017 (as compared to a deficit of \$6.4 million in 2016) primarily resulting from net pension liabilities in accordance with GASB #68.

Business-type Activities resulted in an unrestricted net position (positive) totaling \$1.9 million in 2017 (as compared to a deficit of \$.1 million in 2016). This increase is primarily due to utility rate increases.

Governmental Activities change in net position increased \$1.9 million in 2017 (as compared to \$2.6 million in 2016), primarily due to new hospitality taxes, collection of business licenses, and capital grants and contributions. Business-type Activities change in net position increased in 2017 by approximately \$3.7 million (and \$1.3 million in 2016) primarily due to system capacity charges and other capital contributions.

The City's components of changes in net position (condensed from the Statement of Activities) for FY 2017 and FY 2016, are illustrated in the following table:

| | Governmen | ntal Activities | Business-ty | Business-type Activities | | tals | | |
|--|---------------|-----------------|---------------------------|--------------------------|---|----------------|--|--|
| | 2017 | 2016 | 2017 | 2016 | 2017 | 2016 | | |

Net changes for net position in Governmental Activities had a total increase of \$1.9 million in 2017 compared to an increase of \$2.6 million in 2016. Net position in Business-type Activities resulted in an increase of \$3.7 million in 2017 compared to a \$1.3 million increase in 2016, primarily due to fewer capital contributions received from developers (deeded infrastructure plus impact/capacity fees.

Key Governmental Activities revenue highlights are as follows: Total Program Revenue equaled \$2.3 million in 2017 (as compared to \$2.3 million in 2016). General Revenues totaled \$11.1 million in 2017 and \$10.8 million in 2016 due to increase in taxes and business licenses revenue. All functional expense categories saw increases in 2017, as compared to 2016, primarily due to increases in salary/wages and related benefits costs of insurance and pension allocated costs. General government expenses increased due to increases in legal-related costs, and Public Safety expenses increased due to a new division for patrolling/protecting parks and the riverfront. Planning and Development expenses continued to increase due to the NPDES phase II project expenses.

Governmental Activities expenses totaled \$11.5 million in 2017 and \$10.5 million in 2016 and resulted in normal department increases.

Key Business-type Activity revenue highlights are as follows: Total Program Revenue for services totaled \$20.5 million in 2017 (compared to \$16.8 million in 2016) resulting in an increase of \$3.7 million (or 22%) due to utility rate increases and capital grants and contributions. Expenses of operation and maintenance increased by \$204,093 (or 1.2%) due to the normal increases in the wastewater treatment plant, septage and grease center costs to operate.

Expenses and Program Revenues – Governmental Activities – Governmental expenses (totaling \$11.5 million in 2017) are funded in part by program-specific revenues of fees for services, grants and contributions. As shown below, Governmental Activities were overall funded by 19.8% 'program revenues', leaving 80.2% to be funded by 'general revenues'. From the Statement of Activities, the following table details this activity for the City.

| | (Expenses) | Program Revenue | Net (Expense) | % Funded by Program Revenues | % Required to be Funded by General Revenues |
|--------------------------|----------------|--------------------|------------------|---------------------------------------|---|
| General government | \$ (592,721) | \$ 59,539 | \$ (533,182) | 10.0% | 90.0% |
| Information technology | (108,495) | _ | (108,495) | | 100.0% |
| Finance | (73,568) | | (73,568) | | 100.0% |
| Public safety | (6,116,479) | 573,876 | (5,542,603) | 9.4% | 90.6% |
| Public works | (1,310,352) | 1,199,282 | (111,070) | 91.5% | 8.5% |
| Planning and development | (924,506) | 121,179 | (803,327) | 13.1% | 86.9% |
| Parks and museum | (1,230,689) | 337,375 | (893,314) | 27.4% | 72.6% |
| Garage | (276,484) | | (276,484) | | 100.0% |
| Depreciation and | | | | | |
| amortization | (896,646) | — | (896,646) | | 100.0% |
| Interest | (16,513) | | (16,513) | | 100.0% |
| Totals | \$(11,546,453) | \$ 2,291,251 | \$ (9,255,202) | 19.8% | 80.2% |

As in prior years, depreciation and amortization expenses were not allocated to the City's functions due to non-detailed information available and are shown as a single line item in the Statement of Activities as "unallocated", while non-departmental service support expenses were allocated by function in 2017.

General Revenues by Source - Governmental Activities

As shown in a table on the preceding page, General Revenues funded the City's Governmental Activities by 80.2% in the following categories.

| | 2017 | 2016 |
|---------------------------|--------------|--------------|
| Property taxes | \$ 4,367,332 | \$4,066,933 |
| Accommodation and | | |
| hospitality taxes | 1,147,949 | 1,074,154 |
| State shared revenue | 458,807 | 425,994 |
| Licenses and related fees | 5,049,090 | 4,586,377 |
| Miscellaneous | 105,787 | 674,637 |
| Total | \$11,128,965 | \$10,828,095 |

Overall, the City experienced a 2.8% increase in General Revenues (or \$300,870 more in 2017 than 2016) primarily due to prior-period business licenses and related fees collected/settled in 2017.

Expenses and Program Revenues – Business-type Activities – The City's Water and Sewer Utility Enterprise Fund that comprises its Business-type Activities is used for all resources associated with supplying potable water and providing sewage treatment services to domestic, business and industrial customers within the City limits as well as some of the surrounding unincorporated areas of Lexington County. Operating revenues totaled \$17.3 million in 2017 (as compared to \$16.8 million in 2016) and includes water sales and connection fees of \$5.4 million and \$9.8 million from sewer services and \$1.3 million in septage and grease treatment services. Operating expenses totaled \$15.6 million in 2017 (compared to \$14.9 million in 2016) resulting in an increase of 5.1% primarily due to increases in treatment costs. Operating income at year ended June 30, 2017, totaled \$1,687,544 (as compared to \$1,961,830 in 2016). Capacity charges, consisting primarily of system enhancement, capacity (impact) fees, and capital contributions from developers totaled \$3.1 million in 2017 (as compared to \$1.8 million in 2016), or a 75% increase. While the actual number of water and sewer customers grew nominally, the reported number of sewer customers accounts increased from 11,625 in 2016 to 12,583 in 2017. The number of water customers remained about the same – 7,760 in 2016 and 7,776 in 2017. Increased sewer customers resulted primarily from new development both in-city and outside-city. Consumption and revenue will not be affected. As stated earlier, the change in net position of the Water and Sewer Utility Fund was primarily a result of increased charges for sewer, septage and grease pretreatment services, a decrease in interest costs, and an increase in capital charges and other contributions.

General Fund Financial Analysis and Budgetary Highlights

Of the City's Governmental Funds, the City's General Fund is the primary (and major) fund. As compared to 2016, actual General Fund revenues for 2017 decreased by \$108,715 (or 1.0%), even with increases in property taxes and licenses, but grants and capital contributions were less in 2017. Actual General Fund expenditures, net of Utility Fund overhead allocations and capital outlay, totaled \$11,359,112 in 2017 compared to \$11,324,664 in 2016. The General Fund's 'final' budgeted revenues totaled \$11,254,781 and actual revenues achieved equaled \$10,692,990, or \$.5 million less than budget for the reasons stated above. The City had actual General Fund expenditures before Other Financing Sources (Uses) of \$11,359,112 compared to a 'final' budget of \$12,550,776 for a favorable budget to actual variance of \$1.2 million for the fiscal year ended June 30, 2017.

Increases that contributed to several line-item expenditures being over final budget amounts in the General Fund include the cost of salaries/wages; retirement, insurance and other benefits; and maintenance and repairs (which included City Hall interior and exteriors, plus Police/Fire Station electrical upgrades, etc.).

With continued pressures of state-mandated property tax millage 'caps', the City's final budget, before adjusting for fund balance appropriations, reflected a deficiency of estimated revenues over its appropriated expenditures before Other Financing Sources and Uses totaling \$1.3 million. The General Fund's other financing sources and uses budget included \$1.3 million in 2017 from the General Fund's portion of State Accommodations and Hospitality Tax plus an installment purchase contract.

The General Fund also allocates \$1.6 million in overhead and indirect costs to the Water and Sewer Utility Fund. As a final result, actual expenditures were below budget. The General Fund had a positive increase in fund balance of \$617,026 for the year ended June 30, 2017.

General Fund Financial Analysis and Budgetary Highlights (continued)

Details of the City's General Fund budget are shown in the section entitled "Required Supplementary Information" which follows the "Notes to Financial Statements" in this report. Below is a 'condensed' summary budget-to-actual table for fiscal year 2017 compared to 2016 actual amounts achieved.

General Fund Financial Analysis and Budgetary Highlights (continued)

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets – As of June 30, 2017, the City's capital assets for its Governmental Activities totaled \$27.1 million, less accumulated depreciation of \$11.2 million for a net carrying value of \$15.9 million. For its Business-type Activities, total capital assets equaled \$163.9 million, less accumulated depreciation of \$43.7 million for a net carrying value of \$120.2 million. The City's capital assets includes land, buildings, utility system improvements, machinery and equipment, park facilities, vehicles and furniture. The City's significant capital asset acquisition for the Governmental Activities included new vehicles, software upgrades, and various building renovations and park improvements. In addition to capital infrastructure and plant improvements for the Business-type Activities (Water and Sewer Utility Fund), the City continues to maintain a strong maintenance and replacement program for infrastructure, machinery and equipment. Additional information on the City's capital assets can be found in *Note 5* of this report.

Long-Term Debt – At the end of the current fiscal year, the City had total bonded indebtedness outstanding of its Governmental Activities of \$423,778 as a result of a new \$519,000 installment purchase note. In 2007, the city paid-off the Governmental Activities debt consisting of a tax increment financing (TIF) bond. Business-type activities long-term debt consists of State Revolving Fund (SRF) loans totaling \$54,841,328, revenue bonds totaling \$12,275,000, and an installment purchase contract payable totaling \$362,630 at June 30, 2017. Additional information on the City's long-term debt can be found in *Note 6* of this report.

During the year 2016-2017 the City issued a new Series 2017 \$24.5 million SRF Loan for renewing and replacing significant water and sewer system infrastructure. Subsequent to June 30, 2017, the City issued Series 2017 Tax Increment Financing Revenue Bonds as a junior-lien of the Water and Sewer Utility Fund to fund redevelopment in the tax district.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the City's finances for all those with an interest in its finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Office of the City Manager, City of Cayce, South Carolina.

STATEMENT OF REVENUE, EXPENDITURES AND CHANGES IN FUND BALANCES-

GOVERNMENTAL FUNDS

— CONTINUED —

| Reconciliation to amounts reported for Governmental Activities in the Statement of Activities (See <i>Note 13</i>): | |
|---|-----------------|
| Net change in fund balances – Total Governmental Funds | \$ 57,086 |
| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays | |
| exceeded depreciation in the current period. | 2,217,680 |
| Revenues in the Statement of Activities do not provide current financial resources are reported as revenues in these funds. | 143,954 |
| Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in these funds. | (612,893) |
| The issuance of long-term debt provides current financial resources to governmental funds, while repayment of the principal and interest consumes current financial resources of governmental funds. This amount is the net effect of these differences in | |
| the treatment of long-term debt and related items. | 67,936 |
| Change in net position — Governmental Activities | \$ 1,873,763 |

CITY OF CAYCE, SOUTH CAROLINA NOTES TO FINANCIAL STATEMENTS

JUNE 30, 2017

1. Summary of Significant Accounting Policies

The City of Cayce, South Carolina (the "City") was incorporated September 7, 1914, under the laws of the State of South Carolina for the incorporation of municipal governments and as amended by Act 283 of the 1975 Code (Home Rule City Act). The City operates under a Council-Manager form of government and provides the following services as authorized by its charter: public safety (police and fire), streets, sanitation, health, culture-recreation, public improvements, planning and zoning and general administrative services.

The financial statements of the City have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government's accounting policies are described below.

A. Reporting Entity

Using the criteria of GASB Statement No. 14, The Financial Reporting Entity, as amended by GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, and GASB Statement No. 61, The Financial Reporting Entity Omnibus, the basic financial statements of the County present the reporting entity that consists of the primary government and those legally separate organizations for which the elected officials of the primary government is financially accountable and for which the nature and significance of their relationship with the primary government are such that exclusion could cause, in management's judgment, the City's financial statements to be misleading or incomplete.

Financial accountability is defined as appointment of a voting majority of the separate organization's board and either a) the ability to impose will by the primary government, or b) the possibility that the separate organization will provide a financial benefit to or impose a financial burden on the primary government. "Blended" component units are separate entities that are, substantially, part of the primary government's operations and are combined with financial data of the primary government. "Discretely presented" component units, on the other hand, are reported in separate columns in the Government-wide financial statements to emphasize that they are legally separate from the operations of the primary government.

The City maintains the Cayce Beautification Foundation and the Cayce Public Safety Foundation, both organized to enhance the City of Cayce in partnership with local residents, businesses and law enforcement. These entities are not material to the City, and therefore, no discretely presented component units are presented for the year ended June 30, 2017.

1. Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation

Government-Wide and Fund Financial Statements

Government-wide Financial Statements — The Government-wide financial statements consist of a Statement of Net Position and a Statement of Activities and reports information on all of the non-fiduciary activities of the government as a whole. Separate columns are used to distinguish between the City's governmental and business-type activities. Governmental activities are generally those activities financed by taxes, intergovernmental revenues, and other non-exchange revenues. These activities are usually reported in Governmental Funds.

Business-type activities are those activities which are financed in whole or in part by user fees charged to external parties for goods and services. These activities are usually reported in Enterprise Funds. The primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The Statement of Net Position reports all financial and capital resources of the City and reports the difference between assets and deferred outflows less liabilities and deferred inflows as "net position" not fund balance or equity. The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues and reflects the "net (expenses) revenue" of the City's individual functions before applying 'general' revenues.

Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues are derived directly from the program itself or from parties outside the reporting government's taxpayers or citizenry, as a whole, and thus reduce the net cost of the function to be financed from the government's general revenues. They include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, (2) operating grants and contributions, and (3) capital grants and contributions, including special assessments that are restricted to meeting the operational or capital requirements of a particular function or segment. Internally dedicated resources are reported as general revenues rather than as program revenues. All revenues are 'general' revenues unless they are required to be reported as program revenues.

<u>Fund Financial Statements</u> — Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the Government-wide financial statements. The focus of governmental and proprietary fund financial statements is on 'major' funds. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements, with 'non-major' funds being aggregated and displayed in a single column.

The City reports the General Fund and the Capital Projects Fund as the "major" governmental funds and the Water and Sewer Utility Fund as the "major" proprietary fund. A schedule of non-major funds is presented separately as part of Other Financial Information. Because of the basis of accounting and reporting differences, summary reconciliations to the Government-wide financial statements are presented at the end of each applicable fund financial statement.

1. Summary of Significant Accounting Policies (Continued)

B. Basis of Presentation (Continued)

Governmental Funds

General Fund – The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Special Revenue Funds – The Special Revenue Fund is used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally (or donor) restricted to expenditures for specified purposes other than debt service or capital projects. The City maintains special revenue funds for continuing grant programs of rental rehabilitation, community development, home and law enforcement; state restricted funds of accommodation taxes and alcohol permits; restricted hospitality taxes; plus Cayce Museum Fund.

Capital Projects Fund – The Capital Projects Fund is used to account for the acquisition and construction of major capital facilities and other capital assets other than those financed by the proprietary fund. The City maintains this fund for its resources and activities in the tax increment financing (TIF) district.

Debt Service Fund — The Debt Service Fund is used to account for the accumulation of financial resources for the payment of interest and principal on certain general long-term debt of the City, other than debt service payments financed by proprietary fund types. The City maintains this fund for the resources of taxes collected in the TIF district used for retirement of long-term debt.

Proprietary Funds

Enterprise Funds – The Enterprise Fund is used to account for operations (a) that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the cost (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenue earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The City operates a combined Water and Sewer Utility Enterprise Fund.

Fiduciary Funds

All of the City's fiduciary activities are reported in a separate Statement of Fiduciary Net Position and (if applicable) a Statement of Changes in Fiduciary Net Position.

Agency Funds – The Agency Fund is used to account for assets held by the City as an agent for individuals, private organizations, other governments, and/or other funds. At June 30, 2017, these included Police Fund and Firemen's Fund. Agency Funds are custodial in nature (assets equal liabilities) and do not involve the measurement of results of operations. These activities have been excluded from the City's Government-wide financial statements because the City cannot use those assets to finance its operations.

CITY OF CAYCE, SOUTH CAROLINA NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (Continued)

C. Measurement Focus and Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting is a conceptual description of the timing of the accounting measurements made.

The Government-wide and Proprietary Fund financial statements use the economic resources measurement focus and the accrual basis of accounting, in accordance with GASB Statement Number 34. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor have been met.

As a general rule, the effect of interfund activity (i.e. advances or short-term loans) has been eliminated from the Government-wide financial statements, except for amounts due between the City's governmental activities and business-type activities.

Governmental Fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis concept, revenues susceptible to accrual (e.g. property taxes, franchise taxes, state shared and intergovernmental revenues) are recognized when they become measurable (estimable as to the net amount to be collected) and available as current assets. Such revenues are considered to be available when they are collected within the current period or soon enough thereafter (not exceeding 60 days) to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Proprietary Fund statements reflect net position and revenues, expenses and changes in net position using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis concept, revenues are recognized when earned and expenses are recognized when incurred.

Proprietary Funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When restricted, committed, and/or assigned resources are available for use, it is the government's policy to use restricted resources first, then committed resources, then assigned resources, then unrestricted resources as they are needed.

CITY OF CAYCE, SOUTH CAROLINA NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (Continued)

D. Budgets and Budgetary Accounting

<u>Budgets and Encumbrances</u> – Generally, budgets are adopted on a basis consistent with generally accepted accounting principles. A legal operating budget is prepared annually for the General Fund and Water and Sewer Utility Fund. Informal budgetary controls are maintained for other funds.

The City Manager is authorized to administer the budget and transfer amounts within and between departments and funds as necessary and designate continuing projects from fund balances or additional unbudgeted revenue and transfers. Subsequent expenditures (expenses) approved by Council shall automatically carry amendments to fund appropriation where applicable.

The General Fund operated under a final expenditure budget totaling \$10,950,776, plus \$1,600,000 Utility Fund indirect costs and overhead allocated to the General Fund departments, and other financing sources (uses) of \$1,295,995. As further described in the "Required Supplementary Information", a budgetary comparison schedule for the General Fund is provided. The Water and Sewer Utility Fund operated under a budget totaling \$11,830,322 (including operation and maintenance, capital improvements, debt service principal amounts and coverages). Actual operating expenses totaled \$15,659,279 (including a charge of \$4,579,200 for depreciation and amortization).

Encumbrances represent outstanding purchase orders or commitments related to unperformed contracts for goods or services. Encumbrance accounting – under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable budgeted appropriation – is utilized in the governmental funds. There were no material encumbrances at June 30, 2017.

E. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses

Cash and Cash Equivalents and Investments

Cash includes amounts held in demand deposits. For purpose of the statement of cash flows, the City considers all savings and short-term investments purchased with maturities of three months or less to be cash equivalents. State statutes authorize the City to invest in obligations of the U. S. Treasury, commercial paper, corporate bonds and repurchase agreements. Investments are reported at fair value.

Short-Term Interfund Receivables/Payables

During the course of operations, numerous transactions result in loans or advances between individual funds. Interfund loans outstanding at year-end are recorded as Interfund Receivables/Payables and are expected to be paid within one year. The lending fund reports amounts 'due from other funds', while the borrowing fund reports amounts 'due to other funds'. These interfund receivables and payables are classified as "internal balances" on the Government-wide Statement of Net Position and have been eliminated. The City considers all interfund receivables, net of any payables to be short-term. Advances to/from other funds (if any) represent long-term interfund loans receivable and payable.

CITY OF CAYCE, SOUTH CAROLINA NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses (Continued)

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable includes accounts due from other governments and is stated net of their allowance for uncollectible accounts.

Inventory and Prepaid Items

Inventory is valued at cost or estimated historical cost on a first-in, first-out (FIFO) basis. Inventory consists of expendable supplies of the garage and water/wastewater maintenance, held for consumption. Reported inventory expenditures or expenses are recognized when inventories are consumed. Additionally, certain payments to vendors reflect costs for services applicable to future periods and are reported as prepaid items.

Restricted Assets

Restricted accounts include monies or other resources, the use of which is restricted by legal or contractual requirements. In the Enterprise Fund restricted assets arise from certain bond and contract ordinances.

Other Assets

Other assets consists of purchases of intangible assets, or 'contractual rights' to use capital asset resources. The Business-type Activities contract rights result from the purchase of expanded wastewater collection lines owned by a third-party (Red Bank Line) where the City uses the additional line capacity. The purchase price (cost) totaling \$563,864 is being amortized over the life of the contract (40 years). Amortization expense for the year ended June 30, 2017 totaled \$14,097. Additionally, the City's portion of the Taylor Road wastewater line expansion totaled \$240,019 and has been fully amortized. The Governmental Activities rights result from the purchase and cost contribution to Lexington County to construct a new animal services/shelter services and to provide the City future services. The purchase price (cost) totaling \$100,000 and is to be amortized over the life of the contract (20 years). Amortization expense incurred for fiscal year totaling \$5,000.

Capital Assets and Depreciation

Capital assets, which include land, buildings, improvements, machinery and equipment, and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the Government-wide financial statements. Capital assets of the City that are not specifically related to activities reported in proprietary or fiduciary funds have been reported as assets in the governmental funds column of the Government-wide financial statement. Capital assets are defined by the City as those assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of two years.

All capital assets are valued at historical cost if purchased or constructed, or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their estimated acquisition value on the date donated. The costs of normal repairs and maintenance that do not add to the value of the asset or materially extend asset lives are not capitalized.

CITY OF CAYCE, SOUTH CAROLINA NOTES TO FINANCIAL STATEMENTS

- CONTINUED -

1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses (Continued)

Capital Assets and Depreciation (Continued)

Public domains (rights-of-way and easements) have been capitalized using actual and estimated historical costs of such assets that were acquired by the City. The City owns .98 mile of paved subdivision streets at June 30, 2017. However, the City is not responsible for maintenance or reconstruction costs associated with the roads.

Depreciation of all exhaustible capital assets has been provided based on the estimated useful lives of the class of assets, or individual assets using the straight line method with service lives as follows: Buildings -15 to 40 years; Improvements -10 to 30 years; Machinery and equipment -3 to 20 years; Water and sewer systems -10 to 50 years.

Capitalization of Interest

Interest costs incurred during the construction phase of business-type capital assets are reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

Long-term Obligations

In the Government-wide financial statements, and the Proprietary Fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type Statement of Net Position. Long-term debt represents unmatured principal of general obligation and revenue bond indebtedness, and outstanding portions due on long-term contracts. These obligations are reported net of bond premiums and discounts, which are amortized over the life of the related bond issue using the straight-line method. Other long-term obligations represent outstanding net present value portions due on capital lease obligations, and long-term portions of claims or judgments. Liabilities arising from interfund activities do not constitute general long-term liabilities. In the Governmental Fund financial statements, bond premium and discounts, as well as bond issuance, costs are recognized as expenditures of the current period. The face amount of the debt issued, along with any bond premium and discounts, is reported as Other Financing Sources.

Compensated Absences (Accrued Vacation and Sick Leave)

City employees are entitled to accrue and carry forward at fiscal year-end accumulated unused days of annual vacation leave and sick leave. Typically, employees consume newly-earned increments of leave in future periods. Effective July 1, 1994, accumulated annual and sick leave is capped at 400 hours and 720 hours, respectively, per employee. Upon termination of employment, employees are entitled to be paid at current salary levels for accumulated unused annual vacation leave. Prior to July 1, 1994, the City's policy for employees receiving compensation for unused sick leave upon termination was as follows: 15 years of service = 25%; 20 years of service = 50%; 25 years of service = 75%; 30 years of service = 100%.

CITY OF CAYCE, SOUTH CAROLINA NOTES TO FINANCIAL STATEMENTS

— CONTINUED —

1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses (Continued)

Compensated Absences (Accrued Vacation and Sick Leave (Continued)

In the Government-wide and Proprietary Fund financial statements, vacation pay is accrued when incurred and reported as a current and long-term liability. In the Governmental Funds, expenditures and liabilities related to these obligations are recognized when they mature (become due). Vacation pay that is expected to be liquidated, for example, as a result of employee resignations and retirements, with expendable available financial resources is reported as an expenditure and a fund liability in the General Fund, when applicable.

Unearned Revenue

In the Government-wide and Proprietary financial statements, certain assets are not recognized in connection with a transaction before the earnings process is complete. These assets are generally offset by a corresponding liability entitled unearned revenue and represent various deposits. Unearned revenue in the Governmental Fund financial statements are not yet available to finance expenditures for the current fiscal.

Contract Obligation

Under an intergovernmental agreement, the City is obligated to provide financial credit to a wastewater treatment purchaser of \$1,950,000, which resulted from a prior-year receipt of wastewater capacity payments. The City applies the credit against future contract charges and services. At June 30, 2017, the current credit balance outstanding equals \$1,401,672.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the South Carolina Retirement System (SCRS) and South Carolina Police Officers Retirement System (PORS) and additional to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the related plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Net Position and Fund Balances

In the Government-wide financial statements, the difference between the City's total assets and deferred inflows, less total liabilities and deferred outflows represents net position. Net position for both the governmental and proprietary fund types displays three components — net investment in capital assets; restricted (distinguished between major categories of restrictions); and unrestricted. Unrestricted net position represents the assets available for future operations. In the Fund financial statements, governmental funds are reported in classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor the constraints on the specific purposes for which amounts in those funds can be spent. "Nonspendable" fund balances include those amounts that cannot be spent because they are either not in a spendable form or legally or contractually required to be maintained intact.

- CONTINUED -

1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses (Continued)

Net Position and Fund Balances (continued)

"Restricted" fund include those amounts that are legally restricted by outside parties, laws, governments, or enabling legislation for use for a specific purpose. "Committed" fund balances are amounts that can only be used for specific purposes due to constraints imposed by formal action of the City Council which is the City's highest level of decision making authority. A formal action by Council, typically an ordinance, would be required to rescind a commitment. "Assignments" of fund balance present management's intent, but are neither restricted nor committed. Due to its form of government (Council-Manager), the City Manager and/or through the annual budget, is authorized to assign amounts to a specific purpose. "Unassigned" fund balance is the residual classification for the General Fund, or in other governmental funds if expenditures incurred for specific purposes exceed the amounts restricted, committed, and/or assigned to those purposed. When other governmental funds have deficit fund balances, such deficits, after reducing any assigned, committed or restricted balances, are reported as negative unassigned fund balances. In governmental funds, other than the General Fund it is not appropriate to report a positive unassigned fund balance.

Property Taxes

The City assesses and levies property taxes in accordance with applicable laws of the State of South Carolina. Real property and personal property of every description owned and used in the City, except that which is exempt from taxation under the Constitution and Laws of the State, is subject to taxation. An annual ordinance establishing the millage rate associated with the levy is adopted each year as a part of the budget adoption process.

Real property and all personal property other than vehicles are assessed for property tax purposes as of December 31 of each year. The basis for value of taxable property within the City is taken from the records of the Lexington County Assessor or the Richland County Assessor. Taxes are levied on July 1 with the passage of the fiscal year budget and millage ordinance, billed in October, and are due by January 15 in the year following their levy. A penalty of 3% is added to the tax bill on January 16; with an additional 7% added on February 2; and an additional 5% to the tax bill on March 17.

New vehicle property taxes are assessed and levied within 120 days of the registration date of the vehicle and payment is due upon receipt of the property tax notice. Other vehicle property taxes are assessed and levied in the month the vehicle is scheduled for license renewal with the South Carolina Department of Transportation and payment is due before the end of the month of the scheduled renewal.

For Government-wide financial statements, property taxes are recognized as revenue in the year for which they are levied. For Government Fund financial statements, City property tax revenues are recognized for the budget period to which they apply when they become measurable and available. Delinquent and unpaid property taxes are reported as receivables, less amounts estimated to be uncollectible.

— CONTINUED —

1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses (Continued)

Program and General Revenue

The City charges public fees for building permits and inspections, and admission fees for certain recreational activities. These fees as well as fines for traffic violations and grant revenues are recorded as "program revenue" in the Statement of Activities. "General revenues" reported by the City include property taxes, state-shared taxes, business licenses (which are appropriately not classified as program revenue 'fees for services' due to their non-matching characteristics) and other government imposed non-exchange fees (e.g. franchise fees, which are general revenue fees-in-lieu of business licenses).

Interfund Activities

Transfers between governmental and business-type activities on the Government-wide statements are reported in the same manner as general revenues. Exchange transactions between funds are reported as revenues in the seller funds and as expenditure/expenses in the purchaser funds. Flows of cash or goods from one fund to another without the requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Deferred Inflows/Outflows of Resources

Pursuant to GASB Concepts Statement No. 4, "deferred outflow of resources" is a consumption of net position (assets minus liabilities) by the government that is applicable to a future period, while an 'asset' is a resource with present service capacity that the government presently controls. A "deferred inflow of resources" is an acquisition of net position (assets minus liabilities) by the government that is applicable to a future reporting period, while a 'liability' is a present obligation to sacrifice resources that the government has little or no discretion to avoid. Deferred outflows and inflows of resources are reported separate from assets and liabilities, respectively, in the Statement of Net Position.

At June 30, 2017, the City also reported 'deferred outflow of resources' consisting of pension and debt refunding losses (resulting from the difference between the new refunding debt (reacquisition price) and the net carrying amount of the old refunded debt). This amount is being amortized over the remaining life of the old debt or the life of the new debt, whichever is shorter.

— CONTINUED —

1. Summary of Significant Accounting Policies (Continued)

E. Assets, Liabilities, Fund Equity, Revenue, Expenditures and Expenses (Continued)

Comparative Data and Reclassifications

Comparative data for the prior year has been presented in selected sections of the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Estimates are used to determine depreciation expense, and the allowance for doubtful accounts among other accounts. Actual results could differ from those estimates.

— CONTINUED —

2. Deposits and Investments

As of June 30, 2017, the City had the following cash and investment balances:

| Cash on hand Carrying amount of deposits Carrying amount of investments Funds held in trust by State | \$ | 1,830 18,918,969 2,109,572 22,651,552 |
|--|-----------|--|
| Total | \$ | 43,681,923 |
| Statement of Net Position balances: Cash and cash equivalents Cash and cash equivalents – restricted Cash and cash equivalents – fiduciary Total | \$ | 8,353,135 35,110,018 218,770 43,681,923 |
| Investments are categorized as follows: Money Market Funds | <u>\$</u> | 2,109,572 |

Deposits

Custodial credit risk of deposits is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City does not have a deposit policy for custodial credit risk. At June 30, 2017, the carrying amount of the City's cash deposits with financial institutions was \$18,918,969 and the financial institution's balances totaled \$20,854,510. Of this balance, \$880,212 was covered by federal depository insurance and the remaining balance was covered by collateral held by the financial institutions' trust departments in the City's name. The City's cash on hand at June 30, 2017, amounted to \$1,830. Accordingly, the City was not exposed to custodial credit risk.

— CONTINUED —

2. Deposits and Investments (Continued)

Investments

Interest Rate Risk. The City does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

As of June 30, 2017, the City had the following investments subject to interest rate risk:

| | _Fair Value_ | Maturity |
|--------------------|--------------|-----------------------|
| | | 8 days weighted |
| Money Market Funds | \$ 2,109,572 | average of portfolios |

Credit Risk. State statute authorizes the City to invest in obligations of the United States and agencies thereof; general obligations of the State of South Carolina or any of its political units provided such obligations are rated as an "A" or better by Moody's Investors Service, Inc. and Standard and Poor's Corporation or their respective successors; interest bearing accounts in savings and loan associations to the extent that the same are insured by an agency of the Federal government; certificates of deposit where the certificates are collaterally secured by securities of the type described above, held by a third party as escrow agent or custodian, of a market value not less than the amount of the certificates of deposit so secured, including interest, provided, however, such collateral shall not be required to the extent the same are insured by an agency of the United States Government; or deposit accounts with banking institutions insured and secured in the same manner.

The statutes provide that all authorized investments shall have maturities consistent with the time or times when the invested monies will be needed in cash. Statutes also allow the State Treasurer to assist local governments in investing funds. The City is under no contractual agreements which restrict investment alternatives. The City has no investment policy that would further limit its investment choices other than its compliance with State Law.

The Money Market Funds were rated AAA by Moody's Investors Service December 1998 and AAA by Standard & Poors and Fitch Ratings in March 1999.

2. Deposits and Investments (Continued)

Investments (Continued)

Custodial credit risk. Custodial credit risk of investments is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment balances were covered by collateral held by the financial institution's trust department in the City's name. The City does not have an investment policy for custodial credit risk. As of June 30, 2017, the City was not exposed to custodial credit risk.

Concentration of Credit Risk. The City places no limit on the amount it may invest in any one issuer. More than 5% of the City's investments are in money market funds. These investments are 100% of the City's total investments.

3. Receivables

Receivables at June 30, 2017, including the applicable allowances for uncollectible accounts, are as follows:

| | Governmental Activities | Business-type Activities | | |
|-----------------------------------|----------------------------|-----------------------------|--|--|
| Property taxes | \$ 1,483,370 | \$ | | |
| Hospitality taxes | 97,156 | | | |
| Sanitation and fire hydrant fees | 54,970 | _ | | |

6. Long-Term Debt (Continued)

B. Business-Type Activities (continued)

Series 2017 SRF Loan

The City issued \$24,560,378 Clean Water State Revolving Fund Loan, Series 2017, dated February 9, 2017, for the purpose of defraying costs associated with certain Water and Sewer Fund infrastructure improvements. The Series 2017 bonds are secured by and payable solely from a pledge of and lien upon the Net Revenues (as defined in the Series Ordinance) on a parity with the pledge thereof securing the payment of the Outstanding Bonds (as defined in the Series Ordinance) and any other Additional Bonds (as defined in the Series Ordinance) hereafter issued.

Series 2016A&B Bonds and Defeasement of Series 2007A Bonds

During the year ended June 30, 2016, the City issued Series 2016A&B Water and Sewer System Refunding Revenue Bonds to advance refund the outstanding principal amounts of the Series 2007A Water and Sewer System Refunding and Improvement Revenue Bonds, (original principal amount of \$18,795,000 dated September 11, 2007). Proceeds from the Series 2016A&B bonds were used to (i) redeem the callable portion of the Series 2007A bonds and (ii) establish an irrevocable escrow fund (trust account) held by a third-party. The amounts deposited in the trust account are invested in U.S. treasury securities and the interest and principal thereof shall be applied to the payment of the principal and interest on each of the outstanding Series 2007A bonds payable through July 1, 2020. The Series 2007A bonds are considered defeased 'in-substance' for accounting and financial reporting purposes, and the trust account assets and the liability for the defeased bonds are not included in the City's financial statements.

At June 30, 2017, total funds available in the trust account equaled \$7,286,332, and the outstanding principal and interest due on the Series 2007A bonds equaled \$8,125,000. The Series 2016A bonds shall not be subject to optional redemption prior to their stated maturities. The Series 2016B bonds maturing on and after July 1, 2027 are subject to redemption at any time on and after July 1, 2026 at a redemption price of par plus accrued interest to the date of redemption.

Bond Refunding Gains or Losses

The defeasance transactions of the Series 1998, Series 2007A, and Series 2016A & B bonds resulted in an accumulative accounting loss of \$1,266,428, which is being amortized over the shorter life of the new refunding debt or the refunded (old) debt, with such amount being reported as deferred outflows of resources on the Statement of Net Position. For the year ended June 30, 2017, accumulated amortization totaled \$489,528 and amortization expense of the bond refunding loss equaled \$105,178.

6. Long-Term Debt (Continued)

B. Business-Type Activities (continued)

Wastewater System Contracts – State Revolving Fund Loans

Pursuant to the 208 Water Quality Management Plan developed by the Central Midlands Council of Governments, the City has been designated as the wastewater treatment service regional provider. Accordingly, the City, in addition to its inside and outside customers, has various intergovernmental agreement customers. The following agreements also involves State Revolving Fund loans.

Springdale Agreement

On August 30, 2001, the City and the Town of Springdale entered into an agreement where the City provides sewer services to certain residents within the municipal limits of Springdale. Pursuant to the terms, Springdale pays the City an amount equal to all debt service and related costs associated with the Series 2002 SRF Loan. Annual remittances total \$105,194, and under the terms of the contract, have been accounted for as sewer service revenue. Such contract and receipt of revenues shall be required for all periods that the Series 2002 SRF Loan is outstanding, but are contingent based on the annual budget appropriated by the Town of Springdale. The Series 2002 SRF Loan matures on September 1, 2023.

Lexington and Commission Agreement

On August 28, 2009, the City entered into a Wastewater Services Agreement with the Town of Lexington and the Lexington County Joint Municipal Water and Sewer Commission, which has a stated term of 30 years and may be automatically renewed for 2 successive 10 year periods thereafter. Pursuant to the Agreement, the Commission pays the City principal, interest and debt service coverage for 30.183% of the Series 2009 SRF Loan debt service requirements (in addition to other rates and charges). The monthly payment amount is \$52,894, or \$634,728 annually, plus an additional 15% of such amount for debt service coverage. The Series 2009 SRF Loan matures on March 1, 2032. According to the Agreement, revenue generated by the Debt Service Charge (as defined in the Agreement) shall be considered operating revenue for the City.

Installment Purchase Contracts

During FY 2015-2016, the City entered into an installment purchase contract totaling \$639,000, and is collateralized by certain equipment used in the Business-type Activities (Water and Sewer Utility Fund). At June 30, 2017, total outstanding balance totaled \$362,630.

During FY 2016-2017, the City entered into an installment purchase contract totaling \$519,000 for acquiring certain vehicles and equipment used in the Governmental Activities. At June 30, 2017, total outstanding balance totaled \$423,778.

6. Long-Term Debt (Continued)

D. Annual Requirements for Long-Term Debt (Continued)

Revenue Bond Covenants

There are a number of limitations and restrictions contained in the City's revenue bond ordinances and indentures. In 2016, the City adopted a Master Bond Ordinance where it requires, among other requirements, for the City to prescribe and maintain rates and charges for services and facilities furnished by the Water and Sewer Utility system which, together with other income, are reasonably expected to yield annual Net Earnings (as defined in the Bond Ordinance) in the current fiscal year equal to at least the sum of 115% of the Annual Principal and Interest Requirement in such fiscal year for all bonds outstanding. Net Earnings under the Bond Ordinance includes Capital Facility Charges.

Prior to the Bond Ordinance, the City's outstanding bonds were governed by an indenture of trust (Supplemental and Amended Indenture of Trust, dated July 15, 2004), where the City was required to meet rate covenant tests (i) where the City's Net Revenues without Capital Facility Charges would be at least 115% of Combined Debt Service, or (ii) where the City's Net Revenues without Capital Facility Charges would be at least 110% of Combined Debt Service plus at least 120% of Net Revenue with Capital Facility Charges to Combined Debt Service.

The pledge and liens securing the SRF Loans (Series' 2002, 2009, 2015 and 2017) are on parity in all respects with the pledges and liens securing the revenue bonds (Series 2016A&B). The City was in compliance with its covenant requirements at June 30, 2017.

7. Net Position

Net position of the Government-wide and Proprietary Fund financial statements represent the difference between assets and deferred outflows, less liabilities and deferred inflows. Reported amounts for net investment in capital assets and restricted net position were as follows:

| | ł | Governmental Activities | | Business-type Activities |
|--|----|-------------------------|----|-----------------------------|
| Net Investment in Capital Assets: | | | | |
| Net capital assets | \$ | 15,859,932 | \$ | 127,755,138 |
| Less, revenue bonds and loans payable | | (423,778) | | (67,478,958) |
| Add, back portion of debt proceeds reported as | | | | |
| restricted | | | | 22,651,502 |
| Less, construction and retainages payable | | (5,582) | | (1,951,662) |
| Total net investment in capital assets | \$ | 15,430,572 | \$ | 80,976,020 |

8. Employee Retirement

The City's retirement program for its employees follows:

Plan Description

The state of South Carolina provides retirement plans for employees of state agencies, public and charter school districts, public higher education institutions and other local subdivisions of government through the South Carolina Retirement System (the "Systems").

All City employees, excluding public safety employees (police and fire officers), are eligible for membership in the South Carolina Governmental Employees' Retirement System (SCRS). Public safety employees are covered by the South Carolina Police Officers' Retirement System (PORS). Both are cost-sharing, multiple employer public employee retirement plans administered by the South Carolina Public Employee Benefit Authority (PEBA). The Systems' provisions are established under Title 9 of the SC Code of Laws. Actuarial determinations are made by the administrators for the Systems.

Benefits

The SCRS and PORS offers retirement and disability benefits, cost of living adjustments on an adhoc basis, life insurance benefits and survivor benefits, and are established by State statutes.

— CONTINUED —

8. Employee Retirement (Continued)

Benefits (continued)

Under current statutes, member employees who retire at age 65 or after 28 years (public safety employees after 25 years) of credited service are entitled to an annual full service retirement benefit, payable monthly for life, equal to 1.82% of the employee's highest twelve consecutive quarters of compensation for non-public safety employees and 2.14% for public safety employees.

Member employees who are at least 55 years of age may elect early retirement with reduced benefits. In either case, any unrecovered contributions are payable upon death and benefit payments increase 4% each year following an increase in the Consumer Price Index of at least 3%. Full service or early retirees may elect other optional methods of benefit distributions, including lump sum distributions, benefit levels coordinated with the retiree's social security benefits, and distributions to a named beneficiary. Benefits are fully vested on reaching five years of service. The retirement plans also provides death and disability benefits to all member employees.

Funding Policy

The City's total pensionable wages ("covered payroll") for the years ended June 30, 2017, 2016, and 2015, were approximately \$9,058,566, \$8,359,967, and \$7,923,045, respectively, while total wages ("covered-employee") were \$9,116,783, \$8,565,569, and \$7,985,444, , for the years ended 2017, 2016, and 2015, respectively. State statutes also determine the levels of contributions required by both employers and employees.

For the year ended June 30, 2017, SCRS contribution rates were 8.66% and 11.56% for non-public safety employees and the employer, respectively. PORS contribution rates were 9.24% and 14.24% for public safety employees and the employer, respectively. Effective July 1, 2017, for non-public safety employees, the employee contribution rate will be 9.00% and the employer required contribution will be 13.56%, which includes .15% of group life coverage. Effective July 1, 2017, for public safety employees, the employee contribution rate will be 9.75% and the employer contribution rate will be 16.24%, which includes .2% of group life and .2% of accidental death coverage. The City contributed 100% of the required contribution for each of the plans for the years ending June 30, 2017, 2016, and 2015, as shown in the following table.

| | SCRS | | | | PORS | | | | | | |

Net Pension Liabilities, Pension Expenses, Deferred Outflows/Inflows of Resources

At June 30, 2017, the City reported a liability of \$17,809,502 for the measurement period June 30, 2016 for its proportionate share of the net pension liabilities, of which \$12,005,946 was for SCRS and \$5,803,556 was for PORS. The net pension liabilities were measured by PEBA as of June 30, 2016 and the total pension liabilities used to calculate the net pension liability was determined by an actuarial valuation of data as of July 1, 2015 and rolled forward to June 30, 2016. The City's proportion share of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plans relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2016, PEBA reported the City's proportion of the collective net pension liability was 0.056208% for SCRS and 0.228800% for PORS.

For the year ended June 30, 2017, the City recognized pension expense of \$1,815,044, of which \$1,188,439 was for SCRS (\$571,899 in Governmental Activities and \$616,540 in the Business-type Activities) and \$626,605 for PORS (all Governmental Activities), respectively.

8. Employee Retirement (Continued)

Actuarial Assumptions

The total pension liabilities in the June 30, 2016 actuarial valuation (measurement period) was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| | SCRS | PORS |
|----------------------------|---|---|
| Cost Method | Entry Age Normal | Entry Age Normal |
| Inflation | 2.75% | 2.75% |
| Projected salary increases | 3.5% to 12.5% (varies by service) | 4.0% to 10.0% (varies by service) |
| Benefit adjustments | lesser of 1% or \$500 annually | lesser of 1% or \$500 annually |
| Investment rate of return | 7.5%, net of pension plan investment expense, including inflation | 7.5%, net of pension plan investment expense, including inflation |

Mortality rates were based on the RP-2000 Mortality Table for Males or Females, by job class, as appropriate, with adjustments for mortality improvements based on Scale AA, projected from the year 2000.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study on data through June 30, 2010. The next actuarial experience study is scheduled to be conducted after the June 30, 2016 annual valuation is completed.

Long-term Expected Rate of Return

The long-term expected rate of return on pension plan investments, as used in the June 30, 2016, actuarial valuations, was based upon the 30 year capital market outlook at the end of the third quarter 2015, as developed by the Retirement Systems Investment Commission (RSIC) in collaboration with its investment consultant, Aon Hewitt. The long-term expected rate of returns represent assumptions developed using an arithmetic building block approach, reflecting observable inflation and interest rate information available in the fixed income markets as well as Consensus Economics forecasts. Long-term assumptions for other asset classes are based on historical results, current market characteristics, and professional judgment.

The expected returns, along with the expected inflation rate, form the basis for the target asset allocation as adopted by the RSIC as of January 1, 2016. The long-term expected rate of return is produced by weighting the expected future real rates of return by the target allocation percentage and by adding expected inflation and is summarized in the table below.

— CONTINUED —

8. Employee Retirement (Continued)

Long-term Expected Rate of Return (continued)

The RSIC has exclusive authority to invest and manage the retirement trust funds' assets. As co-fiduciary of the SCRS and PORS plans, statutory provisions and governance policies allow the RSIC to operate in a manner consistent with a long-term investment time horizon. The expected real rates of investment return, along with the expected inflation rate, form the basis for the target asset allocation adopted annually by the RSIC. For actuarial purposes, the long-term expected rate of return is calculated by weighting the expected future real rates of return by the target allocation percentage and then adding the actuarial expected inflation which is summarized in the table on the following page. For actuarial purposes, the 7.50% assumed annual investment rate of return, used in the calculation of the total pension liability includes a 4.75% real rate of return and a 2.75% inflation component as adopted by the RSIC for January 1, 2016.

| | Target AssetAllocation | Expected Arithmetic Real Rate of Return | Long Term Expected Portfolio Real Rate of Return |
|----------------------------------|------------------------|--|--|
| Asset Class | | | |
| Global Public Equity | 43.0% | | |
| Global public equity | 34.0% | 6.52% | 2.22% |
| Private equity | 9.0% | 9.30% | 0.84% |
| Real Estate | <u>8.0%</u> | | |
| Real estate | 5.0% | 4.32% | 0.22% |
| Commodities | 3.0% | 4.53% | 0.13% |
| Opportunistic | 20.0% | | |
| GTAA/Risk parity | 10.0% | 3.90% | 0.39% |
| HF (low beta) | 10.0% | 3.87% | 0.39% |
| Diversified Credit | 17.0% | | |
| Mixed credit | 5.0% | 3.52% | 0.17% |
| Emerging markets debt | 5.0% | 4.91% | 0.25% |

| Total expected real return | 100.0% | | 5.10% |
| Inflation for actuarial purposes | | | 2.75% |
| Total expected nominal return | | | 7.85% |

— CONTINUED —

8. Employee Retirement (Continued)

Discount Rate

The discount rate used to measure the total pension liabilities at June 30, 2016, was 7.50%. The projection of cash flows used to determine the discount rate assumed that contributions from participating employers in SCRS and PORS will be made based on the actuarially determined rates based on provisions in the South Carolina Code of Laws. Based on those assumptions, each System's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity Analysis

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate. The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.50%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.5%) or one percentage point higher (8.5%) than the current rate:

City's proportionate share of the net pension liabilities to

| | | changes in the discount rate | | | | | | |
|------|---------------|------------------------------|------------------|----|-------------|--|--|--|
| | 1% Decrease | C | Current Discount | | 1% Increase | | | |
| | (6.5%) | | Rate (7.5%) | | (8.5%) | | | |
| SCRS | \$ 14,977,089 | \$ | 12,005,946 | \$ | 9,532,581 | | | |
| PORS | \$ 7,606,057 | \$ | 5,803,556 | \$ | 4,183,670 | | | |

Pension Plans Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PEBA financial report. A comprehensive annual financial report containing financial statements and required supplementary information for the PEBA, which is issued and publicly available on the website www.peba.sc.gov, or a copy may be obtained by submitting in writing a request to the PEBA, 202 Arbor Lake Drive, Columbia, SC 29223. PEBA is considered to be a division of the primary government of South Carolina. The retirement trust fund financial information is included in the comprehensive annual financial statement of the state.

9. Post-Employment Benefits Other Than Pension

Plan Description

In addition to the pension benefits described in *Note 8*, the City maintains a policy whereby an employee who was hired prior to July 1, 2009 and who qualifies under the South Carolina Retirement System's regular service retirement and who has 15 years of service with the City will have the opportunity to participate in the City's single employer defined benefit other post-employment benefit (OPEB) plan, hereafter referred to as "OPEB" or the "Program". The plan offers retired employees' premium payments for the employee group health insurance plan (including dental) at no cost. The City's policy premium rates were \$745.88 for the retiree and \$742.28 for the spouse for the year ended June 30, 2017. The retiree pays nothing for retiree only coverage and pays the full premium rate of \$742.28 for spouse coverage. The program covers the retired employee until the earlier of (1) the retired employee reaches age 65, or (2) the retired employee qualifies for health insurance under another plan. The City (through the Mayor and Council) currently administers the program and maintains the authority for establishing benefits and funding policy. The program does not issue separate stand-alone financial statements and is not included in the financial statements of another entity.

Funding Policy

The City's contributions are financed on a pay-as-you-go basis and therefore, no trust fund has been established which would maintain plan assets. At June 30, 2017, the City had 8 retired employees with an average age of 57.25 years covered by the program with monthly premium costs averaging \$745.88 per participant. Total expenses funded by the City for the year ended June 30, 2017 were \$59,370 (or 21.9%) of the annual required contribution; all which have been funded by the General Fund and none have been funded by the Proprietary Fund. For prior fiscal years 2016 and 2015, total funding expenses were \$43,573 and \$36,153 respectively.

Annual Other Post-Employment Benefit (OPEB) Cost

The annual required contribution ("ARC") represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The City's annual other post-employment benefit (OPEB) cost for the current year and the related information for the program is as follows:

| Employer normal costs | \$ 106,014 |
|---|-----------------|
| Amortization of UAL | 164,843 |
| Annual required contribution (ARC) | 270,857 |
| Interest on net other post-employment benefit (OPEB) obligation | 106,403 |
| Adjustment to required annual contribution | (26,156) |
| Annual other post-employment benefit (OPEB) cost | 351,104 |
| Contributions made | (59,370) |
| Increase in net other post-employment benefit (OPEB) obligation | 291,734 |
| Net other post-employment benefit (OPEB) obligation – beginning of year | 2,364,497 |
| Net other post-employment benefit (OPEB) obligation - end of year | \$ 2,656,231 |

— CONTINUED —

9. Post-Employment Benefits Other Than Pension (continued)

Annual Other Post-Employment Benefit (OPEB) Cost (continued)

The City's annual other post-employment benefit cost was \$351,104, \$337,861, and \$218,751, or the fiscal years 2017, 2016 and 2015, respectively. The City's net other post-employment benefit (OPEB) obligation was \$2,656,231, \$2,364,497, and \$2,070,208, for the fiscal years 2017, 2016 and 2015, respectively. The City contributed 16.9%, 12.9%, and 16.5%, of the annual other post-employment benefit cost for the years ended June 30, 2017, 2016, and 2015, respectively.

Funded Status and Funding Progress

The actuarial accrued liability for benefits was \$2,259,061 as of the last actuarial valuation as of July 1, 2015, all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan at February 2015) was \$3,249,099, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 70%. The covered payroll in the plan as of June 30, 2016 was \$8,565,569 and \$9,116,783 at June 30, 2017.

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events in the future. Amounts determined regarding the funded status of the other post-employment benefit (OPEB) and the annual required contributions of the employer are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The required schedule of funding progress presented as required supplementary information provides multiyear trend information that shows whether the actuarial value of other post-employment benefit (OPEB) assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions

Projections of benefits are based on the substantive program (the program as understood by the City and participants) and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the City and the participants to that point. Actuarial calculations reflect a long-term perspective and employ methods and assumptions that are designed to reduce short-term volatility in actuarial accrued other post-employment benefit (OPEB) liabilities and the actuarial value of other post-employment benefit (OPEB) assets.

In the actuarial valuation dated July 1, 2015, the Entry Age Normal cost method and the Level Dollar Amount Open amortization method were used. The unfunded actuarial accrued liability ("UAAL") amortization payment is the level percentage of payroll required to fully amortize the UAAL over a 30 year period. The remaining amortization period is 28 years. The actuarial assumptions included an estimated investment rate of return of 4.50% (which is the annual return net of both administrative and investment related expenses) and a healthcare inflation rate of 9.5% to 5% at a constant rate over ten years for fiscal years 2015 and later. The health care trend rate used in the actuarial study was medical = 9.5%, dental = 2.00%, and life = 0.00%. The three year average medical trend was 9.0% as of June 30, 2015.

— CONTINUED —

10. Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City carries commercial property insurance coverage; general liability coverage; inland marine and automobile liability; professional and public official's liability; and various Fidelity bond coverages for its employees. There have been no significant reductions in insurance coverage in the current year, and settled claims have not exceeded coverage in any of the last three fiscal years.

During the fiscal year, the City's business risk insurance provides building and content coverage up to \$114,062 million general liability for property and casualty and up to \$1 million general liability for persons or property per occurrence.

11. Capacity Charges and Other Capital Contributions

Capacity charges and capital contributions in the Water and Sewer Utility Fund for the year ended June 30, 2017, has been recognized as non-operating revenue. A summary of cash receipts, receivables, and system contributions received from developers during the year ended June 30, 2017, were as follows:

| Contributed property by developers | \$ 1,507,648 |
|---|-----------------|
| Grant | 1,000 |
| Capacity charges | 1,622,762 |
| Total capacity charges to customers under agreement and other | |
| capital contributions recognized | \$ 3,131,410 |

12. Commitments and Contingencies

Litigation

The City is party to legal proceedings that normally occur in governmental operations. City officials believe the legal proceedings are not likely to have a material adverse impact on the affected funds of the City.

Federal and State Assisted Programs

In the normal course of operations, the City receives grant funds from various federal and state agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to insure compliance with conditions precedent to the granting of funds.

Such audits could result in the refund of grant monies to the grantor agencies. However, management believes that any required refunds would be immaterial and no provision has been made in the accompanying financial statements for the refund of grant monies.

13. Reconciliation of Government-Wide and Fund Financial Statements

A. Explanations of Differences Between the Governmental Fund Balance Sheet and the Government-Wide Statement of Net Position

The Governmental Fund Balance Sheet includes a reconciliation between fund balance amounts and Net Position – Governmental Activities. The details of the reconciled amounts are as follows:

| Capital assets in governmental activities are not financial resources and, therefore, are not reported in the fund financial statements: | | |
|---|-----------|--------------|
| Capital assets | \$ | 27,071,843 |
| Less, accumulated depreciation | | (11,211,911) |
| Net amount reported | \$ | 15,859,932 |
| Other assets not available to pay for current period expenditures and, therefore, are not reported in the funds: | | |
| State shared (local government fund) and accommodation tax revenue | \$ | 101,747 |
| Contractual rights for animal services, net of amortization | | 95,000 |
| Franchise fees | | 29,110 |
| Property taxes revenue | | 189,344 |
| Net amount reported | \$ | 415,201 |
| Deferred outflows related to pensions are not included in the pension liability as of the measurement date, and, therefore are reported in the fund financial statements but deferred at the government-wide level. | <u>\$</u> | 2,724,706 |
| Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the fund financial statements: | | |
| Installment purchase contracts | \$ | (423,778) |
| Accrued compensated absences | | (336,081) |
| Net pension liabilities | | (11,683,929) |
| Other post-employment benefits (OPEB) | | (1,786,206) |
| Net amount reported | \$ | (14,229,994) |
| Deferred inflows related to pensions are not due and payable in the current period and, therefore, are not reported in the fund financial statements. | <u>\$</u> | (535,694) |

NOTES TO FINANCIAL STATEMENTS

13. Reconciliation of Government-Wide and Fund Financial Statements (Continued)

B. Explanations of Differences Between the Governmental Fund Statement of Revenue, Expenditures and Changes in Fund Balances and the Government-Wide Statement of Activities

The Governmental Fund Statement of Revenue, Expenditures and Changes in Fund Balances includes a reconciliation between net changes in fund balance and Changes in Net Position — Governmental Activities. The details of the reconciled amounts are as follows:

| Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation in the current period: Capital outlay expenditures Depreciation expense | \$ | 3,104,326 (886,646) |
|---|----------|--|
| Net amount reported | \$ | 2,217,680 |
| Revenues in the Statement of Activities that do not provide current financial resources are reported as revenues in these funds: Property taxes and state shared revenue | \$ | 143,954 |
| | \$ | 143,954 |
| | <u> </u> | 10,77 |
| Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds: Change in accrued compensated absence Animal control service agreement expense Pension expenses Other post-employment benefits (OPEB) | \$ | 58,490 (10,000) (444,951) (216,432) |
| Net amount reported | \$ | (612,893) |
| The issuance of long-term debt provides current financial resources to governmental funds, while repayment of principal and interest consumes current financial resources of governmental funds. This amount is the net effect of these differences in the treatment of long-term debt and related items: | | - Andrews Land |
| Principal repayments – Installment purchase contracts Proceeds of Installment purchase contract Principal repayments – TIF Bonds | \$ | 95,222 (519,000) 491,714 |
| Net amount reported | \$ | 67,936 |

— CONTINUED —

14. Subsequent Events

The City issued \$8.0 million Tax Increment Revenue Bonds, Series 2017, dated August 1, 2017, to provide for funding of certain projects in the Redevelopment Plan district including certain water and sewer infrastructure improvements. The bonds are secured by a pledge of tax increment revenues within the tax district plus a junior lien on the City's Water and Sewer Utility Fund system gross revenues.

Management has evaluated subsequent events which may require disclosure through the date of the auditor's report.

15. Restatement of Prior Year Balances

The City determined that certain Water and Sewer Utility Fund past-due accounts receivable are maintained for customers who, for the most part, are no longer residing in the City's service area. While these accounts have been, or are being submitted to the State debt set-off program, the City decided to restate its beginning balances to reflect a more net realizable value as follows:

| | Business-type Activities | |
|--|-----------------------------|-----------------------------|
| | W | ater and Sewer Utility Fund |
| Net position, beginning of year Adjust gross accounts receivable for reasonably possible uncollectibles Add, amounts billed for governmental activities of sanitation, | \$ | 85,947,415 (549,428) |
| fire charges, etc. | | 71,826 |
| Net position, as restated | \$ | 85,469,813 |

City of Cayce, South Carolina

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

JUNE 30, 2017

A. Budgets and Budgetary Accounting

A legal operating budget is prepared annually for the General Fund and Water and Sewer Utility Fund. Informal budgetary controls are maintained for other funds, and accordingly budgetary comparisons to actual are not presented. Generally, budgets are adopted on a basis consistent with generally accepted accounting principles. If applicable, project length financial plans are adopted for all capital project funds.

The City follows the procedures described below in establishing its annual budget.

- By April 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures (expenses) and the means of financing them.
- Public hearings are conducted to obtain taxpayer comments.
- By June 30, the budget is legally enacted through passage of an ordinance to set the tax levy (millage) for the fiscal year.
- Appropriations lapse, except for encumbered amounts, at the end of each fiscal year.

The City Manager is authorized to administer the budget and transfer amounts within and between departments and funds as necessary and designate continuing projects from fund balances or additional unbudgeted revenue and transfers. Subsequent expenditures approved by Council shall automatically carry amendments to fund appropriation where applicable. Accordingly, the legal level of budgeting control is made by fund appropriation.

Budgeted amounts presented in the schedule are as originally adopted, or as amended. If budgeted expenditures exceeded estimated revenues, these deficits were funded (if necessary) by unreserved and applicable reserved fund balances, additional unbudgeted revenue and transfers.

The General Fund operated under a final expenditure budget totaling \$910,950,776, plus \$1,600,000 Utility Fund overhead allocations, which have been netted against departmental expenditures in the comparison schedule, and other financing sources (uses) of \$1,295,995.

Budget to Actual Deficits

Should actual General Fund expenditures exceed final budget, such differences would be funded by unreserved and reserved fund balances, additional unbudgeted revenue, and transfers as applicable.

B. Pensions

Changes of benefit terms: None Changes to assumptions: None

- (1) Beginning in 2007, the City allocated non-departmental and support services to functional activities for its Governmental Activities.
- (2) Beginning in 2007, the City reported expenses reimbursed by the Water & Sewer Utility Fund net of reimbursement.
- (3) Beginning in 2007, the City allocated overhead costs associated with its Utility Fund to the functional areas of Governmental Activities.
- (4) Fees for services for the governmental activities primarily consist of police fines, fire hydrant service fees, sanitation and tapping fees and other special service fees.
- (5) Fees for services for the business-type activity consist primarily of sales for water and sewer services.
- (6) Beginning in 2013, the City implemented GASB Statement #63 and reclassified "net assets" to "net position."
- (7) Beginning in 2014, the City implemented GASB Statement #65 and GASB #68 which restated bond issue costs as expenses and restated pension liabilities and related deferrals.

Source: Lexington County Auditor, Final Millage Reports.

^{*} Reassessment year effect on City Millage.

^{**}For 2012 City Millage increase was due mainly to a one year only increase of 5 mills to help with the prior year budget deficiency as allowed by State law.

⁽¹⁾ Section 6-1-320 of Act 388 of the South Carolina Code of Laws establishes millage caps for local governing bodies equal to the increase in the average of the twelve monthly consumer price indexes for the most recent twelve-month period (January – December of the preceding calendar year), plus beginning in 2008, the percentage increase in the previous year in population growth as determined by the Office of Research and Statistics of the State Budget and Control Board.

- 1) Collections do not include applicable penalties, interest, motor carriers, and fees-in-lieu-of-taxes (FILOT), payments from Richland County, or property taxes received from redevelopment areas for Tax Increment Financing bonds.
- 2) Information from the Lexington County Treasurer's Office, inclusive of abatements and supplements.
- 3) Property taxes are billed and collected by county governments. Real property taxes are reported by the county on a calendar-year and levy-year basis, while personal property taxes are levied on a monthly basis. Total collected amounts reported by the county differ slightly to amounts reported by the City.

¹Per Lexington County, the City does not tax or share in the outstanding debt of others, and is not responsible for any of the 'overlapping' debt outstanding by other political subdivisions.

²The percentage applicable to Cayce Taxpayer's is based on the percentage of assessed valuation of property located within the City as compared with the County.

- 1) Effective 2016, the City's 2016 Master Bond Ordinance replaced the prior bond indentures of trust and requires Net Earnings (as defined in the ordinance and inclusive of Capital Facility Charges) to be at least 115% of the Annual Principal and Interest Requirements for all bonds. Previously, debt service coverages under the then effective indentures were based on Net Revenues computed both with and without Capital Facility Charges.
- 2) For 2014, gross revenues include debt service reserve account savings as allowed under the prior indenture of trust.
- 3) Expenses of operating and maintenance of the system are exclusive of depreciation, amortization and other non-cash items.
- 4) Includes annual principal and interest payments on revenue bonds and state revolving funds loans.
- 5) Under the 2016 Bond Ordinance, debt service coverage to be at least 115%. Previous year's coverage tests required Net Revenues without Capital Facility Charges to be at least 115%, or Net Revenues (without Capital Facility Charges) to be at least 110%, plus Net Revenues with Capital Facility Charges to be at least 120%.

APPROVED MINUTES
SPECIAL CALLED MEETING
BOARD OF ZONING APPEALS
CAYCE CITY HALL
1800 12TH STREET, CAYCE SC
Wednesday, July 12, 2017
6:00 PM

I. CALL TO ORDER

The meeting was called to order at 6:00 pm by Chair Robert McLeod. Members present were Bob McArver, Russ Vickery, and Jason Simpson. Robin DiPietro was absent excused. Staff Present were Carroll Williamson and Monique Ocean.

II. APPROVAL OF MINUTES

A motion was made by Mr. Simpson to approve the minutes of the June 19, 2017, meeting. Mr. Vickery seconded the motion. All were in favor.

III. STATEMENT OF NOTIFICATION

Mr. McLeod asked if the public and media had been duly notified of the public hearing. Ms. Ocean confirmed that everyone had been notified.

IV. PUBLIC HEARINGS

Variance Request No. 003-17

The property owner is requesting a variance of 4 feet to reduce the required 5 feet setback for accessory buildings and uses in a residential zoned district (**Zoning Ordinance Section 5.6-1 Accessory Uses to Observe Required Setbacks**). The property is located at 1410 Axtell Drive (TMS#004653-02-007).

a) Opening Statement

Mr. Lewis Love came before the Board, as the applicant, to discuss why he requested the variance. Mr. Love explained that he needed a carport because he is getting older and would be using the back door more. Mr. Love stated he would also like to protect his car from damage from the trees. Mr. Love indicated the proposed carport would be in the left corner of his backyard and located one foot from the property line. Mr. McLeod stated he noticed the carport would be 12 feet x 18 feet and asked if a smaller carport could be used to fit the regulations. Mr. Williamson stated Staff would need to look into that. Mr. Love indicated he is not tied to a specific size. After discovering that Mr. Lewis currently has 2 storage buildings in his yard, Mr. Williamson explained that one building will need to be removed in order to add the carport. Mr. Williamson stated the current variance request is to reduce the rear yard setback and anything more would need a separate variance request.

b) Public Testimony

BOARD OF ZONING APPEALS RAFT MINUTES July 12, 2017 PAGE 2 OF 2

There was no one present to speak for or against the variance request.

c) Adjourn Hearing

The Board asked if Mr. Love could find any other solutions to the requested variance, such as attaching it to the house. Mr. Williamson stated an attached carport will still need to meet the side yard setback of 5 feet.

d) Motion

Mr. McArver made a motion to deny the variance request. The motion was seconded by Mr. Simpson. The Board concluded that the request does not meet the criteria to be granted and exceptional conditions do not exist. The motion to deny Variance Request Number 003-17 was unanimous.

V. OTHER BUSINESS

Mr. Williamson stated that he would be presenting information to City Council about updating the regulations on accessory structures. He stated most of the criticism about the regulations are with the limit on the number of accessory structures permitted and the maximum height restriction. He stated this has caused many variance requests to be heard by the Board of Zoning Appeals. Mr. Williamson also stated that Council has decided to place a moratorium on special exception requests to park or store boats and recreational vehicles in the front or side yard. Mr. Williamson stated that anyone who has not been granted a special exception and has these vehicles in the front or side yard is in violation. He stated they were given a deadline to come into compliance and the moratorium would last until further notice by City Council.

VI. ADJOURNMENT

Mr. Simpson made a motion to adjourn. Mr. Vickery seconded the motion. All were in favor.

A quorum of Council may be present.

No discussion or action on the part of Council will be taken.

The Housing Authority of the City of Cayce, SC August 15, 2017

The Chairman called the meeting to order and upon roll call, those present and absent were as follows:

PRESENT: Jack L. Sightler, Jr., Chairman

Bruce Smith, Chair-Elect Gilbert Walker, Secretary

ABSENT: Silvia Sullivan, Commissioner

STAFF: Howard Thomas, Brooke Miller, Latoya Nix, Yolanda Gownes,

Chief Cruz, Lee McRoberts

Mr. Smith opened with a prayer.

With lack of a quorum, approval of the minutes was held.

Mr. Walker introduced Brooke Miller as the new Communications Coordinator.

Ms. Latoya Nix, CHA Property Manager, provided the Operations Report for June, July, and August. There were no accounts sent to the Magistrate during the reporting period, 1 account in August was more than 30 days outstanding. There were 23 work orders received in June, 17 in July and 12 to date in August. All work orders were completed in June and July and 9 have been completed in August with 3 still outstanding; no emergency work orders have been received.

Chief Cruz gave an update on security. There were 2 reports since the last meeting; a runaway on Byron St. and a domestic dispute between a man and woman on Lee St.

Mr. Walker gave an update on the application to Lexington County for CDBG funds that could be used at Spencer Place to construct additional units. Staff received notification that the application was not successful; the County received too many requests to fund them all but encouraged the Agency to apply again with funds become available. There was a general discussion regarding alternative funding mechanisms for the project; Mr. Thomas said that project based vouchers (PBV) could be utilized for the new units if they were built specifically for the Veteran's Assisted Supportive Housing (VASH) program. Project based vouchers would guarantee rent on the units and service the debt for construction; staff is also working on a proposal in Columbia to construct additional PBV units and could include Cayce units in the plan as well, a decision on that proposal is expected by the end of the year. There was also a discussion of borrowing the funds to construct additional units from the private market; Mr. Thomas said that the Cayce Housing Authority does not have any credit history which might make that route more challenging; employing the PBV program guarantees rent and the units could be converted to public housing after their PBV contract ends. Mr. Walker said that staff will continue to explore all options and report back to the Board.

Mr. Walker said that staff is currently finishing year end close out work in anticipation of auditors coming to complete their annual review in October. Unaudited financial statements are due August 30, 2017.

Mr. Thomas said that staff is working to identify a Resident Commissioner for the Board. A replacement will also need to be located to fill Mrs. Mixon's seat.

Ms. Nix introduced Ms. Yolanda Gownes as the Case Manager for Cayce. Ms. Gownes stated that a Cayce Resident meeting was held on July 20 and that a Back to School event was held yesterday from 11:00 am until 1:30 pm. School supplies were distributed and the Mobile Rec truck came to provide entertainment; there are 44 school aged children in Cayce properties.

There being no further business, the meeting adjourned at 5:450 p.m.

Secretary

APPROVED:

APPROVED MINUTES PLANNING COMMISSION CAYCE CITY HALL 1800 12TH STREET, CAYCE SC Monday, October 16, 2017 6:00 PM

I. CALL TO ORDER

The meeting was called to order by Mr. Ed Fuson. Members present were Maudra Brown, Robert Power, John Raley, Chris Kueny, and Butch Broehm. Chris Jordan was absent excused. Staff present was Carroll Williamson and Monique Ocean.

II. APPROVAL OF MINUTES

Mr. Raley made a motion to approve the minutes of the September 18, 2017, meeting. Mr. Kueny seconded the motion. All were in favor.

III. NEW BUSINESS

A. Brickworks PDD Site Plan

Mr. Fuson opened the discussion on the review and approval of the site plan. Mr. Fuson stated the Planning Commission had been issued copies of the plan for review. Mr. Williamson came before the Planning Commission to discuss the site plan for the residential component of the Brickworks Planned Development District. Mr. Williamson stated the PDD had received approval in the first reading from City Council but a second reading is required before the approval is complete. Mr. Williamson explained that the developer submitted the site plan while waiting for Council's second reading. Mr. Williamson stated that the Planning Commission's approval of the site plan is required before the developers can move on with the next steps and the Planning Commission could issue a conditional approval based on second reading approval from City Council. Mr. Williamson stated that with some minor revisions that could be made later, Staff recommends that the Planning Commission approve the submitted site plan. Mr. Williamson stated that the minor revisions include indicating the sizes of parking spaces and adding notes on how the required parking will be dedicated to other areas around the development. Hunter Gibson came before the Planning Commission, as the developer of the project, to answer questions for the Planning Commission. After inquiry from the Planning Commission, Mr. Gibson explained that the proposed apartments will be similar to the Tremont Apartments and are not being built with intentions to attract college student tenants. Mr. Gibson stated he had not seen any plans for retail shops on the ground level of the apartments.

With no further discussion, Mr. Raley made a motion to approve the site plan conditional on second reading approval of the PDD from Council. Mr. Kueny seconded the motion. All were in favor.

IV. OTHER BUSINESS

There was no other business.

V. ADJOURNMENT

Mr. Kueny made a motion to adjourn. All were in favor.

The Housing Authority of the City of Cayce, SC October 17, 2017

The Chairman called the meeting to order and upon roll call, those present and absent were as follows:

PRESENT: Jack L. Sightler, Jr., Chairman

Bruce Smith, Chair-Elect Silvia Sullivan, Commissioner Gilbert Walker, Secretary

STAFF: Howard Thomas, Latoya Nix, Chief Cruz, Lee McRoberts

VISITORS: Ed Landry

Mr. Sightler called the meeting to order at 5:10 p.m. and Mr. Smith opened with a prayer. Mr. Thomas said that Mr. Walker had been delayed but would be joining the meeting shortly.

Upon motion of Mr. Smith, seconded by Ms. Sullivan, the minutes of the August 17, 2017 and June 17, 2017 meeting were unanimously approved.

Ms. Latoya Nix, CHA Property Manager, provided the Operations Report for August, September, and October. There were no accounts sent to the Magistrate during the reporting period, no accounts were more than 30 days outstanding in August and 2 in September. There were 12 work orders received in August, 17 in September and 2 to date in October. All work orders were completed in August and September and both submitted this month have been completed; no emergency work orders have been received.

Chief Cruz gave an update on security. There were no incidents during the previous reporting period.

Mr. Thomas said that staff is working to identify a Resident Commissioner for the Board; Mr. Sightler explained that a Resident Commissioner is needed per HUD requirements. Mr. Sightler thanked Mr. Ed Landry for attending and for his interest in potentially serving on the Board to fill the remainder of Mrs. Mixon's term.

Mr. Thomas stated the Cayce resident newsletter was included in the Board packet. This newsletter is sent to all resident, City Council and the Board. Communications Coordinator, Brooke Miller, was introduced at the last Board meeting and is responsible for the distribution of this publication.

Mr. Thomas gave a briefing on the proposed construction of additional units at Spencer Place for homeless veterans utilizing the Veterans Assisted Supportive Housing (VASH) program and project based vouchers. The application for Community Development Block Grant (CDBG) funds was not successful; staff is moving forward to develop alternative funding options using project based vouchers as leverage. Mr. Sightler explained that the program being

discussed supplied homeless veterans with Section 8 vouchers and case management; project basing the vouchers ties the rent subsidy to the unit itself guaranteeing income for the property which in turn could be used to secure financing for construction.

A Fall Festival is being held on Thursday, October 26 from 4pm until 7pm at Allen Benedict Court; games, entertainment and prizes will be a part of the event. Mr. Thomas invited everyone to the annual Thanksgiving luncheon being held at the Tillis Center on Friday, November 17 at noon. Approximately 200 Thanksgiving food baskets from CHA and Benedict College are being distributed on November 21 and 22 to residents.

Mr. Thomas gave a briefing on the demolition of Gonzales Gardens in Columbia. Buildings began coming down last week and 7 of the 32 have already been demolished; staff hopes to have the site cleared by December 30, 2017. Demolition is being funded by a grant from the State Housing and Finance Authority under the Neighborhood Improvement Program (NIP); redevelopment will be funded through a variety of sources and CHA staff is working to identify and finalize those plans now. An application for a grant through HUD's Choice Neighborhoods Initiative (CNI) is also being made. All residents of the community were relocated during the previous year and were given a choice of another public housing unit or housing choice voucher.

Mr. Walker joined the meeting at 5:30 p.m.

There was a general discussion regarding Gonzales Gardens and the CNI application process. Mr. Walker shared that CHA had received a planning grant from the same program several years ago for \$250,000 and took advantage of a recent notice of funding availability to apply for \$30 million to execute the proposed plan. Mr. Walker said that staff feels strongly about being successful in this round of funding as the proposal meets many of the stated requirements. Homeownership units will also be available on the site; 12 units have already been built in the surrounding Lyons St. Community; 4 of those homes have sold already with another 2 contracts pending.

Mr. Sightler asked if the former residents would move back into the redeveloped site. Mr. Thomas said that based on similar relocations in the past, most residents are settled in their new homes and not interested in coming back once a community has been completed. Mr. Walker said that some seniors who are interested in returning will be given that opportunity and staff is working with residents who may be ready, or would like to prepare for homeownership to purchase homes on the site.

There being no further business, the meeting adjourned at 5:45 p.m.

Secretary

APPROVED:

CITY OF CAYCE EVENTS COMMITTEE MEETING MINUTES Council Chambers November 9, 2017

Present: Dave Capps, Danny Creamer, Maxine Creamer, Brenda Cole, Cindy Pedersen, and

Rachel Scurry

Absent, Excused: Frankie Newman and Adaylia Stark

City Representatives Present: Mendy Corder and James Denny

Guest: Sarah Donnelley

Chairperson Danny Creamer called the meeting to order.

The minutes of the October 12, 2017 meeting were reviewed and approved as written.

Calvin Bowen resigned from the Committee. The Committee members expressed appreciation of Calvin's service to the Committee.

Ms. Corder introduced guest Sarah Donnelley who has submitted her application to serve on the Events Committee. The Committee welcomed Sarah and expressed appreciation for her interest in serving on our Committee.

Carols along the Riverwalk – December 1, 2017, 6:30 – 8 pm at N Avenue entrance to Riverwalk

Sid Jackson, The Gantt Street Baptist Church Pickers, Trinity Hand bell Choir, The Four Gospels, and The Beauty Hill Orchestra have confirmed that they will be participating this year.

Captain Telegram and the trolley have been confirmed for the event. Arrangements for parking at Brookland-Cayce High School have been made.

Drew Shealy of Shealy Automotive is sponsoring refreshments. Schlotzsky's will be serving samples of their signature soups.

The Subcommittee met at the Riverwalk in late October to review plans and sites for participating groups. Mrs. Scurry distributed a listing of comments and suggestions from that meeting. The Committee and City Representatives discussed those items.

Mrs. Scurry suggested that a photo backdrop be purchased and assembled so that families and friends may take a holiday snapshot while attending the event. Ms. Corder with the assistance of Ms. Donnelley projected possible backdrops on the screen for the Committee members review. The Committee selected a Santa and reindeer scene. Mr. Denny and crew will set-up the scene with a bench positioned in front of the scene.

Ms. Cole and Mrs. Creamer distributed a plan for the refreshments which include a coffee bar. The Committee and City Representatives discussed those items.

The final walk-through for Committee Members and City Representatives was scheduled for Wednesday, November 29 at 11:30 am.

Lights of Cayce at City Hall

Mr. Denny and city employees are working to set-up holiday displays on the City Complex. The new displays will be on display this year.

Spring Nature Walk with Dr. Mancke

Mr. Capps noted that we need to schedule the spring event soon. Ms. Corder will contact Dr. Mancke in hopes that an April Saturday is still available. The Committee Members will discuss the site and plans for the 2018 event at the January meeting.

There being no further business, the meeting was adjourned.

Respectfully submitted,

Rachel R. Scurry

Attachments:

- (1) Subcommittee Plan for Carols along the Riverwalk with notes:
- (2) Refreshment Plan for Coffee Bar with notes.

-100-cup coffee urn Coffee (good brand for strong flavor) Filters (as determined by type of coffee urn) (Liquid) coffee creamer Sugar Substitute Quesar Onhaker Cups w/lids (from Sam's) – not Styrofoam Napkins (same as for Hot Chocolate Bar) Cream Pitcher (Brenda can buy those) **Hot Chocolate Bar:** (if a 50-cup urn is available, recommend we use it – pouring from the gas heated pot. The smaller pots are time consuming and dangerous to fill. We can use a stove type pot and pour hot chocolate as needed into the 50-cup urn. (making w. there was with Store) Whipped Cream (cans – not expensive) Cups w/lids (from Sam's) – they need to be large enough to accommodate the Stirrers (as needed) Aprons Table Cloths

Coffee Bar:

Sugar (Packets?)

Coffee Stirrers

Plastic Spoons

whipped cream.

Napkins

Carols along the Riverwalk: December 1, 2017, 6:30 until 8 pm

parkers o Canvas for Anemals Meet at 4 pm Wrap-up by 8:30 pm 5 Participating Groups: Sid Jackson (near refreshments) The Gantt Street Baptist Church Pickers (at the T) Trinity Handbell Choir (light 224) - light is operating intermittently. Can ii be repaired or do we need to add battery operated spotlight? The 4 Gospels (light 222) - wooden fence needs vegetation cleared; also need battery operated lighting. They may be able to furnish as they did last year. Will check with Sam/Joann Roland. The Beauty Hill Orchestra Chorus (same location as last year) Santa a Mrs. Claur < Sponsor: Shealy Automotive Need thank you sign that is same size as group signs. Use logo from CBF Score card w/ xloups. Comments related to Trolley Lights and music (Christmas CD) at Trolley pickup site Lights along sidewalk at Trolley drop-off Comm member City rep at Trolley pickup with Dave Greeter at Trolley drop-off location Trash cans needed at pickup and drop-off locations Dave would like replacement person around for 7:45 pm Mine Toung for Joue Comments from Riverwalk Walk-Thru Lantems for tables Battery operated lights for shelter and gates Voinsetties 2 Purchase 100-cup coffeemaker Borrow other coffeemakers? See Brenda and Maxine's lay-out for additional refreshment info.
